Aveling* Ernst Heinrich P.A. Haeckel,1883 *The Pedigree of Man* Annie Besant,1908 **On the Pedigree of Man** C. B. Radcliffe,1880 **The True Colours of Man** Helena Petrovna Blavatsky, William Quan Judge,2019-03-10 One hundred and forty years have passed like a dream with much heart sore and soaring hope since the Theosophical Society was founded on 17 November 1875 in New York We have decided to mark this auspicious date by releasing a series of hitherto private study notes and analyses of H P Blavatsky s Esoteric Section E S Instructions The True Colours of Man amplifies and clarifies E S Instructions I and II aided by 31 original drawings diagrams and tables The seven prismatic colours are direct emanations from the Seven Hierarchies of

Compassion each of which is the creator and source of the corresponding human principle Each prismatic colour is the Father of the Sound which corresponds to it Sound being the Word or Logos of its Father Thought Thus the Creative Force produces colours sounds and numbers in the shape of rates of vibration which compound and dissociate atoms and molecules The Seven Primordial Lights manifested from Light Unmanifested are Divine Principles The Principles of Man are bright reflections of Divine Principles a Great Sacrifice they are the seven stringed lyre of Apollo Colours and sounds are all spiritual numerals Colour is Spirit Atman sound is Voice Buddhi proportion of numbers is Word Higher Manas Colours and sounds are associated with the Hierarchy of Compassion the Manifested Logos Colours sounds numbers proceed from 1 to 7 and not from 7 to 1 as erroneously shown in the spectrum of the prismatic colours As the Seven Colours of the solar spectrum correspond to the Seven Rays or Hierarchies so each Ray has its seven divisions corresponding to the same series of colours Esoterically the right eye corresponds with Soul Wisdom or true knowledge the left with mere head learning The Spiritual Man corresponds directly with the coloured circles of the Divine Prism which emanate from the One Infinite White Circle the physical man emanates from the Sephiroth of the Kabbalah the voices or sounds of Eastern Philosophy Voices however are lower than colours The lower Sephiroth are the seven physical planets Our triple physical Sun personified by the Upper Triad is the Sephirothal Crown The real Sephiroth are the Four Maharajas of The Secret Doctrine Sun Moon Mercury and Venus The ancients considered as the most holy those organs which we now associate with feelings of shame and secrecy The lower organs have been evolved to perform six functions on six distinct planes of action besides a seventh the lowest and purely terrestrial function on the physical plane The physical body is not a principle and has no place in the sevenfold division It is furnished by Mother Earth Numbers and harmonious proportions guide the first differentiations of the Homogeneous Substance into heterogeneous elements Perfect knowledge of the correspondences between colours sounds and numbers is the first requisite for students of Occultism The Eye of Dharma will awaken only when the mouth is suppressed The Auric Egg is the monadic envelope and amnion of the physical man Initiates saints and pure men can help others as well as themselves in their hour of need with the aid of the God within who has been enabled to act on the outward plane Advanced students are invited to pronounce the Word before going to sleep and first thing upon awakening Beginners who cannot help going into crowds are advised to wear either a ring containing some jewel of the colour of the presiding planet for the particular day of the week or else of the metal sacred to it A word of advice concerning Instructions I and II students should strive to spiritualise these Instructions and avoid materialising them

The Pedigree of Man Annie Besant, 1904 The Divine Pedigree of Man Thomson Jay Hudson, 2015-06-13 Excerpt from The Divine Pedigree of Man Or the Testimony of Evolution and Psychology the Fatherhood of God In attempting to fulfil a task so important and from a layman's point of view so difficult as that of outlining a scientific basis of Christian theism I feel it to be due to my readers that I should state the causes which led me to undertake it and the principles by which I have been guided in carrying it to a conclusion It is

scarcely necessary to remark that this book was not written for the benefit of those who have already found in Holy Writ sufficient evidence to convince them of the existence of an intelligent Great First Cause Nor was it written to convince anybody of the soundness of the theory of organic evolution It was written for the benefit of that large and constantly enlarging class of men who are imbued with the ultra scientific dogma that nothing in either physical science or spiritual philosophy is worthy of belief if it is not confirmed by a series of well authenticated facts a congeries of observable natural phenomena About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Monkey to Man Gowan Dawson, 2024-02-27 The first book to examine the iconic depiction of evolution the march of progress and its role in shaping our understanding of how humans evolved We are all familiar with the march of progress the representation of evolution that depicts a series of apelike creatures becoming progressively taller and more erect before finally reaching the upright human form Its emphasis on linear progress has had a decisive impact on public understanding of evolution yet the image contradicts modern scientific conceptions of evolution as complex and branching This book is the first to examine the origins and history of this ubiquitous and hugely consequential illustration In a story spanning more than a century from Victorian Britain to America in the Space Age Gowan Dawson traces the interconnected histories of the two most important versions of the image the frontispiece to Thomas Henry Huxley's *Evidence as to Man's Place in Nature* 1863 and *The Road to Homo Sapiens* a fold out illustration in the best selling book *Early Man* 1965 Dawson explores how the recurring appearances of this image pointed to shifting scientific and public perspectives on human evolution as well as indicated novel artistic approaches and advancements in technology
