

A History of Sierra Leone
1400-1787

By A. P. KUP

*Lecturer in History, University College of
Sierra Leone*

The coast of Sierra Leone was first sighted by European explorers in the fifteenth century; but because the explorers' maps were kept secret, it was a long time before the outside world knew anything accurate about this rich corner of the African coast, and legends and misrepresentations began then were still stated as facts in the eighteenth century.

Today Sierra Leone is achieving its independence: it is, therefore, particularly valuable to have this first scholarly account of the early history of the country, from its discovery and colonisation by the Portuguese to the time, towards the end of the eighteenth century, when the British landed 450 Negroes, formerly slaves in America, and sixty white women to found a settlement. Within a few years it became a British colony.

Little serious work has been done on this remote theme. Dr Kup has worked from original sources and archives in Great Britain, as well as from Portuguese and French annals, and he has now been able to discuss quite freshly, with a mass of new detail, such questions as the old trades of the coast, the life of the fairs, the clothing, the warfare and the food of the people there and inland. His account of these early years is not antiquarianism, nor simply a set of forays into the past: to the African reader especially, and to the student of West Africa, the early history of Sierra Leone is related for the first time in form and full detail.

Sierra Leone 1787 1987 Two Centuries Of Intellectual Life:

Sierra Leone, 1787-1987 Murray Last, Paul Richards, Christopher Fyfe, 1987 **Sierra Leone, 1787-1987** Christopher Fyfe, 1987 New Perspectives on the Sierra Leone Krio Mac Dixon-Fyle, Gibril Raschid Cole, 2006 The ex slave Krio population of Freetown Sierra Leone an amalgam of ethnicities drawn from several parts of the African continent is a fascinating study in hybridity creolization European cultural penetration the retention of African cultural values and the interface between New World returnees and autochthonous populations of West Africa Although its Nigerian connections are often acknowledged insufficient attention has been paid to the indigenous Sierra Leonean roots of this community This anthology addresses this problem while celebrating the complexities of Krio identity and Krio interaction with other ethnic groups and nationalities in the British colonial experience Muslim Fula Business Elites and Politics in Sierra Leone Alusine Jalloh, 2018 The first comprehensive book on the participation of Muslim Fula business elites in the post independence politics of Sierra Leone The Temne of Sierra Leone Joseph J. Bangura, 2017-11-09 An in depth study examining the agency and influence of indigenous Temne speakers in the making of the Sierra Leone Colony It is ideal for students researchers and scholars interested in the foundations of colonial Sierra Leone and its social political and economic history and Colonial Studies and African history more widely The Krio of West Africa Gibril R. Cole, 2013-09-15 Sierra Leone s unique history especially in the development and consolidation of British colonialism in West Africa has made it an important site of historical investigation since the 1950s Much of the scholarship produced in subsequent decades has focused on the Krio descendants of freed slaves from the West Indies North America England and other areas of West Africa who settled Freetown beginning in the late eighteenth century Two foundational and enduring assumptions have characterized this historiography the concepts of Creole and Krio are virtually interchangeable and the community to which these terms apply was and is largely self contained Christian and English in worldview In a bold challenge to the long standing historiography on Sierra Leone Gibril Cole carefully disentangles Krio from Creole revealing the diversity and permeability of a community that included many who in fact were not Christian In Cole s persuasive and engaging analysis Muslim settlers take center stage as critical actors in the dynamic growth of Freetown s Krio society The Krio of West Africa represents the results of some of the first sustained historical research to be undertaken since the end of Sierra Leone s brutal civil war It speaks clearly and powerfully not only to those with an interest in the specific history of Sierra Leone but to histories of Islam in West Africa the British empire the Black Atlantic the Yoruban diaspora and the slave trade and its aftermath *Sierra Leone* David Harris, 2014-06-01 Sierra Leone came to world attention in the 1990s when a catastrophic civil war linked to the diamond trade was reported globally This fleeting and particular interest however obscured two crucial processes in this small West African state On the one hand while the civil war was momentous brutal and affected all Sierra Leoneans it was also just one element in the long and faltering attempt to build a nation and state given the country s

immensely problematic pre colonial and British colonial legacies On the other the aftermath of the war precipitated a huge international effort to construct a liberal peace with mixed results and thus made Sierra Leone a laboratory for post Cold War interventions Sierra Leone examines 225 years of its history and fifty years of independence placing state society relations at the centre of an original and revealing investigation of those who have tried to rule or change Sierra Leone and its inhabitants and the responses engendered It interweaves the historical narrative with sketches of politicians anecdotes the landscape and environment and key turning points alongside theoretical and other comparisons with the rest of Africa It is a new contribution to the debate for those who already know Sierra Leone and a solid point of entry for those who wish to know

Historical Dictionary of Sierra Leone Magbaily C. Fyle, 2006-03-27 Sierra Leone was founded albeit under British control with the highest hopes of being a refuge for liberated Africans and freed slaves When the country received its independence hopes for the future grew even stronger Alas its expectations came crashing down when the country's situation grew steadily worse after repeated military interventions and a devastating ten year civil war that raged throughout the 1990s Now that the war is over there is once again renewed cause for optimism about the country's future as Sierra Leone becomes an active participant in African and world affairs This new edition is based primarily on recent research on the country but covers the earliest known inhabitants the colonial era and the period of independence including the very confusing turmoil of the recent past The chronology briefly traces its history and the introduction provides an essential overview of all the recent developments in the country Hundreds of cross referenced dictionary entries describe significant leaders events political parties and movements ethnic groups and related political economic and social aspects A bibliography is included to facilitate further research

Gender-Responsive Governance in Sierra Leone John Idriss Lahai, 2023-07-28 This book investigates gender equality and women's empowerment in Sierra Leone focusing especially on women's interactions with the state and its development partners In particular it highlights women's increasing agency in acquiring knowledge diffusing power engaging in grassroots politics and compelling the government to adopt more gender responsive policies Exploiting extensive fieldwork and original multidisciplinary research methods including econometric and statistical models the book first sets out the history and impact of inequality in Sierra Leone and then goes on to shed light on the constructive and collaborative engagement of women and the state on a variety of local and external strategies for promoting gender equality Drawing throughout on insights from across gender studies sociology anthropology economics and political science the book highlights how women are succeeding in transforming marginality into agency in order to build a platform for influencing change By qualifying and quantifying the challenges of gender inequality in Sierra Leone and the progress that is being made this book provides important insights that will be relevant to other fragile post conflict states within Africa The book will be of interest to students and researchers studying women and gender studies African studies economics international development sociology and political science and international relations It will also deepen

policymakers and practitioners understanding of women s diverse trajectories and experiences and how the typology of government affects the patterns of inequality and equality **The Athens of West Africa** Daniel J. Paracka, Jr.,2004-03 This book is about Fourah Bay College FBC and its role as an institution of higher learning in both its African and international context The study traces the College s development through periods of missionary education 1816 1876 colonial education 1876 1938 and development education 1938 2001 *Civil War and Democracy in West Africa* David Harris,2011-12-13 In the aftermath of explosive civil wars in Africa during the 1990s and 2000s the establishment of multi party elections has often been heralded by the West as signaling the culmination of the conflict and the beginning of a period of democratic rule However the outcomes of these elections are very rarely uniform with just as many countries returning to conflict as not Here David Harris uses the examples of Sierra Leone and Liberia to examine the nexus of international and domestic politics in these post conflict elections In doing so he comes to the conclusion that it is political rather than legal solutions that are more likely to enhance any positive political change that has emerged from the violence This book is thus of significance to Western and African policy makers and also to students and scholars who wish to engage with the critical issues of conflict resolution and reconciliation both in Sierra Leone and Liberia in particular and in the wider region in general **Cultural Sociology of the Middle East, Asia, and Africa** Andrea L. Stanton,2012 In our age of globalization and multiculturalism it has never been more important to understand and appreciate all cultures across the world The four volumes take a step forward in this endeavour by presenting concise information on those regions least well known to students across Europe the Middle East Asia and Africa The volumes convey what daily life is like for people in these selected regions Entries will aid readers in understanding the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions Key Features Topics are explored within historical context in three broad historical periods prehistory to 1250 1250 to 1920 and 1920 to the present One volume each is devoted to the regions of the Middle East and Africa and then one volume to East and Southeast Asia and a final volume to West Central and South Asia The volumes include extensive use of photographs and maps to explain cultural and geographic content Each volume has its own volume editor with expertise in that particular region Key Themes Arts Culture and Science People Society and Dynasties Religion and Law Family and Daily Life Conflicts and Wars Politics and Government Health and Education Economy Trade and Industry National Geography and History **Imperial Inequalities** Gurinder K. Bhambra,Julia McClure,2022-11-29 Imperial Inequalities takes Western European empires and their legacies as the explicit starting point for discussion of issues of taxation and welfare In doing so it addresses the institutional and fiscal processes involved in modes of extraction taxation and the hierarchies of welfare distribution across Europe s global empires The idea of imperial inequalities provides a conceptual frame for thinking about the long standing colonial histories that are responsible at least in part for the shape of present inequalities This wide

ranging volume challenges existing historiographical accounts that present states and empires as separate categories. Instead it views them as co constitutive units by focusing upon the politics of economic governance across imperial spaces. Authors examine the fiscal innovations that enabled European empires to finance their expansion the politics of redistribution that were important to constructing the veneer of legitimacy of taxation and the fiscal mechanisms that were established to ensure that the imperial contours of inequality continued to define the postcolonial world. These diverse contributions provide new resources for how we think about issues of taxation and welfare across the longue dur e. This book is relevant to United Nations Sustainable Development Goal 10 Reduced inequalities. Christian Reflection in Africa Paul Bowers, 2018-07-05

This reference collection presents academic reviews of more than twelve hundred contemporary Africa related publications relevant for informed Christian reflection in and about Africa. The collection is based on the review journal BookNotes for Africa a specialist resource dedicated to bringing to notice such publications and furnishing them with a one paragraph description and evaluation. Now assembled here for the first time is the entire collection of reviews through the first thirty issues of the journal s history. The core intention both of the journal and of this compilation is to encourage and to facilitate informed Christian reflection and engagement in Africa through a thoughtful encounter with the published intellectual life of the continent. Reviews have been provided by a team of more than one hundred contributors drawn from throughout Africa and overseas. The books and other media selected for review represent a broad cross section of interests and issues of personalities and interpretations including the secular as well as the religious. The collection will be of special interest to academic scholars theological educators libraries ministry leaders and specialist researchers in Africa and throughout the world but will also engage any reader looking for a convenient resource relating to modern Africa and Christian presence there. The Top Books of the Year Sierra Leone 1787 1987 Two Centuries Of Intellectual Life The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Sierra Leone 1787 1987 Two Centuries Of Intellectual Life : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
