Showdown At Changsha

Xiaobing Li

Showdown At Changsha:

Showdown at Changsha John Alley, 2003 **Yangtze Showdown** Brian Izzard, 2015-02-18 Tells the epic tale of the entrapment of HMS Amethyst by the Chinese Communists a good sea story and a look inside the early days of the Cold War Strategy Page The attack on the British frigate Amethyst on the Yangtze River by Chinese Communists in 1949 made world headlines There was even more publicity when the ship made a dramatic escape after being trapped for 101 days Eulogized by the British as an example of outstanding courage and fortitude the Yangtze Incident was even made into a feature film which depicted the ship and her crew as innocent victims of Communist aggression The truth was more complex and so sensitive that the government intended that the files should be closed until 2030 However these have now been released and in making use of these documents this book is the first to tell the full story What emerges is an intriguing tale of intelligence failure military over confidence and a hero with feet of clay it is by no means as heroic as the well publicized official version but every bit as entertaining While the reputations of diplomatic and naval top brass take a knock the bravery and ingenuity of those actively involved shines even more brightly Written with verve and including much new and surprising information this book is both enjoyable and informative A masterly work gripped with tension and it is hard to put down the feat of legends which will forever be celebrated throughout the endless history of the Royal Navy Australian Naval Institute A classic piece of post war naval adventure in a highly readable and well researched manner Scuttlebutt *Cicada Summer* Frankie Tso, 2000-11-20 Somewhere in the willow tree a little creature called cicada sings its heart out by sending its love call to its female counterpart in a lingering low pitched song it is soothing and passionate it lulled me to sleep like a lullaby in my mother's arms when I was little [The Nationalist Revolution in China, 1923-1928](#) C. Martin Wilbur, 1984-11-29 This lively history of China's Nationalist revolution tells the story of a small group of Chinese patriots headed by Sun Yat sen until his death in 1925 They mobilised men money and propaganda to create a provincial base from which they launched a revolutionary military campaign to unify the country end imperialist privilege and bring the Kuomintang to power Soviet Russia induced the fledgling Chinese Communist Party to join the effort and sent money arms military and political experts to guide the revolution But there was a fatal flaw in this co operation and when the fighting was over the remnant Communist Party had been driven underground the Russian experts had been expelled and a faction riven Nationalist Party led by Chiang Kai shek could claim to be China's new government This study of a key period in China's history reprinted from Volume 12 of *The Cambridge History of China* is solidly based in Chinese Russian and Western languages sources

Forthcoming Books Rose Arny, 2003 **The Myth of Mao Zedong and Modern Insurgency** Francis Grice, 2018-05-22 Tackling one of the most prevalent myths about insurgencies this book examines and rebuts the popular belief that Mao Zedong created a fundamentally new form of warfare that transformed the nature of modern insurgency The labeling of an insurgent enemy as using Maoist Warfare has been a common phenomenon since Mao's victory over the Guomindang in 1949

from Malaya and Vietnam during the Cold War to Afghanistan and Syria today Yet this practice is heavily flawed This book argues that Mao did not invent a new breed of insurgency failed to produce a coherent vision of how insurgencies should be fought and was not influential in his impact upon subsequent insurgencies Consequently Mao's writings cannot be used to generate meaningful insights for understanding those insurgencies that came after him This means that scholars and policymakers should stop using Mao as a tool for understanding insurgencies and as a straw man against whom to target counterinsurgency strategies

The Sand Pebbles Richard McKenna, 2010-07-01 The critically acclaimed New York Times bestseller and the basis for the Academy Award and Golden Globe nominated film starring Steve McQueen As a spirit of nationalism inspired by Chiang Kai shek's leadership begins to sweep through China the river gunship San Pablo is ordered to patrol the region and to protect US citizens Jack Holman is a machinist aboard the San Pablo who has joined the navy in order to avoid jail time Because he is so fiercely independent Jake remains a relative loner and is uncomfortable with navy protocol and discipline Holman's independent mind chafes against military hierarchy and also ensures that he does not share his shipmates disdain for the Chinese Instead Holman is fascinated with the culture and the people that surround him and develops emotional bonds that prove quite thorny when the circumstances become more tumultuous and more dire The perspective of *The Sand Pebbles* is therefore both panoramic as well as personal Like *Lawrence of Arabia* the tension explored here is between the self as individual against the broader spectrum of social and historical forces against which we are all measured A bold well written book inclusive in its concepts memorable in character and incident fearlessly impartial in its delineation of the incompatible sets of values held by the men on all sides Kirkus Reviews

On the Trail of the Yellow Tiger Kenneth Swope, 2018-07-01 Examination of the social and demographic effects of the Ming Qing transition on southwest China and the devastation wrought by the warlord Zhang Xianzhong Provided by publisher

Mao Philip Short, 2016-12-18 One of the great figures of the twentieth century Chairman Mao looms irrepressibly over the economic rise of China Mao Zedong was the leader of a revolution a communist who lifted hundreds of millions out of poverty an aggressive and distrustful leader and a man responsible for more civilian deaths than perhaps any other historical figure Now four decades after Mao's death acclaimed biographer Philip Short presents a fully updated and revised edition of his ground breaking and masterly biography Vivid uncompromising and unflinching Short presents in one volume the man behind the propaganda his family his beliefs and his horrors In doing so he shows us both the human being Mao was and the monster he became

Problems of Communism, 1977 *The China Diaries*, *The New Makers of Modern Strategy* Hal Brands, 2023-05-02 First published by Princeton in 1943 the collection of essays that constituted *Makers of Modern Strategy* has largely held the field as the key book that studied the means and ends of military power and thought and the historical figures that shaped that history The books in two editions have long been a staple of Princeton's backlist in international politics and strategic studies The first edition edited by Edward Mead Earle and subtitled *Military Thought from Machiavelli*

to Hitler emerged out of a seminar of foreign policy and security experts organized between Princeton and the Institute of Advanced Study in reaction to World War II as a global conflict. The subsequent edition edited by Peter Paret then at Stanford University was prepared in the early 1980s and subtitled *From Machiavelli to the Nuclear Age*. In that edition three essays were reprinted from the earlier book, four others were revised, and the remainder twenty-two essays were wholly new to reflect the updates in the field and also how the global political context had changed. The two books together are regarded as the founding and leading text in military and strategic studies, containing influential essays by many of the best known scholars of the subject. The ambition of the new volume is to commission an entirely new edition of this classic reference work with 37 chapters organized into 5 sections covering key military leaders and the most important elements of strategic thinking since Thucydides and Sun Tzu. The field of strategic and military history has witnessed an intellectual renaissance in recent decades as the number of strategic challenges faced by the world has grown enormously. International politics has also changed. The Cold War ended and the Soviet Union disappeared. The United States entered a period of unipolarity only to see it challenged by the rise of new powers. China in particular. Terrorism, civil wars, so-called rogue states, insurgency, and counter-insurgency, and cybersecurity all joined a growing list of strategic concerns. New technologies promise to upend our understanding of conflict. Furthermore, scholars have learned more about earlier periods from the classic thinkers of strategy to the struggles of great power war to the dynamics of world politics during the Cold War. Finally, scholarship on international politics, war, and peace in the 20th century and after has become increasingly internationalized with the opening of new archives and the incorporation of new perspectives. The aim of this volume is to serve as an overview and stimulant to research in this field, one that encompasses the broader definitions of strategy in current research, reflects the current state of world politics, and also takes a more global and less Western perspective.

Publisher's description [A War To Be Won](#)

Williamson Murray, Allan Reed Millett, 2009-06-30. In the course of the twentieth century no war looms as profoundly transformative or as destructive as World War II. Its global scope and human toll reveal the true face of modern industrialized warfare. Now for the first time we have a comprehensive single volume account of how and why this global conflict evolved as it did. *A War To Be Won* is a unique and powerful operational history of the Second World War that tells the full story of battle on land, on sea, and in the air. Williamson Murray and Allan R. Millett analyze the operations and tactics that defined the conduct of the war in both the European and Pacific Theaters. Moving between the war room and the battlefield, we see how strategies were crafted and revised, and how the multitudes of combat troops struggled to discharge their orders. The authors present incisive portraits of the military leaders on both sides of the struggle, demonstrating the ambiguities they faced, the opportunities they took, and those they missed. Throughout, we see the relationship between the actual operations of the war and their political and moral implications. *A War To Be Won* is the culmination of decades of research by two of America's premier military historians. It avoids a celebratory view of the war but preserves a profound respect for the problems the

Allies faced and overcame as well as a realistic assessment of the Axis accomplishments and failures It is the essential military history of World War II from the Sino Japanese War in 1937 to the surrender of Japan in 1945 for students scholars and general readers alike

War and Ideology Eric Carlton,1990-01-01 Why do men resort to war to solve their socio economic problems That is the question that Eric Carlton asks and attempts to answer in this stimulating readable study Relating war to ideology this book is based on the proposition that men act as they think and think as they believe and that belief religious or otherwise conditions attitudes toward the nature and conduct of war Carlton argues that various constellations of values often intellectualized as ideologies not only constitute the rationalizations and justifications for war but may also provide the actual imperatives for warfare itself Carlton conducts his lively discussion in a historical and comparative setting with case studies of war in eleven societies ancient Egypt Sparta Athens Carthage Rome early Israel Crusader Knights Mongols Aztecs Zulus Maoists in each of which the enemy is differently perceived A final section War and the Problem of Values draws together the threads of the arguments and reaffirms the relationship between war and ideological belief and commitment

The Origins of the First United Front in China Tony Saich,2024-08-19 The print edition is available as a set of two volumes 9789004091733

Attack at Chosin Xiaobing Li,2020-05-07 For members of the U S Army s Task Force Faith and the First Marine Division the Battle of Chosin Reservoir is an epic story of survival courage and ingenuity Their exploits are well known woven into the storied histories of the U S Army and Marine Corps Now for the first time Attack at Chosin recounts this battle from the Chinese perspective describing the advance that forced General MacArthur to reorient his strategy which not only marked a turning point in the Korean War but impacted events in Asia in ways that still resonate today The Battle of Chosin Reservoir as the Chinese commanders foretold determined the fate and length of the Korean War Author Xiaobing Li describes the fighting that began on November 27 1950 when 150 000 soldiers from the Chinese Ninth Army Group attacked the First Marines and elements of the 7th Infantry Division in the remote mountains of North Korea It was a calculated attempt to repel MacArthur s home by Christmas offensive and to deter UN forces from further advances toward the Chinese border The fierce fighting that followed combined with the bitter cold made Chosin one of the deadliest battles of the war By December 17 after suffering more than 40 000 casualties and failing to achieve their campaign objectives to destroy the American divisions the Ninth Army Group was forced to withdraw One day later on December 18 1950 the remaining survivors were recalled to China As the first book to explore the role of command and control technology and combat effectiveness from the point of view of the Chinese and to examine cooperation and friction between Beijing and Pyongyang Attack at Chosin sheds new light on the ultimate military success of the UN forces during the Korean conflict Li also provides invaluable insights into Chinese military doctrine strategy and tactics that continue to influence foreign policy and American military institutions today

Everybody's Talkin' Barry Monush,2009 The movies of the 1960s ran the gamut from glossy studio product to a less linear and less inhibited style of filmmaking It

was the decade during which censorship codes were demolished and the studio contract system fell apart Every genre was strongly represented from domestic dramas to spectacles musicals soap operas and westerns Some of the most diverse daring colourful outrageous and enduring of all motion pictures were released from 1965 to 1969 Screen World editor Barry Monush tells the reader why his top selections stood out among the other releases of those five years The text is accompanied by illustrations of movie ads tie in book covers soundtrack albums sheet music and other oddities In addition each film s entry includes a plot synopsis the opening date the studio and a creative staff and cast listing From The Sound of Music to Alfie In the Heat of the Night to The Lion in Winter Bob Carol Ted Alice to Planet of the Apes Easy Rider and Midnight Cowboy here is a pop culture feast for film buffs and all fans of that interesting point in time that was the late 1960s

The Saturday Evening Post ,1962-11 Revolution in the Highlands Stephen C. Averill,2006-11-06 This extensively researched and elegantly written study offers a fine grained analysis of the origins of the Chinese Communist Revolution in the countryside Building on decades of research in newly available sources and multiple trips to Jiangxi Stephen Averill provides a definitive local perspective on the rise of a revolution that reshaped China and the world A rich work of social history it goes beyond recently popular organizational approaches to explore the ways in which the party and social networks interpenetrated and interacted in the early stages of revolutionary base building The Jinggangshan highlands provided the base for Mao Zedong s first efforts at rural revolution Chinese histories and most Western accounts have focused on the heroic exploits of Mao and his Communist Party comrades battling the natural elements hostile military forces and skeptical authorities in the urban based Communist Central Committee This long awaited work penetrates the hagiographic haze of Mao centered analysis to provide a close narrative and rich social history of the Jinggangshan base The author explores the historical patterns of local strongman rule clientelist politics lineage conflict and ethnic struggle within which the party competed for power Through this multifaceted lens the revolutionary experience in Jinggangshan is equally dramatic but considerably more sobering than the conventional story Among Western studies of the Chinese revolution this work stands out as the definitive account of the critical moment in the 1920s when the physical and ideological center of the Communist movement shifted from the cities to the countryside This was a process of elite mediated political osmosis and adaptive compromises with local traditions The party was not simply an outside force manipulating social tensions for its own political ends There was instead an intricate interweaving of local networks and social cleavages in the highlands with the political structures and policy divisions of t

China's Foreign Policy and Practice Wenguang Shao,2022-12-21 This book is one of the first wide ranging surveys of China s foreign policy and practice from the 16th century to the present day from a Chinese perspective A modern history of China s interaction with major powers it throws new light on the events and issues of major interest clarifies possible points of ambiguity and misunderstanding and brings the reader up to date about some of the current issues of contention in China s international relations China Foreign Policy and Practice Presents a unique
