The Return of the Chaos Monsters Gregory Mobley,2012-01-31 Mobley has written a thick narrative account of Israel s thick narrative He does so with freedom and imagination while remaining faithful to the plotline of the old narrative His book defies genre classification it is part introduction part theology but mostly a playful tease that invites the reader into the indeterminate wisdom of the biblical text Mobley s shrewd reflection on God s anger is itself well worth the price of the book But there is much more here that invites truth thinking about texts we thought we already knew This welcome and suggestive prose of biblical imagination ranges all the way from the stories of the ancient Near East to quite personal narrative memories

Mama's Voice Esther Bganya,2015-03-31 Mamas Voice is the product of a middle aged Christian psychiatrist and mother who journals her life observations and experiences hoping to pass on some life lessons to her children What started off as random journaling of thoughts ended up being a published book released as a birthday present for her children The book is written in a random manner with life lessons ranging from self esteem bad habits addictions snobbery conflict money selfishness greed and codependent relationships through to family dramas The author attempts to capture some important life lessons with a touch of humor and rawness that depicts the real life dramas Both pleasurable and painful life observations and experiences are unapologetically expressed with a rawness that does not coat it with sweet candy Its about real life seen through the eyes of a mother going through a midlife crisis and questioning most things she had taken for granted The messages are given as direct instructions to her children in second or third person voices and riddles The messages are just as random as they entered the authors thoughts This is a light read for both the middle aged and young who are questioning a few things in their worldview Like the philosopher in the book of Ecclesiastes the author grapples with certain life issues until she finally realizes that she cannot fix the world and she gives up control The forty five
