Contin, 2014-07-02 English Version I am the author of this book of memories I left my country Euskal Herria the Basque country when I was fourteen years old Now near the 80s I considered opportune to

give a testimony of my native town and of honest beautiful people full with generosity that I had the privilege of knowing in that time and that they have been a lighthouse that has guided me during the whole rest of my life What this has of interesting is that the experiences that I had in that distant time the lessons and the examples that I had the privilege of receiving and the fact that at the present time I don t believe that still it exists something similar in any part of the planet I don t want to die without before leaving behind my homage and my gratefulness to those who gave their trust to the child that I was and that in a certain way I have continued being thanks to all of them I am an old man who refuses to surrender before the ailments of the body that are the product of the advanced age In the same way that the old automobiles spend too much time with the mechanics our old bodies have to spend a good part of their last days with the doctors However I still have something to make and it is to write books I hope that you will enjoy this work
