Rape The Power Of Consciousness:

Telling Sexual Stories Ken Plummer, 2002-11 First published in 2004 Routledge is an imprint of Taylor Francis an information company Rape, the Power of Consciousness Susan Griffin, 1979 *Sex, Power, Conflict : Evolutionary and Feminist Perspectives* Ann Arbor David M. Buss Professor of Psychology University of Michigan, Los Angeles Neil Malamuth Professor of Communication and Psychology and Chair of the Department of Communication and Speech University of California, 1996-03-21 Sexual harassment in the workplace date rape and domestic violence dominate the headlines and have recently sparked scholarly debates about the nature of the sexes Concurrently the scientific community is conducting research in topics of sex and gender issues Indeed more research is being done on the topics of sexual conflict and coercion than at any other time in the history of the social sciences Despite this attention it is clear that these issues are being addressed from two essentially different perspectives one is labeled feminist while the other viewed as antithetical to the feminist movement is called evolutionary psychology which emphasizes the history of reproductive strategies in understanding conflict between the sexes This book brings together leading experts from both sides of the debate in order to discover how each could offer insights lacking in the other The editors overall goal is to show how the feminist and evolutionary approaches are complementary despite their evident differences then provide an integration and synthesis In fact several of the contributors to this unique volume consider themselves advocates of both approaches As a stimulating presentation of the dynamics of sex power and conflict and a pioneering rapprochement of the diverse tendencies within the scientific community this book will attract a wide audience in both psychology and women's studies fields **The Abuse of Power** James Newton Poling, 1991-12-01 Pastoral care instruction and observation from a therapist of survivors of sexual abuse *The Abuse of Power* is must reading for clergy and denominational officials Weaving case stories with theory Poling demonstrates that sexual abuse of children is not a private matter but very much a matter for society and church a question of structure and ideology not just of individual character He is not afraid to tackle the tough question Does the image of God sacrificing Jesus on the cross contribute to abusive parent child relationships If pastors and church officials read this book the church will change Karen Lebacqz Pacific School of Religion For the exploitation of women and children to stop men must be willing to break ranks with all forms of privilege that sanction male dominance James Poling does so by deconstructing his own sense of male entitlement by refusing to distance himself from perpetrators by allowing survivors of sexual and domestic violence to speak with their own voices by giving us profound words of hope and by articulating a powerfully healing theology wrought through the depths of his own struggle with one of the worst evils in our society His courageous and compassionate work reveals the love and hope that is born of solidarity across the boundaries of gender sexual orientation race and economics The psychological political spiritual and theological power of this book is such that all educators ministers therapists and Christians must read it Rita Nakashima Brock Hamline University Chapter titles are 1
