Shostakovich A Life Remembered:

Shostakovich Elizabeth Wilson, 2006 This edition draws on many new writings about Shostakovich providing both a more detailed and focused image of his life and a wider view of his cultural background A particular aspect of Shostakovich which is revealed is his sardonic and witty sense of humour displayed in many of his letters to close friends Shostakovich Elizabeth Wilson, 1994-01-01 This book is a unique study of the great composer drawn from the reminiscences and reflections of his contemporaries The author sheds light on the composer's creative process and his working life in music and his influence on soviet musical life **Shostakovich** Elizabeth Wilson, 2006-09-03 This new edition produced to coincide with the centenary of Shostakovich's birth draws on many new writings on the composer In doing so it provides both a more detailed and focused image of Shostakovich's life and a wider view of his cultural background P 4 of cover Dmitry Shostakovich Pauline Fairclough, 2019-09-15 Dmitry Shostakovich was one of the most successful composers of the twentieth century a musician who adapted as no other to the unique pressures of his age By turns vilified and feted by Stalin during the Great Purge Shostakovich twice came close to succumbing to the whirlwind of political repression of his times and remained under political surveillance all his life despite the many privileges and awards heaped upon him in old age Through it all Shostakovich showed a remarkable ability to work with rather than against prevailing ideological demands and it was this quality that ensured both his survival and his musical posterity Pauline Fairclough's absorbing new biography offers a vivid portrait of Shostakovich Featuring quotations from previously unpublished letters as well as rarely seen photographs Fairclough's book provides fresh insight into the music and life of a composer whose legacy above all was to have written some of the greatest and most cherished music of the last century **A Shostakovich Casebook** Malcolm Hamrick Brown, 2020-06-30 A collection of writings analyzing the controversial 1979 posthumous memoirs of the great Russian composer at their significance In 1979 the alleged memoirs of legendary composer Dmitry Shostakovich 1906-1975 were published as Testimony The Memoirs of Dmitry Shostakovich As Related to and Edited by Solomon Volkov Since its appearance however Testimony has been the focus of controversy in Shostakovich studies as doubts were raised concerning its authenticity and the role of its editor Volkov in creating the book A Shostakovich Casebook presents twenty five essays interviews newspaper articles and reviews many newly available since the collapse of the Soviet Union that review the case of Shostakovich In addition to authoritatively reassessing Testimony's genesis and reception the authors in this book address issues of political influence on musical creativity and the role of the artist within a totalitarian society Internationally known contributors include Richard Taruskin Laurel E Fay and Irina Antonovna Shostakovich the composer's widow This volume combines a balanced reconsideration of the Testimony controversy with an examination of what the controversy signifies for all music historians performers and thoughtful listeners Praise for A Shostakovich Casebook A major event This Casebook is not only about Volkov's Testimony it is about music old and new in the 20th century about the cultural legacy of one of that

century's most extravagant social experiments and what we have to learn from them not only what they ought to learn from us Caryl Emerson Princeton University **Win or Else** Larry E. Holmes, 2024-04-30 In *Win or Else* Larry E. Holmes shows us how Soviet football culture regularly disregarded official ideological and political imperatives and skirted the boundaries between socialism and capitalism In the early 1920s the Soviet press denounced football as a bourgeois sport that was injurious to both mind and body Within that same decade however it blew up becoming the most popular spectator sport in the USSR and growing into a fiercely competitive business with complex regional and national bureaucracies a strong international presence and a conviction that victory on the field was also a victory of Soviet supremacy Writing as both historian and fan Holmes focuses his study on the provincial Kirov team Dinamo from 1979 to 1985 when the club played at both its worst and its best Spurred by a dismal 1979 season the team's administrators and regional authorities had two options obey Moscow's edict to reduce expenditures on professional sports or seek out new and often illicit funding sources to fill out a team of champions Drawing on rich archival materials as well as newspapers and interviews with former players *Win or Else* reveals the foundations of Soviet sports culture and the hazards that teams faced both in victory and in loss

Biography: A Very Short Introduction Hermione Lee, 2009-07-09 Biographies are one of the most popular and best selling of the literary genres Why do people like them What does a biography do and how does it work This *Very Short Introduction* examines different types of biographies why certain people and historical events arouse so much interest and how they are compared with history and fiction *Notes for Cellists* Miranda Wilson, 2024-11 *Notes for Cellists* A Guide to the Repertoire is a collection of accessible essays about key compositions for the cello from the seventeenth century to the present Each essay provides historical context and a brief analysis of a composition This book will be of interest to enthusiasts of the cello and students of all levels seeking to enrich their understanding of cello music and a much needed reference guide for teachers and professional players *Voices* Juan Fernando Botero-Garcia, Kathryn Vincent, 2011-07-12 *Voices* Postgraduate Perspectives on Interdisciplinarity was created out of a compilation of papers presented at the University of Aberdeen's annual College of Arts and Social Sciences Postgraduate Conference more widely known as Moving Forward This conference reached its sixth year in 2009 Both the conference and proposed collection incorporate the colleges of Divinity History and Philosophy Education Language and Literature Law Social Sciences Music and Business Moving Forward is an annual event sponsored by the College of Arts and Social Sciences University of Aberdeen and the Roberts Fund Given the variety of papers received for and the number of disciplines involved in this project it was deemed that a theme of voice would be particularly appropriate This theme attempts to incorporate the interdisciplinary approach taken both within the selection of papers and within the papers themselves Voice is approached in a variety of manners not only referring to the sound produced from the human vocal cords or the literary tool of an author but also through the works of a musical artist or by using unique research methods to understand the perspectives of those lacking a public voice This work

seeks to demonstrate an entire range of what voices may do and how they are experienced

Musical Spaces James Williams, Samuel Horlor, 2021-11-29 There is growing recognition and understanding of music's fundamentally spatial natures with significances of space found both in the immediacy of musical practices and in connection to broader identities and ideas around music Whereas previous publications have looked at connections between music and space through singular lenses such as how they are linked to ethnic identities or how musical images of a city are constructed this book sets out to explore intersections between multiple scales and kinds of musical spaces It complements the investigation of broader power structures and place based identities by a detailed focus on the moments of music making and musical environments revealing the mutual shaping of these levels The book overcomes a Eurocentric focus on a typically narrow range of musics especially European and North American classical and popular forms with case studies on a diverse set of genres and global contexts inspiring a range of ethnographic text based historical and practice based approaches

A Soviet Credo: Shostakovich's Fourth Symphony Pauline Fairclough, 2017-07-05 Composed in 1935-36 and intended to be his artistic credo Shostakovich's Fourth Symphony was not performed publicly until 1961 Here Dr Pauline Fairclough tackles head on one of the most significant and least understood of Shostakovich's major works She argues that the Fourth Symphony was radically different from its Soviet contemporaries in terms of its structure dramaturgy tone and even language and therefore challenged the norms of Soviet symphonism at a crucial stage of its development With the backing of prominent musicologists such as Ivan Sollertinsky the composer could realistically have expected the premiere to have taken place and may even have intended the symphony to be a model for a new kind of democratic Soviet symphonism Fairclough

meticulously examines the score to inform a discussion of tonal and thematic processes allusion paraphrase and reference to musical types or intonations Such analysis is set deeply in the context of Soviet musical culture during the period 1932 36 involving Shostakovich s contemporaries Shebalin Myaskovsky Kabalevsky and Popov A new method of analysis is also advanced here where a range of Soviet and Western analytical methods are informed by the theoretical work of Shostakovich s contemporaries Viktor Shklovsky Boris Tomashevsky Mikhail Bakhtin and Ivan Sollertinsky together with Theodor Adorno s late study of Mahler In this way the book will significantly increase an understanding of the symphony and its context *The Concerto* Michael Steinberg,1998 The author of the widely acclaimed *The Symphony* offers a wonderfully informative look at the standard concerto repertory covering 122 works from Bach to John Adams 23 music examples Dictionary of World Biography Barry Jones,2025-01-06 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne High School and Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972 77 and the Australian House of Representatives 1977 98 He took a leading role in reviving the Australian film industry and abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983 90 Prices and Consumer Affairs 1987 Small Business 1987 90 and Customs 1988 90 He became a member of the Executive Board of UNESCO Paris 1991 95 and National President of the Australian Labor Party 1992 2000 2005 06 He was Deputy Chairman of the Constitutional Convention 1998 His books include *Decades of Decision* 1860 1965 *Joseph II* 1968 *Age of Apocalypse* 1975 and *Knowledge Courage Leadership Insights Reflections* 2016 and he edited *The Penalty Is Death* 1968 revised and expanded 2022 His bestseller *Sleepers Wake Technology and the Future of Work* 1982 Fourth edition published in 1995 has been translated into Chinese Japanese Korean Swedish and braille **Music behind the Iron Curtain** Daniel Elphick,2019-10-03 Complements the ongoing revival of Mieczyslaw Weinberg s music and explains its unique blend of Polish and Soviet Russian influences Neurological Disorders in Famous Artists Julien Bogousslavsky,M.
