The Rules of Play David Leheny, 2018-07-05 The Japanese government seeks to influence the use of leisure time to a degree that Americans or Europeans would likely find puzzling Through tourism promotion initiatives financing for resort development and systematic research on recreational practices the government takes a relentless interest in its citizens free time David Leheny argues that material interests are not a sufficient explanation for such a large and consistent commitment of resources In *The Rules of Play* he reveals the link between Japan s leisure politics and its long term struggle over national identity Since the Meiji Restoration successive Japanese governments have stressed the nation s need to act like a real that is a Western advanced industrial power As part of their express desire to catch up generations of policymakers have examined the ways Americans and Europeans relax or have fun then tried to persuade Japanese citizens to behave in similar fashion while subtly redefining these recreational choices as distinctively Japanese In tracing the development of leisure politics and the role of the state in cultural change the author focuses on the importance of international norms and perceptions of Japanese national identity Leheny regards globalization as a failure of imagination on the part of policymakers When they absorb lessons from Western nations they aim for a future that has already been revealed elsewhere rather than envision a locally distinctive lifestyle for citizens

Wisdom's House, Heaven's Gate Teresa Shawcross, 2024-09-14 Taking as its starting point an investigation into the physical topography and symbolism of the two cities of Athens and Jerusalem this book offers a cultural history of the rival superpowers the Byzantine Empire and Fatimid Caliphate that between them dominated the Mediterranean world during the Central Middle Ages It shows that the destruction of the Church of the Holy Sepulchre in Jerusalem on the orders of al Hakim punctuated a century of heightened interaction resulting from changing patterns of warfare trade and pilgrimage Resettlement of both Christians and Muslims from Syria Palestine in Asia Minor and the Balkans introduced these migrants host culture to new forms of religious and artistic expression In Hellas a flurry of building projects reinvented Athens as a New Jerusalem and the Parthenon as a New

Temple The Acropolis became famous for its miraculous lamp and elaborate liturgy The clergy who performed the sacred mysteries justified them with reference to concepts of hierarchy illumination and divinisation These concepts were derived from a philosophical tradition over whose ownership the two superpowers competed The resulting political theology was the creation of male intellectuals but female patrons and worshippers also had an impact
