Constructive News Across Languages and Cultures Ashley Riggs,Lucile Davier,2025-09-30 Constructive news is an alternative to the negativity of if it bleeds it leads journalism but still unfamiliar to some audiences and still relatively under researched particularly by news translation scholars And yet it is done across cultures and therefore languages This innovative book contributes to filling that research gap and raising awareness of the phenomenon by showcasing cross cultural research on constructive news including in the Global South a region that has traditionally received less scholarly attention than the Global North Constructive news is resolutely multimodal and so a number of chapters analyse it from that perspective The chapters also tackle such topics as audience attitudes service to the local community pedagogy financial news and religious news This book will appeal to journalism studies and translation scholars applied linguists lecturers journalists editors and members of the public who consume study or teach news but are looking for alternatives

Media Capitalism Thomas Klikauer,2022-01-01 This book argues that media and capitalism no longer exist as separated entities and posits three reasons why one can no longer exist without the other Firstly mass media have become indispensable to capitalism due to the media's ability to sell the commodities of mass consumerism Media capitalism also creates pro capital attitudes among a target population and establishes an ideological hegemony Thirdly media capitalism provides mass

deception to hide the pathologies of capitalism which include mass poverty rising inequalities and the acceleration of global warming To illuminate this the book s historical chapter traces the emergence of media capitalism Its subsequent chapters show how media capitalism has infiltrated the public sphere society schools universities the world of work and finally democracy The book concludes by outlining how societies can transition from media capitalism to a post media capitalist society

Communication and Language Analysis in the Public Sphere Hart, Roderick P.,2014-01-31 Although language is certainly individualized most people conform to linguistic norms because of their surroundings Over time particular words and phrases are popularized by the media social trends or world events and with emergence of internet technologies the communication between all types of people is much easier *Communication and Language Analysis in the Public Sphere* explores the influence of the World Wide Web on the relationships between ordinary citizens and the ability to communicate with politicians celebrities and the media As some words may gain popularity worldwide and others may begin to define a specific discipline This book is essential for linguistics researchers scholars and professionals interested in determining these patterns and how they affect groups and individuals
