Shot In The Heart Cassettes:

Shots to the Heart: For the Love of Film Performance Steven Rybin, 2022-09-06 *Shots to the Heart* explores how the work of the film actor inspires provokes and refigures our feelings and thoughts about the cinema. The book closely considers the art of film performance: the combined effect of actors' gestures, movements, and expressions in relation to the viewer's sensitive and creative eye. As discrete moments of performative incarnation onscreen slowly accumulate, actors also become figures of meaning. For many viewers, the screen figures which result from performance are simply called characters. But in thinking about cinema, the words character and characterization signal post-experiential abstractions when we quickly identify characters or summarize characterization after seeing a movie; we are leaping over the emotions felt through our loving attention to the bodies flitting through a film. Such concepts can never replace a careful regard for what actors onscreen are actually doing: moment by moment, gesture by gesture. *Shots to the Heart* is finally not too concerned with the narrative machinations within which these gestures are inscribed and even resists the attempt to assemble these descriptions of performance into a full account of the film as a whole. What *Shots to the Heart* does is let little moments of performance live on in writing as they are strung together alongside performative fragments from other films in a kind of alternative cinephilic account of what was felt as actors moved on the screen before us.

Murder Cases of the Twentieth Century

David K. Frasier, 2024-10-14 From Jack Henry Abbott who stabbed a waiter through the heart for not allowing him to use the toilet to the Zodiac, an unknown California serial killer who may have murdered as many as 37 people, this reference work details 280 of the most famous murder cases of the twentieth century. Each entry contains, when applicable, birth and death dates, aliases, occupation, location of the murders, weapons used, number of victims, and the time period when the killings occurred. Films, plays, television shows, videos, and audio programs based on or inspired by the case are then cited, followed by a brief overview of the murder case and a bibliography of English language works related to it.

Sound of the Crowd: a Discography of the '80s (Fourth Edition) Steve Binnie, 2018-11-05 *SOUND OF THE CROWD: A DISCOGRAPHY OF THE 80s* is the ultimate record collector's guide to the 1980s. In the era of multi-formatting, picture discs, coloured vinyl, multiple remixes, funny shaped records, and tiny CDs you could lose down the back of the sofa, this book lists every format of every single EP and album released in the UK in the 1980s by over 140 of the decade's biggest acts, from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before, with additional sections to cover Band Aid style charity congregations and compilation albums from the early 80s, K Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the 80s music website *Sound of the Crowd* and writer, producer, and co-host of the unconventional 80s chart show *Off The Chart*, broadcast weekly on Mad Wasp Radio.
