You Are My Slaves Martijn J. Stoutjesdijk, 2024-12-16 Some of the slavery parables in the New

Testament have been called texts of terror as the slaves who are portrayed in them are beaten or even cut in two Despite or because their violence slavery parables are often used in early Christian and early rabbinic literature to illustrate the unique relationship between God and his people This study investigates the reasons for and meaning of using the master slave metaphor in the parables what does it tell us about early Christian and early rabbinic theology including possibilities for critique and resistance vis vis the divine and what does it say about slavery in the ancient world

The Jewish Dietary Laws in the Ancient World Jordan D. Rosenblum, 2016-12-15 In *The Jewish Dietary Laws in the Ancient World* Jordan D Rosenblum explores how cultures critique and defend their religious food practices In particular he focuses on how ancient Jews defended the kosher laws or kashrut and how ancient Greeks Romans and early Christians critiqued these practices As the kosher laws are first encountered in the Hebrew Bible this study is rooted in ancient biblical interpretation It explores how commentators in antiquity understood applied altered innovated upon and contemporized biblical dietary regulations He shows that these differing interpretations do not exist within a vacuum rather they are informed by a variety of motives including theological moral political social and financial considerations In analyzing these ancient conversations about culture and cuisine he dissects three rhetorical strategies deployed when justifying various interpretations of ancient Jewish dietary regulations reason revelation and allegory Finally Rosenblum reflects upon wider contemporary debates about food ethics

Targum and Scripture Paul V.M. Flesher, 2021-11-15 If Greek was the language by which Palestinian Jews talked to the Empire then Aramaic and Hebrew were the languages by which they talked to themselves In this context what resulted when they translated the Hebrew Bible into Aramaic Moments of the inner Jewish conversation about the meaning and relevance of Hebrew Scriptures frozen in Aramaic renditions The scholars in this volume use these Aramaic translations known as the Targums like dioramas peering through them to glimpse these moments in the development of Judaism and its theology Dedicated to Ernest G Clarke the essays explore the variety of interpretations preserved in the different Targums from the Second Temple and post Temple periods during which they were composed

Execution and Invention Beth A. Berkowitz, 2006-03-23 The death penalty in classical Judaism has been a highly

politicized subject in modern scholarship Enlightenment attacks on the Talmud's legitimacy led scholars to use the Talmud's criminal law as evidence for its elevated morals But even more pressing was the need to prove Jews' innocence of the charge of killing Christ The reconstruction of a just Jewish death penalty was a defense against the accusation that a corrupt Jewish court was responsible for the death of Christ In *Execution and Invention* Beth A Berkowitz tells the story of modern scholarship on the ancient rabbinic death penalty and offers a fresh perspective using the approaches of ritual studies cultural criticism and talmudic source criticism Against the scholarly consensus Berkowitz argues that the early Rabbis used the rabbinic laws of the death penalty to establish their power in the wake of the destruction of the Temple Following recent currents in historiography Berkowitz sees the Rabbis as an embattled almost invisible sect within second century Judaism The function of their death penalty laws Berkowitz contends was to create a complex ritual of execution under rabbinic control thus bolstering rabbinic claims to authority in the context of Roman political and cultural domination Understanding rabbinic literature to be in dialogue with the Bible with the variety of ancient Jews and with Roman imperialism Berkowitz shows how the Rabbis tried to create an appealing alternative to the Roman paganized culture of Palestine's Jews In their death penalty the Rabbis substituted Rome's power with their own Early Christians on the other hand used death penalty discourse to critique judicial power But Berkowitz argues that the Christian critique of execution produced new claims to authority as much as the rabbinic embrace By comparing rabbinic conversations about the death penalty with Christian ones Berkowitz reveals death penalty discourse as a significant means of creating authority in second century western religious cultures Advancing the death penalty discourse as a discourse of power Berkowitz sheds light on the central relationship between religious and political authority and the severest form of punishment

Scripture as Logos Azzan Yadin, 2013-06-15 The study of midrash the biblical exegesis parables and anecdotes of the Rabbis has enjoyed a renaissance in recent years Most recent scholarship however has focused on the aggadic or narrative midrash while halakhic or legal midrash the exegesis of biblical law has received relatively little attention In *Scripture as Logos* Azzan Yadin addresses this long standing need examining early tannaitic 70-200 C E legal midrash focusing on the interpretive tradition associated with the figure of Rabbi Ishmael This is a sophisticated study of midrashic hermeneutics growing out of the observation that the Rabbi Ishmael midrashim contain a dual personification of Scripture which is referred to as both *torah* and *ha katurv* It is Yadin's significant contribution to note that the two terms are not in fact synonymous but rather serve as metonymies for Sinai on the one hand and on the other the rabbinic house of study the *bet midrash* Yadin develops this insight ultimately presenting the complex but highly coherent interpretive ideology that underlies these rabbinic texts an ideology that contrary to the dominant view

today seeks to minimize the role of the rabbinic reader by presenting Scripture as actively self interpretive Moving beyond textual analysis Yadin then locates the Rabbi Ishmael hermeneutic within the religious landscape of Second Temple and post Temple literature The result is a series of surprising connections between these rabbinic texts and Wisdom literature the Dead Sea Scrolls and the Church Fathers all of which lead to a radical rethinking of the origins of rabbinic midrash and indeed of the Rabbis as a whole
