**Arizona's Deadliest Gunfight** Heidi J. Osselaer, 2018-05-03 On a cold winter morning Jeff Power was lighting a fire in his remote Arizona cabin when he heard a noise grabbed his rifle and walked out the front door Someone in the dark shouted Throw up your hands Shots rang out from inside and outside the cabin and when it was all over Jeff's sons Tom and John emerged to find the sheriff and his two deputies dead and their father mortally wounded Arizona's deadliest shoot out happened not in 1881 but in 1918 as the United States plunged into World War I and not in Tombstone but in a remote canyon in the Galiuro Mountains northeast of Tucson Whereas previous accounts have portrayed the gun battle as a quintessential western feud historian Heidi J Osselaer explodes that myth and demonstrates how the national debate over U S entry into the First World War divided society at its farthest edges creating the political and social climate that lead to this tragedy A vivid thoroughly researched account Arizona's Deadliest Gunfight describes an impoverished family that wanted nothing to do with modern civilization Jeff Power had built his cabin miles from the nearest settlement yet he could not escape the federal government's expanding reach The Power men were far from violent criminals but Jeff had openly criticized the Great War and his sons had failed to register for the draft To separate fact from dozens of false leads and conspiracy theories Osselaer traced the Power family's roots back several generations interviewed descendants of the shoot out's participants and uncovered previously unknown records What happened to Tom and John Power afterward is as stirring and tragic a story as the gunfight itself Weaving together a family based local history with national themes of wartime social discord rural poverty and dissent Arizona's Deadliest Gunfight will be the authoritative account of the 1918 incident and the memorable events that unfolded in its wake

**Tombstone** Kara L. McCormack, 2016-05-16 When prospector Ed Schieffelin set out from Fort Huachuca in 1877 in search of silver skeptics told him all he'd find would be his own tombstone What he did discover of course was one of the richest veins of silver in the West a strike he wryly called Tombstone Briefly a boomtown in less than a decade Tombstone was fading into what for the next half century looked more like a ghost town How is it Kara McCormack asks that the resurrection of a few of the town's long dead figures caught forever in a thirty second shoot out revived the moribund Tombstone and turned it into what the Arizona Office of Tourism today calls equal parts Deadwood and Disney A meditation on the marketing of authenticity Imagining Tombstone considers this most authentic western town in America as the intersection of history and

mythmaking entertainment and education the wish to preserve the will to succeed and the need to survive McCormack revisits the facts behind the feud that culminated in the Earp brothers and Doc Holliday's long walk to their showdown with the Clantons and McLaurys a walk reenacted by so many actors that it became a ritual of Hollywood westerns and a staple of present day Tombstone's tourist offerings Taking into account decades of preservation efforts stories told by Hollywood performances on the town's streets the fervor of Earp historians and western history buffs and global notions of the West Imagining Tombstone shows how the town's tenacity depends on far more than a usable past If Tombstone is The Town Too Tough to Die it is also as this edifying and entertaining book makes clear the place where authentic history and its counterpart in popular culture reveal their lasting and lucrative hold on the public imagination *Wilderness Corry*
