Calendar of the Patent Rolls Preserved in the Public Record Office Great Britain. Public Record Office,1893 *A Life on*
the Lines R H N Hardy,2020-02-20 During much of his early career from 1944 through to the early 1960s Richard Hardy took
hundreds of pictures of life on the railways and the men he knew and worked with on a daily basis using his trusty Brownie
620 box camera These unique behind the scenes images form a fascinating and hugely evocative portrayal of Britain at the
height of the era of steam during the time of the Big Four and after 1947 when the sprawling nationalised network known as
British Railways came of age The second edition contains many new unseen photos which capture the railways in wartime
providing a valuable social record of the nation at war In addition there is a sequence of rare photographs of French engines
railways and railwaymen offering a superb contrast to the British rail network it quickly becomes evident that the British rail
system ran on tea whereas the French system ran on wine Great characters are the unifying theme of the pictures and they
include famous figures associated with the railways such as the poet John Betjeman This wonderfully illustrated book sets
Richard s personal photographs and text alongside a carefully collated selection of ephemera artworks and photographs
drawn from the National Railway Museum in York Collectively these images and artefacts tell the stories of the great

brotherhood of railwaymen brilliantly evoking the speed heat and dust of the footplate
