Operation Basalt Eric Lee, 2016-03-02 German soldiers assigned to guard the tiny Channel Island of Sark described it as a little Paradise and because it was never bombed by the RAF the best air raid shelter in all of Europe But paradise for them came to a bloody end in October 1942 when a small group of British Commandos raided the island capturing one German soldier and killing several others Operation Basalt would have been a footnote in history but for the reaction of Hitler who believed that British soldiers executed several Germans who had already surrendered and whose hands were bound Days after the raid he issued the infamous Commando Order a death sentence for those Allied commandos who fell into German hands Drawing on extensive archival research and interviews with survivors of the period Eric Lee has written the definitive account of the raid putting it into the context of the German occupation of British lands during the war **The New York Times Biographical Service**, 1974-07 A compilation of current biographical information of general interest **Most Secret Agent of Empire** Taline ter Minassian, 2014-03-15 Dubbed an agent of British imperialism by Joseph Stalin Reginald Teague Jones 1889 1988 was the quintessential English spy whose exceptional story is recounted in this new biography He studied in St Petersburg participated in the 1905 Revolution and spent the rest of his life working for various branches of

supplementary volumes containing entrants who had missed their alphabetical sequence were published almost immediately. The Twentieth Century Supplements are confined to those who have died within the decade or half decade represented. There have been many men and women however who acquired posthumous fame or whose achievements failed to come to the attention of the editors of the time or whose significance scholarship has only recently revealed. This volume includes 1 086 such people from all periods of British history and from all walks of life. Including much biographical information not readily available elsewhere, this volume includes such famous names as Wilfred Owen, Gerard Manley Hopkins, Sylvia Pankhurst, Guy Burgess, Thomas Traherne, J C Bach, Anna Pavlova, Sylvia Plath, Charles Laughton and Stan Laurel. In addition to drawing on the fruits of recent scholarship, the Supplement also reflects changes in social outlook, witness the inclusion of proportionately nearly four times as many women here as in the original DNB. **Outpost of Occupation** Barry

Turner, 2011-04-25. The Channel Islands were what could have happened to all of us: a test run of German occupation. That was certainly Hitler's plan. Once Britain had demilitarised the idyllic unspoilt holiday islands of Jersey, Guernsey, Alderney and Sark in 1940, their fate was sealed. In July the Germans invaded. The following five years in their history offer an intriguing and often uncomfortable virtual history of how Britain might have looked under Nazi rule and how British people more to the point might have responded to it, whether through submission, courageous resistance or even collaboration. Barry Turner's is the first history of the Occupation since Madeleine Bunting's acclaimed but controversial *A Model Occupation* in 1995. It is an extremely readable and above all fair-minded account, rich in personal testimonies showing the extreme privations suffered by the Channel Islanders, so utterly cut adrift by Britain even if for defensible reasons of wartime expediency, and above all the huge moral and civic task required of their pre-war governing class, several of whom could hardly have been expected to rise to the occasion. It also draws on newly released documents in the Public Record Office to reveal the messy confusion of Britain's postwar attitude to the Channel Islands, a source of enduring resentment there. *The Statesman's Year-Book*
