**I Served** by Don C. Hall and Annette R. Hall,2001-01-31 I SERVED was written differently from most other Vietnam memoirs Instead of being a chronological recitation of my experiences growing up in the orphanage and then going to Vietnam and serving with Co F 51st Long Range Patrol Airborne Infantry I made its focus be the characters in the story That is its greatest strength and what makes it such a good read Because I focused so closely on character you really get to care about the

person Don Hall because you know what makes him tick what is important to him and what drives him You are also engaged by the other people you meet in the story because they are so clearly drawn You don't have to be a military buff to enjoy the book *I SERVED* is a factual story backed up by official U S Army records Col William C Maus the man who formed F 51st LRP told me where to find that documentation I also have copies of handouts we received when we went to Recondo School Before he died he told me how much he enjoyed reading the book He praised me for having written such a great story about a unit he was proud to have commanded He was a visionary who knew our unit was the vanguard for future U S Army military strategy and tactics I remember his telling me at the time that F 51st LRP was making history Being just a naive 19 year old staff sergeant I didn't understand the significance of that statement I do now The current print and ebook versions of *I SERVED* are a second edition to the original 1994 hardbound edition with a revised preface and afterword a new War Stories section with stories from other men with whom I served and new photographs

### **The Intimacies of Conflict**

Daniel Y. Kim, 2020-11-03 Winner 2020 Peter C Rollins Prize given by the Northeast Popular American Culture Association Enables a reckoning with the legacy of the Forgotten War through literary and cinematic works of cultural memory Though often considered the forgotten war lost between the end of World War II and the start of the Cold War the Korean War was as Daniel Y Kim argues a watershed event that fundamentally reshaped both domestic conceptions of race and the interracial dimensions of the global empire that the United States would go on to establish He uncovers a trail of cultural artefacts that speaks to the trauma experienced by civilians during the conflict but also evokes an expansive web of complicity in the suffering that they endured Taking up a range of American popular media from the 1950s Kim offers a portrait of the Korean War as it looked to Americans while they were experiencing it in real time Kim expands this archive to read a robust host of fiction from US writers like Susan Choi Rolando Hinojosa Toni Morrison and Chang rae Lee and the Korean author Hwang Sok yong The multiple and ongoing historical trajectories presented in these works testify to the resurgent afterlife of this event in US cultural memory and of its lasting impact on multiple racialized populations both within the US and in Korea The *Intimacies of Conflict* offers a robust multifaceted and multidisciplinary analysis of the pivotal but often unacknowledged consequences of the Korean War in both domestic and transnational histories of race

*Dreaming Identities* Elizabeth G. Traube, 2019-03-04 In this book Elizabeth Traube argues that over the course of the 1980s Hollywood participated in a wider move by mainstream political and social forces that attempted to absorb and contain critical cultural currents by rehabilitating images of masculine authority At the movies we saw parallel constructions of wild antibureaucratic warrior heroes and smooth seemingly rebellious tricksters adapted to the corporate order We saw the demonization of the independent woman and the complementary formation of the nurturing father as her adversary The author relates these representations to two cultural narratives of long duration the American frontier myth and the myth of success or the American dream both of which also figured prominently in the rhetorical themes of Reagan era politics Utilizing

structuralism Marxism feminist object relations psychoanalysis and neoformalist film criticism Traube emphasizes specific aspects of cinematic representations of gender and authority to explore the relationships between culture and politics Unlike other feminist critics of patriarchal Hollywood she stresses the multiple competing versions of masculinity and femininity constructed in Hollywood movies and the different class positions of their primary intended audiences Attention to particular forms that cultural narratives assume in changing circumstances gives Traube's film analyses a unique sociohistorical dimension while her focus on narratives used by political elites as well as by moviemakers reveals significant variations in ideology production in different sites

**Triumph over Containment** Robert P. Kolker, 2021-10-15 The long 1950s which extend back to the early postwar period and forward into the early 1960s were a period of containment culture in America as the media worked to reinforce traditional family values and suspected communist sympathizers were blacklisted from the entertainment industry Yet some brave filmmakers and actors still challenged the status quo to produce indelible and imaginative work that delivered uncomfortable truths to Cold War audiences *Triumph Over Containment* offers an uncompromising look at some of the era's greatest films and directors from household names like Alfred Hitchcock and Stanley Kubrick to lesser known iconoclasts like Samuel Fuller and Ida Lupino Taking in everything from *The Thing from Another World* 1951 to *Dr Strangelove or How I Learned to Stop Worrying and Love the Bomb* 1964 acclaimed film scholar Robert P Kolker scours a variety of different genres to find pockets of resistance to the repressive and oppressive norms of Cold War culture He devotes special attention to two quintessential 1950s genres the melodrama and the science fiction film that might seem like polar opposites but each offered pointed responses to containment culture This book takes a fresh look at such directors as Nicholas Ray John Ford and Orson Welles while giving readers a new appreciation for the depth and artistry of 1950s Hollywood films
