Look Up Dream:

Dream Codes Leon Titus, 2012-01-01 Dream Codes is a powerful little book about the purpose of dreaming. It not only explains why we dream but also how to remember and interpret your dreams. The author gives a few examples of things that can affect our dreaming and how when acknowledged dreams can change and improve our life. The author explains why we have ghosts and how they can affect our life and even our sleep and dreams. He also includes things like spiritual energy, the truth about psychics and the importance of harmony between the mind, body and soul. The book also includes a three hundred word dream dictionary which gives on average three examples of what each dream symbol may mean. The symbols chosen are what the author feels are the most commonly dreamed about and also the ones that trouble people most. The dictionary is detailed and authoritative and offers insight into the language of dreams. The Dream Interpretation Dictionary J.M.
