Side Lights on the Conflicts of Methodism Benjamin Gregory, 1899 **Side-lights on Maryland History** Hester Dorsey Richardson, 1913 Early Christ Groups and Greco-Roman Associations Richard S. Ascough, 2022-06-20 Over the past two and a half decades there has been an increasing interest in how the data from the associations known primarily from inscriptions and papyri can help scholars better understand the development of Christ groups in the first and second centuries Richard Ascough s work has been at the forefront of promoting the associations and applying insights from inscriptions and papyri to understanding early Christian texts This book collects together his most important contributions to the scholarly trajectory as it developed over a two decade period A fresh introduction orients the sixteen previously published articles and essays which are arranged into three sections the first dealing with associations as a model for Christ groups the second focused on how associations and Christ groups interacted over recruitment and the third on two key elements of group life meals and memorializing the dead **Side Lights on English History** Ernest Flagg Henderson, 1900 *The Chautauquan* , 1905 **The Greek State** Victor Ehrenberg, 2013-04-15 This book charts the development and character of the political forms that grew out of the age of Greek immigration into the Aegean and establishes the forms which in the course of history were decisive It also examines the impact which the various forms of state exerted on Greek civilization and in so doing strengthens the bridge between political history and the history of civilization This volume encompasses many disciplines political social history and religious history law administration and geography **Side Lights on American History** Henry William Elson, 1906 **Power Through Weakness** Timothy B. Savage, 2004-12-02 Dr Savage seeks to understand the apostle Paul s apparently contradictory description of his ministry in 2 Corinthians as one in which power is manifested through weakness When I am weak then I am strong This paradox becomes intelligible when it is understood that

Paul's critics were influenced by a perspective which was the exact opposite of his: they imbibed the self-exalting outlook of their contemporary world while he embraced the self-emptying gospel of Christ. Drawing from archaeological data on first-century Corinth, this study is unique in establishing both the secular underpinnings of Paul's paradoxical language and the devastating critique which that language offers on the general outlook of the first-century Paul. Demant emerges as a radical foil to the spirit of the age.

The Penumbra of Ethics V. A. Demant, 2018-04-18 Rev. V. A. Demant 1893-1983 was a significant theologian and social commentator of the first half of the twentieth century. This book contains his up until now unpublished Gifford Lectures in which Demant provides cultural analysis as he attempts to address why humanity struggles so much with modernity and living in the contemporary world. The lectures have additional notes and commentary to make them comprehensible since not all of them are complete. The first chapters set Demant in his context and the final section provides assessment of both his ideas and his impact. Although Demant died in 1983, his ideas continue to prove influential to thinkers and theologians today.

Paul's Macedonian Associations Richard S. Ascough, 2020-07-31 Richard Ascough uses Greco-Roman associations as a comparative model for understanding early Christian community organization with specific attention to Paul's Macedonian Christian communities.

A Companion to Food in the Ancient World John Wilkins, Robin Nadeau, 2015-06-29 *A Companion to Food in the Ancient World* presents a comprehensive overview of the cultural aspects relating to the production, preparation and consumption of food and drink in antiquity. Provides an up-to-date overview of the study of food in the ancient world. Addresses all aspects of food production, distribution, preparation and consumption during antiquity. Features original scholarship from some of the most influential North American and European specialists in Classical history, ancient history and archaeology. Covers a wide geographical range from Britain to ancient Asia, including Egypt and Mesopotamia, Asia Minor, regions surrounding the Black Sea and China. Considers the relationships of food in relation to ancient diet, nutrition, philosophy, gender, class, religion and more.

Dangerous Food Peter D. Gooch, 2006-01-01 Recognizing the social meaning of food and meals in Greco-Roman culture and in particular the social meaning of idol food is an integral part of understanding the impact of Paul's instructions to the Christian community at Corinth regarding the consumption of idol food. Shared meals were a central feature of social intercourse in Greco-Roman culture. Meals and food were markers of social status and participation at meals was the main means of establishing and maintaining social relations. Participation in public rites and sharing the meals which ensued was a requirement of holding public office. The social consequences of refusing to eat idol food would be extreme. Christians might not attend weddings, funerals, celebrations in honour of birthdays or even formal banquets without encountering idol food. In this extended reading of 1 Corinthians 8:1-11, Paul's response to the Corinthian Christians' query concerning food offered to idols. Gooch uses a social-historical approach combining historical methods of source literary and redaction criticism and newer applications of anthropological and sociological methods to determine what idol food was and what it meant in that place at that time to eat or avoid it. In

opposition to a well entrenched scholarly consensus Gooch claims that although Paul had abandoned purity rules concerning food he would not abandon Judaism's cultural and religious understanding concerning idol food On the basis of his reconstruction of Paul's letter in which he urged the Corinthian Christians to avoid any food infected by non Christian rites Gooch argues that the Corinthians rejected Paul's instructions to avoid facing significant social liabilities *The Early Church at Work and Worship, Vol I* Everett Ferguson, 2014-08-28 Many recognise Everett Ferguson as the definitive voice on early Christianity patristic writing and ecclesiology *The Early Church at Work and Worship* is a challenging collection broad in scope and formidable in depth This is the first volume of Ferguson's collected essays and includes some of his most memorable work especially on laying on of hands Practices of Ordination and attitudes to religious schism in antiquity are analysed by the scholar in this collection which not only includes articles and publications from various sources but also previously unpublished material **The Early Church at Work and Worship - Volume 1** Everett Ferguson, 2013-01-22 This is the first volume of Ferguson's collected essays and includes some of his most memorable work especially on laying on of hands **Our Politeuma Is in Heaven!** Gennadi A. Sergienko, 2013-10-14 For many of whom I often told you and even now am writing with tears walk as the enemies of the cross of Christ they walk to their final destruction their god is the belly and their glory is in shameful things their minds are earthly bound But ours is in heaven from where we expect the Lord Jesus Christ who is our Savior Philippians 3:18-20 Paul's letters to Philippians show us that this rather outspoken man had plenty of opportunity and cause to aggravate his Christian contemporaries However for Paul to use such hostility and to name people as enemies shows us that we should take note and try to understand the meaning behind his statement In this work the author asks who were these enemies What did they do wrong Why did they deserve destruction In search of these questions the investigation looks to the early Christian communities and their formation within the socio political realities of the urban centers of the Roman Empire Through this we learn a great deal about the uneven and complex dynamics of the early Christian community and a deep understanding of Paul's warning to them *International Arbitration and the Permanent Court of Arbitration* Manuel Indlekofer, 2013-08-01 The modern tendency to restrict international arbitration to matters of commerce and investment is succumbing to a renewed recognition of the original impetus for dispute resolution by arbitration i.e. matters of public international law most importantly the settlement of disputes that pose a threat of international conflict Recent developments suggest a renaissance of public international arbitration most clearly manifested in the present flourishing of the Permanent Court of Arbitration PCA the oldest existing dispute settlement institution in international law As the calls for the development of new and more appropriate methods for dispute settlement in international law increased during the 1990s the PCA undertook a structural reform and is today a vital forum for dispute settlement with scores of arbitrations currently pending under its auspices This book the most comprehensive study of the institution to date covering its history its present status and its future prospects proves the PCA's contemporary relevance

within the international dispute settlement framework Among aspects of the PCA's work covered are the following how public international arbitration functions in comparison to other means available for dispute settlement in international law the PCA's historical contributions to the current dispute settlement framework arbitrations between a state and a non state actor that are in whole or in part governed by public international law the fields in which public international arbitration plays a revived role the PCA's present day institutional framework and its current activities the prospects for public international arbitration and the PCA in the dispute settlement framework of the twenty first century and proposals to increase the PCA's activities in future and to sustain and enhance the institution's ongoing revitalization A very useful Practitioner's Guide provides an overview of the PCA's various services and the best means of accessing them along with a summary of the key provisions of the new PCA Arbitration Rules 2012 For lawyers who are involved in dispute resolution proceedings there can be little doubt about the PCA's relevance This book is at once an academic work indispensable for scholars of the institution and a practical guide that will be a required addition to the libraries of counsel arbitrators and others involved in dispute resolution proceedings conducted at the PCA
