Promissory Notes Women In The Transition To Socialism:

Through the Prism of Gender and Work, 2023-12-18 This book examines women's activism in and beyond Central and Eastern Europe and transnationally within and across different historical periods, political regimes and scales of activism. The authors explore the wide range of activist agendas, repertoires and forums in which women sought to advocate for their gender and labour interests. Women were engaged in trade unions, women only organizations, state institutions and international and intellectual networks and were active on the shopfloor. Rectifying geopolitical and thematic imbalances in labour and gender history, this volume is a valuable resource for scholars and students of women's activism, social movements, political and intellectual history and transnationalism. Contributors are: Eloisa Betti, Masha Bratishcheva, Jan A. Burek, Selin Atay, Daria Dyakonova, M. Ty's Erdelyi, D. Ra Fedeles, Czeferner, Eric Fure, Slocum, Alexandra Ghi, Olga Gnydiuk, Maren Hachmeister, Veronika Helfert, Natalia Jarska, Marie L. Kov, Ivelina Masheva, Jean Pierre Liotard, Vogt, Denisa Ne Kov, Sophia Polek, Zhanna Popova, B. Boys' Love, Cosplay, and Androgynous Idols Maud Lavin, Ling Yang, Jing Jamie Zhao, 2017-06-01 Chinese speaking popular cultures have never been so queer in this digital globalist age. The title of this pioneering volume, Boys Love Cosplay and Androgynous Idols: Queer Fan Cultures in Mainland China, Hong Kong and Taiwan, already gives an idea of the colorful, multifaceted realms the fans inhabit today. Contributors to this collection situate the proliferation of often online queer representations, productions, fantasies and desires as a reaction against the norms in discourses surrounding nation states, linguistics, geopolitics, genders and sexualities. Moving beyond the easy polarities between general resistance and capitulation, Queer Fan Cultures explores the fans' diverse strategies in negotiating with cultural strictures and media censorship. It further outlines the performance of subjectivity, identity and agency that cyberspace offers to female fans. Presenting a wide array of concrete case studies of queer fandoms in Chinese speaking contexts, the essays in this volume challenge long established Western centric and Japanese focused fan scholarship by highlighting the significance and specificities of Sinophone queer fan cultures and practices in a globalized world. The geographic organization of the chapters illuminates cultural differences and the other competing forces shaping geocultural intersections among fandoms based in Mainland China, Hong Kong and Taiwan. This important collection complicates our understanding of fan practices, showing how national and regional factors play an important role in how media texts and identities are understood. It also shows how the Chinese speaking world is home to dense and often conflicting modes of audience reception of cultural texts deriving from Sinophone, Japanese and Western contexts. Mark McLelland, University of Wollongong. An exciting anthology by a talented group of emergent scholars whose vibrant studies offer fresh insights on the diverse practices and transregional flows of queer fandom in the Chinese speaking world. Local in its specificity and transnational in its scope, this book highlights the creativity of queer fan practices while critically locating them within the political and social structures that produce them.

Resisting Citizenship Martha A. Ackelsberg, 2013-01-11 Political participation in America supposedly the world's strongest democracy is startlingly low and many of the civil rights and economic equity initiatives that were instituted in the 1960s and 70s have been abandoned as significant proportions of the populace seem to believe that the civil rights battle has been won However rates of collective engagement like community activism are surprisingly high In *Resisting Citizenship* renowned feminist political scientist Martha Ackelsberg argues that community activism may hold important clues to reviving democracy in this time of growing bureaucratization and inequality This book brings together many of Ackelsberg's writings over the past 25 years combining her own field work and interviews with cutting edge research and theory on democracy and activism She explores these

efforts in order to draw lessons and attempt to incorporate knowledge about current notions of democracy from those who engage in non traditional participation those who have in many respects been relegated to the margins of political life in the United States

Gender, Politics and the State Vicky Randall, Georgina Waylen, 2012-09-10 Over the last two decades our understanding of the relationship of gender politics and the state has been transformed almost beyond recognition by the mutual interrogation of feminism and political science This volume provides an overview of this dynamic and growing field which reflects both its expanding empirical scope and the accompanying theoretical development and debate The first three essays focus primarily on conceptual and theoretical issues the meaning of gender the state s role in the construction of gender within the public and private sphere and the political representation of gender differences within liberal democracy The remaining six provide analyses of more concrete issues of state policy and participation in differing national political contexts abortion politics in Ireland the local politics of prostitution in Britain the impact on women s political participation of economic change in China Latin America and political change in Russia and the gender impact of state programmes of land reform

Women's History at the Cutting Edge Karen Offen, Chen Yan, 2020-06-04 This book considers the promise of women s and gender history for revolutionizing our understanding of the past while also acknowledging the current national political financial and other contextual realities that can and do constrain or promote the possibilities for researching and writing women s history The editors assert that the promise of women s and gender history is a cutting edge field of research a revolutionary development in the politics of historical scholarship essential for understanding the human past Further they argue for the inseparability of women s history and gendered analytical approaches The contributors to the volume address questions including what have been the achievements of women s and gender history over the past two decades To what extent has it succeeded in making women s history an integral part of historical study rather than an optional specialist area What impact has the study of manhood masculinities and men s gendered power had on our understanding of women s lives What is the relationship between gender studies and new critical histories of colonialism and empire contact zones cross cultural encounters and racialization How is new work on cultural geography and spatial categories impacting on our historical understandings of bodily difference This book was originally published as a special issue of the Women s History Review

provides an overview of African diaspora studies and features as a major concern a rigorous interrogation of identity Other primary themes include contributions to western civilization from religion music and sports to agricultural production and medicine as well as the way in which our understanding of the African diaspora fits into larger studies of transnational phenomena
