My Brother Death The Literature Of Death And Dying:

My Brother Death Cyrus Sulzberger, 2017-01-12 This remarkable book by the distinguished journalist Cyrus Sulzberger is in a modern sense comparable to Burton's famous *The Anatomy of Melancholy*. *My Brother Death* is a thoughtful and finely written effort to discern just what death is, to define both it and its relationship to man, to discuss how to meet its inevitable approach and what may lie beyond. To accomplish this purpose Mr Sulzberger draws heavily from the history of human thought and experience from all the principal religions of East and West from the philosophers, saints, kings and heroes who one by one have crossed to the unknown. He documents and dramatizes the entire panorama of the ways in which men die by acts curiously attributed to the God of disaster, pestilence, famine and illness by man's own hand in murder, war, cannibalism, capital punishment and religious persecution. How does death approach and how and why do the brave best prepare to meet it? Not only does the author introduce the reader to the reflections of outstanding men upon their final destiny, he himself has spent many years contemplating this problem which is everyone's secret concern. He has personally investigated death on many battlefields and on all seven continents of this earth. By these investigations and by his own deep study of history, philosophy and the dimly remembered customs of our atavistic past, he has assembled a fascinating and in a sense comforting picture of human courage, a courage that triumphs over human evil. This sad but lovely tale of eternity and our own role in its embrace begins appropriately on a happy little Greek island. It ends there, aeons later, among the soft Aegean waters that bear me northward and backward into time.

The Cambridge History of African American Literature Maryemma Graham, Jerry Washington Ward, 2011-02-03 A major new history of the literary traditions, oral and print, of African descended peoples in the United States.

Transnational Negotiations in Caribbean Diasporic Literature Kezia Page, 2010-09-13 Taking an interdisciplinary approach, Page casts light on the role of citizenship, immigration and transnational mobility in Caribbean migrant and diaspora fiction. Page's historical socio-cultural study responds to the general trend in migration discourse that presents the Caribbean experience as unidirectional and uniform across the geographical spaces of home and diaspora. She argues that engaging the Caribbean diaspora and the massive waves of migration from the region that have punctuated its history involves not only understanding communities in host countries and the conflicted identities of second generation subjectivities, but also interpreting how these communities interrelate with and affect communities at home. In particular, Page examines two socio-economic and political practices, remittance and deportation, exploring how they function as tropes in migrant literature and as ways of theorizing such literature.

Matthew Gregory Lewis The Monk Ann Radcliffe The Mysteries of Udolpho Jane Austen Northanger Abbey Charlotte Brontë Jane Eyre Emily Brontë Wuthering Heights Rudyard Kipling The Phantom Rickshaw Guy de Maupassant The Horla Jerome K. Jerome Told After Supper When a Brother or Sister Dies Claire Berman, 2009-02-17 The trauma of losing a sibling when we are in our adult years is one of the most unrecognized and undertreated areas of psychology. There is no other loss in adult life that appears to be so neglected as the death of a brother or sister, says bereavement specialist and psychologist Therese Rando. And Rando is just one expert author Berman interviews in this moving book about loss. We see here how when an adult dies the parents, spouse, and children of that person become the focus, but brothers and sisters most often fall to the sidelines and are left to find a way to deal with the grief and recover alone. Yet when a brother or sister dies, we lose our longest lifetime companion, someone with whom we have shared an intimate family history. And in most cases, that was someone for whom we had conflicted feelings, shared identity, yet competitive feelings, pride, yet jealousy, love, yet hate. Most of us come to make peace with the relationship at some point. How to make peace with the death of the sibling, which can conjure up a well of feelings from wishing you were closer to wanting to change some past events you shared, can haunt an adult. But author Claire Berman, who lost her own sister to heart disease in the week of September 11, 2001, when America lost its innocence, takes us into the emotional world of sibling loss, showing us how to understand and navigate the aftermath of a loss that can leave adults feeling angry, confused, guilty, empty, or just like Berman, wanting to hit that speed dial button still marked with her sister's name.
