hawkers fisherfolk and rice farmers In this book Morrison s memorable images are complemented by Edward Stokes essays that portray the postwar years Hedda Morrison s photographs are the work of a masterful artistic photographer However fewer than thirty of this book s reproductions have ever been seen before It was those images first sighted in a 1946 government report that led Edward Stokes to begin searching for Morrison s original negatives which later were discovered at the Harvard Yenching Library of Harvard University This is a unique record of a now vanished Hong Kong the most complete pictorial account of how the colony looked during the decades from the early 1930s to the 1950s Hedda Morrison s photographs will appeal to all who value documentary images Asian history and the ethnography of urban trades crafts and rural life
