Glenn Burgess

Sidney Hook The Contemporary World:

Sidney Hook and the Contemporary World Paul Kurtz, 1968 **Critical Crossings** Neil Jumonville, 2023-11-15 The period immediately following the Second World War was a time observed Randall Jarrell when many American writers looked to the art of criticism as the representative act of the intellectual Rethinking this interval in our culture Neil Jumonville focuses on the group of writers and thinkers who founded edited and wrote for some of the most influential magazines in the country including Partisan Review Politics Commentary and Dissent In their rejection of ideological visionary and romantic outlooks reviewers and essayists such as Sidney Hook Irving Howe Lionel Trilling Harold Rosenberg and Daniel Bell adopted a pragmatic criticism that had a profound influence on the American intellectual community By placing pragmatism at the center of intellectual activity the New York Critics crossed from large belief systems to more tentative answers in the hope of redefining the proper function of the intellectual in the new postwar world Because members of the New York group always valued being intellectuals more than being political leftists they adopted a cultural elitism that opposed mass culture Ready to combat any form of absolutist thought they found themselves pitted against a series of antagonists from the 1930s to the present whom they considered insufficiently rational and analytical to be good intellectuals the Communists and their sympathizers the Beat writers and the New Left Jumonville tells the story of some of the paradoxes and dilemmas that confront all intellectuals In this sense the book is as much about what it means to be an intellectual as it is about a specific group of thinkers This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991 **Sidney Hook and the contemporary world; essays on the pragmatic intelligence, edited by Paul Kurtz , The American Evasion of Philosophy** Cornel West, 1989-12-01 A study of American pragmatism this book looks at all the different stages from the Emersonian roots through the dilemma of the mid century pragmatic intellectual up to the decline and resurgence of American pragmatism It also discusses prophetic pragmatism Sidney Hook and the Contemporary World; Essays on the Pragmatic Intelligence, Edited by Paul Kurtz

Sidney Hood, Paul W. Kurtz, 1968 **Works about John Dewey, 1886-1995** Barbara Levine, 1996 Although she has devised a new format for this bibliography Barbara Levine has included most of the materials published in the two editions of the Checklist of Writings about John Dewey Material new to this volume includes recently discovered items published during the ninety years covered by the Checklist as well as items published since 1977 Because certain studies at best have only marginal value or because they can be obtained through ordinary library research tools Levine has deleted some classes of material that appeared in the 1974 and 1978 Checklist editions primary sources with only brief references to Dewey the entire section entitled Unpublished Works about Dewey which included theses dissertations and papers presented at

meetings and Educational Resources Information Center ERIC documents Levine has included all of the material published about Dewey during the 108 years between 1886 and 1994 and has included many 1995 items as well She has verified all items and whenever possible obtained copies She has discovered hundreds of items omitted from the second edition of the Checklist and has augmented the current bibliography by nearly two thousand items published since 1977 The bibliography is divided into four parts The first Books and Articles about Dewey lists works alphabetically by author Replies and responses to articles immediately follow the work cited The Reviews of Dewey s Works lists titles alphabetically Reviews are grouped alphabetically by journal under the Dewey work reviewed The Author Index includes multiple authors and editors authors of replies and responses and reviewers of works both by and about Dewey The Title Key Word Index lists key words from most titles and subtitles The CD ROM version of Works about John Dewey contains both Windows and Macintosh formats and provides increased search capabilities

The New Encyclopedia of Unbelief Tom Flynn, 2007-04-30 Successor to the highly acclaimed Encyclopedia of Unbelief 1985 edited by the late Gordon Stein the New Encyclopedia of Unbelief is a comprehensive reference work on the history beliefs and thinking of America s fastest growing minority those who live without religion All new articles by the field s foremost scholars describe and explain every aspect of atheism agnosticism secular humanism secularism and religious skepticism Topics include morality without religion unbelief in the historicity of Jesus critiques of intelligent design theory unbelief and sexual values and summaries of the state of unbelief around the world In addition to covering developments since the publication of the original edition the New Encyclopedia of Unbelief includes a larger number of biographical entries and much expanded coverage of the linkages between unbelief and social reform movements of the 19th and 20th centuries including the labor movement woman suffrage anarchism sex radicalism and second wave feminism More than 130 respected scholars and activists worldwide served on the editorial board and over 100 authoritative contributors have written in excess of 500 entries The distinguished advisors and contributors philosophers scientists scholars and Nobel Prize laureates include Joe Barnhart David Berman Sir Hermann Bondi Vern L Bullough Daniel Dennett Taner Edis the late Paul Edwards Antony Flew Annie Laurie Gaylor Peter Hare Van Harvey R Joseph Hoffmann Susan Jacoby Paul Kurtz Gerd L demann Michael Martin Kai Nielsen Robert M Price Peter Singer Victor Stenger Ibn Warraq George A Wells David Tribe Sherwin Wine and many others With a foreword by evolutionary biologist and best selling author Richard Dawkins this unparalleled reference work provides comprehensive knowledge about unbelief in its many varieties and manifestations

George Orwell's Perverse Humanity Glenn Burgess, 2023-04-06 This is the first book to focus primarily on George Orwell s ideas about free speech and related matters freedom of the press the writer s freedom of expression honesty and truthfulness and in particular the ways in which they are linked to his political vision of socialism Orwell is today claimed by the Left and Right by neo conservatives and neo socialists How is that possible Part of the answer as Glenn Burgess reveals is that Orwell was an odd sort of socialist The development of Orwell s socialism was from the start

conditioned by his individualist and liberal commitments The hopes he attached to socialism were for a fairer more equal world that would permit human freedom and individuality to flourish completing not destroying the work of liberalism Freedom of thought was a central part of this and its defence and use were essential parts of the struggle to ensure that socialism developed in a liberal humane form that did not follow the totalitarian path of Soviet communism Written in celebration of Orwell s dictum We hold that the most perverse human being is more interesting than the most orthodox gramophone record George Orwell s *Perverse Humanity* is a portrait of Orwell that captures these themes and provides a new understanding of him as a political thinker and activist Based on archival research and new materials that affirm his work as an activist for freedom it also uncovers a socialist ideology that has been obscured in just the way that the author feared it would be associated in many people s minds with totalitarian unfreedom *Portraits* Edward Shils,1997-06-09 In these vivid portraits of prominent twentieth century intellectuals Edward Shils couples the sensitivity of a biographer with the profound knowledge of a highly respected scholar Ranging as widely across various disciplines as Shils himself did the essays gathered here share a distaste for faddists who run with the intellectual mob and a deep respect for intellectuals who maintain their integrity under great pressure Highlights include an affectionate treatment of Leo Szilard the physicist whose involvement with the development of the atomic bomb led him to work ceaselessly to address its social consequences a discussion of the educational philosophy of Robert Maynard Hutchins the University of Chicago s fifth and most controversial president an appreciative account of the Polish emigr Leopold Labedz s well informed and outspoken resistance to Communism and an essay about the extraordinary Indian writer Nirad Chaudhuri Many of these essays have appeared in *The American Scholar* edited by Joseph Epstein who introduces this volume with his own portrait of Edward Shils Though professionally a sociologist Edward Shils was a man of wide cosmopolitan culture and experience greatly concerned with the public problems of his time in particular with those created by the rise of new and dangerous ideologies the frightening possibilities of science and the apparent abrogation of public responsibility by many Western intellectuals Hugh Trevor Roper The late Edward Shils was a member of the University of Chicago s Committee on Social Thought for forty five years and a fellow of Peterhouse Cambridge University His many books include *The Calling of Sociology* and *The Intellectuals* and the *Powers* both published by the University of Chicago Press *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1968 **Dictionary of Modern American Philosophers** John R. Shook,2005-01-01 The *Dictionary of Modern American Philosophers* includes both academic and non academic philosophers anda large number of female and minority thinkers whose work has been neglected It includes those intellectualsinvolved in the development of psychology pedagogy sociology anthropology education theology politicalscience and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas abibliography of writings and suggestions for further reading While

all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

Marxism Catherine Paradeise, 2022-01-19 This volume which initially appeared in 1970 constitutes a major set of statements by leading social scientists historians and philosophers to explain the continuing impact of Marxism 150 years after its emergence The second edition is graced with a stunning new 50 page essay by the editor on the Asiatic mode of production what has been called the Achilles heel of Marxism by some and its limiting case by others Marxism The Inner Dialogues covers a wide range of basic issues and problems arising from what has been said for and against and about Marxism This is a rich and systematic collection of writing by the foremost authorities on the subject in the world The book provides the most inclusive and lasting analysis of Marxist thought available Professor Curtis has confronted current problems in Marxist studies in the context of the classic concerns of western thought In addition to new material the book includes discussions of the meaningfulness of Marxist theory Marxist doctrine as ideology the unity or lack thereof in Marxism claims to the true inheritance of Marx alienation in Marxist thought the ethical bases of Marxism the sociological worth of Marxist analysis the validity of the dialectic the materialist conception of history Marxism and economic analysis political theory and the proletariat socialism and state power and Marxist doctrine and modernization Marxism The Inner Dialogues with contributions from major figures such as George Lichtheim Lewis Coser T B Bottomore Daniel Bell Alasdair MacIntyre Oskar Lange Ralf Dahrendorf Seymour Martin Lipset and Robert Tucker among others provides a highly useful compendium that can be extremely valuable in courses in general political theory and the theories driving modern social movements

Makers of Modern Culture Justin Wintle, 2002 This volume provides lively and clearly written expositions of those figures who have done most to shape our views in the period since 1914 Music cinema drama art fiction poetry and philosophy are just some of the fields covered

Human Affairs, 2000 Toward a New Enlightenment Paul Kurtz, Paul Kurtz has been the dominant voice of secular humanism over the past thirty years This compilation of his work reveals the scope of his thinking on the basic topics of our time and his many and varied contributions to the cause of free thought It focuses on the central issues that have concerned Kurtz throughout his career ethics politics education religion science and pseudoscience The chapters are linked by a common theme the need for a new enlightenment one committed to the use of rationality and skepticism but also devoted to realizing the highest values of humanist culture Many writings included here were first published in magazines and journals long unavailable Some of the essays have never before been published They now appear as a coherent whole for the first time Also included is an extensive bibliography of Kurtz's writings Toward a New Enlightenment is essential for those who know and admire Paul Kurtz's work It will also be an important resource for

students of philosophy political science ethics and religion Among the chapters are Humanist Ethics Eating the Forbidden Fruit Relevance of Science to Ethics Democracy without Theology Misuses of Civil Disobedience The Limits of Tolerance Skepticism about the Paranormal Legitimate and Illegitimate Militant Atheism vs Freedom of Conscience Promethean Love Unbound The Case for Euthanasia and The New Inquisition in the Schools **Marxism** Michael Curtis,1997-01-01 Marxism The Inner Dialogues covers a wide range of basic issues and problems arising from what has been said for against and about Marxism This is a rich and systematic collection of writings by the foremost authorities on the subject in the world The book provides the most inclusive and lasting analysis of Marxist thought available Curtis has confronted current problems in Marxist studies in the context of the classic concerns of Western thought **Marxism in the United States** Paul Buhle,2020-05-05 A crown jewel of New Left historiography this overview of U S Marxism was hailed on its first publication for its nuanced storytelling balance and incredible sweep Brimming over with archival finds and buoyed by the recollections of witnesses and participants in the radical movements of decades past Marxism in the United States includes fascinating accounts of the immigrant socialism of the nineteenth century the formation of the CPUSA in the wake of the Bolshevik Revolution the rise of American communism and of the hugely influential Popular Front in the 1920s and 30s the crisis and split of the 50s and the revival of Marxism in the 60s and 70s This revised and updated edition also takes into account the last quartercentury of life in the U S bringing the story of American Marxism up to the present With today s resurgent interest in radicalism this new edition provides an unparalleled guide to 150 years of American left history **Prophesy Deliverance!** Cornel West,2002-01-01 In this his premiere work Cornel West provides readers with a new understanding of the African American experience based largely on his own political and cultural perspectives borne out of his own life s experiences He challenges African Americans to consider the incorporation of Marxism into their theological perspectives thereby adopting the mindset that it is class more so than race that renders one powerless in America Armed with a new introduction by the author this Twentieth Anniversary Edition of Prophesy Deliverance is a must have **The Bloomsbury Encyclopedia of Philosophers in America** John R. Shook,2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews

of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history **Who's who in Hell** Warren Allen Smith,2000 This listing of several thousand nonbelievers includes ancients such as Euripides French revolutionaries and statements by or about countless individuals including Sir Arthur C Clarke Hugh Hefner Jack Nicholson Sally Jesse Raphael Christopher Reeve Salman Rushdie Carl Sagan Ted Turner and Jesse Ventura This book makes a case not only for the respectability of nonbelievers but also for their positive outlooks and creativity
