Longshoring On The San Francisco Waterfront:

Longshoring on the San Francisco Waterfront Reg Theriault, 1978 **Decasualization of Longshore Work in San Francisco** Marvel Keller, 1939 **Report and Recommendations of the Pacific Coast Longshore Fact Finding Board** United States. Department of Labor, 1946 *The Globalisation of the Oceans* Frank Broeze, 2017-10-18 This book maintains that container shipping is vital to the actualisation of globalisation and that without it globalisation would remain a concept rather than reality It argues that container shipping has been academically overlooked as a global business sector in favour of more prominent sectors such as oil or arms trade and aims to provide a complete history of containerisation from the 1950s to the turn of the millennium This history explores the growth of the container industry due to prominent innovation in vessel design early adoption of the internet large international mergers and significant physical alterations to the global port system With particular emphasis on the east west trade the chapters cover the growth and development of the container industry to the social changes experienced by seafaring labour forces the cultural impact of the container bringing a domineering land presence to maritime activity through to the environmental concerns surrounding the industry The study is not a quantitative economic analysis of the industry rather an updated history that strives to demonstrate the importance of transport infrastructures to any consideration of global business sectors by providing evidence of the container industry s stimulation of the global economy *A Cultural History of the Radical Sixties in the San Francisco Bay Area* Anthony Ashbolt, 2015-10-06 The San Francisco Bay Area was a meeting point for radical politics and counterculture in the 1960s Until now there has been little understanding of what made political culture here unique This work explores the development of a regional culture of radicalism in the Bay Area one that underpinned both political protest and the counterculture *Harry Bridges* Robert W. Cherny, 2023-01-10 Winner of a Silver Medal from the Independent Publisher Book Awards Won Honorable Mention for 2023 ILHA Book of the Year International Labor History Association The iconic leader of one of America s most powerful unions Harry Bridges put an indelible stamp on the twentieth century labor movement Robert Cherny s monumental biography tells the life story of the figure who built the International Longshore and Warehouse Union ILWU into a labor powerhouse that still represents almost 30 000 workers An Australian immigrant Bridges worked the Pacific Coast docks His militant unionism placed him at the center of the 1934 West Coast Waterfront Strike and spurred him to expand his organizing activities to warehouse laborers and Hawaiian sugar and pineapple workers Cherny examines the overall effectiveness of Bridges as a union leader and the decisions and traits that made him effective Cherny also details the price paid by Bridges as the US government repeatedly prosecuted him for his left wing politics Drawing on personal interviews with Bridges and years of exhaustive research Harry Bridges places an extraordinary individual and the ILWU within the epic history of twentieth century labor radicalism **Studies of the Effects of Industrial Change on Labor Markets** , 1937 *Dock Workers* Sam Davies, Colin J. Davis, David de Vries, Lex Heerma van Voss, Lidewij Hesselink, Klaus

Weinhauer,2017-09-29 Workers who loaded and unloaded ships have formed a distinctive occupational group over the past two centuries As trade expanded so the numbers of dock labourers increased and became concentrated in the major ports of the world This ambitious two volume project goes beyond existing individual studies of dock workers to develop a genuinely comparative international perspective over a long historical period Volume 1 contains studies of 22 major ports worldwide Built around an agreed framework of issues these port studies examine the type of workers who dominated dock labour their race class and ethnicity the working conditions of dockers and the role of government as employer arbitrator and supporter The studies also detail how dockers organized their labour patterns of strike action and involvement in political organizations The structure of the port city is also outlined and descriptions given of the waterside environment These areas of investigation form the basis for a series of 11 thematic studies which comprise Volume 2 Drawing on the information provided in the port studies these essays identify important aspects and recurring themes and explain how and why particular cases diverge from the rest The final chapter of the book synthesizes the various approaches taken to offer a model which suggests several configurations of dock labour and presents suggestions for future research This major scholarly achievement represents the most sustained attempt to date to provide a comparative international history of dock labour An annotated bibliography completes this essential reference work

Decisions and Orders of the National Labor Relations Board United States. National Labor Relations Board,1953

On the Job Craig Heron,Robert H. Storey,1986 Every day millions of Canadians go out to work They labour in factories offices restaurants and retail stores on ships and deep in mines And every day millions of other Canadians mostly women begin work in their homes performing the many tasks that ensure the well being of their families and ultimately the reproduction of the paid labour force Yet for all its undoubted importance there has been remarkably little systematic research into the past and present dynamics of the world of work in Canada
