**CinemaTexas Program Notes** ,1980      **The Transformation of Liberalism in Late Nineteenth-Century Mexico** Charles A. Hale,2014-07-14 A leading intellectual historian of Latin America here examines the changing political ideas of the Mexican intellectual and quasi governmental elite during the period of ideological consensus from the victory of Benito Ju rez of 1867 into the 1890s Looking at Mexican political thought in a comparative Western context Charles Hale fully describes how triumphant liberalism was transformed by its encounter with the philosophy of positivism In so doing he challenges the prevailing tendency to divide Mexican thought into liberal and positivist stages The political impact of positivism in Mexico began in 1878 when the new or conservative liberals enunciated the doctrine of scientific politics in the newspaper La Libertad Hale probes the intellectual origins of scientific politics in the ideas of Henri de Saint Simon and Auguste Comte and he discusses the contemporary models of the movement the conservative republics of France and Spain Drawing on the debates between advocates of scientific politics and defenders of the Constitution of 1857 in its pure form he argues that the La Libertad group of 1878 and their heirs the Cientificos of 1893 were constitutionalists in the liberal tradition and not

merely apologists for the authoritarian regime of Porfirio Díaz Hale concludes by outlining the legacy of scientific politics for post revolutionary Mexico particularly in the present day efforts to inject democracy into the political system Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      **The Publishers Weekly** ,1873      **Ford Cars 1945 to 1995**
