This volume explores the work of one of medieval music's most important figures and in so doing presents an extended panorama of musical life in Europe at the end of the middle ages Guillaume Du Fay rose from obscure beginnings to become the most significant composer of the fifteenth century a man courted by kings and popes and this study of his life and career provides a detailed examination of his entire output including a number of newly discovered works As well as offering musical analysis this volume investigates his close association with the Cathedral of Cambrai and explores how at a time when music was becoming increasingly professionalised Du Fay forged his own identity as a composer This detailed biography will be highly valuable for those interested in the history of medieval and church music as well as for scholars of Du Fay's musical legacy

The Civic Muse Frank A. D'Accone,2007-12-01 Siena blessed with neither the aristocratic nor the ecclesiastical patronage enjoyed by music in other northern Italian centers like Florence nevertheless attracted first rate composers and performers from all over Europe As Frank A D Accone shows in this scrupulously documented study policies developed by the town to favor the common good formed the basis of Siena's ambitious musical programs Based on decades of research in the town's archives D Accone's The Civic Muse brilliantly illuminates both the sacred and the secular aspects of more than three centuries of music and music making in Siena After detailing the history of music and liturgy at Siena's famous cathedral and of civic music at the Palazzo Pubblico D Accone describes the crucial role that music played in the daily life of the town from public festivities for foreign dignitaries to private musical instruction Putting Siena squarely on the Renaissance musical map D Accone's monumental study will interest both musicologists and historians of the Italian Renaissance

Musica Franca Irene Alm,Alyson McLamore,Colleen Reardon,1996 Twenty four essays attest to D Accone's wide interests and influence on

several generations of musicologists The first three sections on the Florentine Renaissance archival studies and madrigal and carnival song deal with subjects central to his research Subsequent contributions deal with various aspects of Italian opera performance practice manuscript studies and music and image Annotation copyrighted by Book News Inc Portland OR
