*The Listener, and Other Stories* Algernon Blackwood, 1907      Moon-Face & Other Stories & Other Works (Set of 3 Bestseller Books by Jack London) Moon-Face & Other Stories/ A Daughter of The Snows/ Revolution, and Other Essays Jack London, 2022-03-24 Moon Face Other Stories Other Works Set of 3 Bestseller Books by Jack London Moon Face Other Stories by Jack London This collection of short stories showcases Jack London's diverse storytelling skills From the haunting tale of Moon Face which delves into the complexities of identity and self discovery to other captivating stories that explore themes of adventure survival and the human spirit this anthology offers a rich and immersive reading experience A Daughter of the Snows by Jack London Set in the rugged wilderness of the Klondike this novel follows the life of Frona Welse a strong and independent woman who navigates the challenges of the harsh northern landscape Jack London's vivid descriptions and adventurous narrative paint a compelling portrait of Frona's journey of self reliance and resilience in the face of adversity Revolution and Other Essays by Jack London This collection of essays presents Jack London's socio political views and philosophical musings From his observations on social issues to his reflections on the human condition Revolution and Other Essays offers readers a deeper understanding of the author's ideologies and his engagement with contemporary debates and concerns This set of three bestseller books by Jack London showcases his literary versatility with engaging short stories an adventurous novel and thought provoking essays that reflect his insights into human nature and society      Collected Poems Jascha Frederick Kessler, 1999-09 The poems in this book have appeared in many magazines here and abroad ever since Jascha Kessler's first recognition a Major Award in Poetry for a manuscript entered in the Hopwood Contest at the University of Michigan in 1952 Three volumes have been gathered here in the order in which they were first published The reader may find that there is clear change and progression in both content and style and voice Book jacket      **Rapid Transit in New York City and in Other Great Cities** New York Chamber of Commerce, 1905      **Collected Poems** Jascha Kessler, 1999-11-19      **The Story of Rapid Transit** Beckles Willson, 1903      **The Portent; And Other Stories** George MacDonald, 2025-08-16 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage      Rapid Transit Comes to the Bronx Gregory J. Christiano, 2017-09-14 After the merger of New York City and lower Westchester in 1874 there was a heightened interest in extending rapid transit lines across the Harlem River into this new section of the city The newly acquired land was a mixture of hamlets towns villages and farms on the fringes of urban development There was great potential for economic growth But it wasn't until 1882 when the first company was formed to provide transit service to what was to become the Borough of the Bronx Continuation of elevated lines from Manhattan provided a suitable and adequate method of traveling to and from the city This stimulated construction plans and many residential and commercial buildings arose dramatically along the routes Here was material for a thrilling drama

Suddenly rapid transit transformed dozens of sleepy rural unrelated communities into vibrant cohesive growing neighborhoods itching for investment and economic development Here is a history replete with flashes of genius as well as a sordid spirit of greed There were battles schemes and high ambitions but in the end great things were achieved Our present generation can pay tribute to that remote past which gave us the city we know today *Pipe Dream and three more stories* Fritz Leiber,2022-09-22 This is a great collection of action short stories by Fritz Leiber from The Golden Age of Science Fiction Featured here Pipe Dream Coming Attraction The 64 Square Madhouse and The Last Letter **The Black Mirror and Other Stories** Franz Rottensteiner,2008-12-31 Handsomely equipped with a comprehensive introductory historical essay editor s notes and selected bibliography this distinguished anthology is a model of genre research These previously untranslated stories published from 1871 onward offer reading virtually unknown to most American and many German readers Some authors combine scientific and philosophical issues like Kurd Lasswitz in his witty tale To the Absolute Zero of Existence A Story from 2371 while others as in Erik Simon s 1983 title story pose psychological puzzles involving alien phenomena Though the earlier stories in particular demand painstaking reading all of them repay it with rewarding insights into German and Austrian culture and the many possible uses and misuses of science **Papers on Appeal from Order ,**

**South of Elfrida** Holley Rubinsky,2013 A collection of stories delving into the lives of those coming face to face with personal truths that require resilience humour and the ability to change *The American Catalog* ,1884 **Illustrated Catalogue of Books, Standard and Holiday** McClurg, Firm, Booksellers, Chicago,1904 *Spaceship in the Desert* Gökçe Günel,2019-02-14 In 2006 Abu Dhabi launched an ambitious project to construct the world s first zero carbon city Masdar City In *Spaceship in the Desert* Gökçe Günel examines the development and construction of Masdar City s renewable energy and clean technology infrastructures providing an illuminating portrait of an international group of engineers designers and students who attempted to build a post oil future in Abu Dhabi While many of Masdar s initiatives such as developing a new energy currency and a driverless rapid transit network have stalled or not met expectations Günel analyzes how these initiatives contributed to rendering the future a thinly disguised version of the fossil fueled present *Spaceship in the Desert* tells the story of Masdar at once a utopia sponsored by the Emirati government and a well resourced company involving different actors who participated in the project each with their own agendas and desires **African American Women in the News** Marian Meyers,2013-07-24 *African American Women in the News* offers the first in depth examination of the varied representations of Black women in American journalism from analyses of coverage of domestic abuse and crack mothers to exploration of new media coverage of Michelle Obama on Youtube Marian Meyers interrogates the complex and often contradictory images of African American women in news media through detailed studies of national and local news the mainstream and Black press and traditional news outlets as well as newer digital platforms She argues that previous studies of African Americans and the news have largely ignored the representations of women as distinct from men and the ways in

which socioeconomic class can be a determining factor in how Black women are portrayed in the news Meyers also proposes that a pattern of paternalistic racism as distinct from the modern racism found in previous studies of news coverage of African Americans is more likely to characterize the media's treatment of African American women Drawing on critical cultural studies and black feminist theory concerning representation and the intersectionality of gender race and class Meyers goes beyond the cultural myths and stereotypes of African American women to provide an updated portrayal of Black women today African American Women in the News is ideal for courses on African American studies American studies journalism studies media studies sociology studies women's studies and for professional journalists and students of journalism who seek to improve the diversity and sensitivity of their journalistic practice *Human Transit* Jarrett Walker, 2012-07-29 Public transit is a powerful tool for addressing a huge range of urban problems including traffic congestion and economic development as well as climate change But while many people support transit in the abstract it's often hard to channel that support into good transit investments Part of the problem is that transit debates attract many kinds of experts who often talk past each other Ordinary people listen to a little of this and decide that transit is impossible to figure out Jarrett Walker believes that transit can be simple if we focus first on the underlying geometry that all transit technologies share In *Human Transit* Walker supplies the basic tools the critical questions and the means to make smarter decisions about designing and implementing transit services *Human Transit* explains the fundamental geometry of transit that shapes successful systems the process for fitting technology to a particular community and the local choices that lead to transit friendly development Whether you are in the field or simply a concerned citizen here is an accessible guide to achieving successful public transit that will enrich any community **International Books in Print**, 1990 *Human Transit, Revised Edition* Jarrett Walker, 2024-02-06 Transportation expert Jarrett Walker believes that transit can be simple if we focus on the underlying geometry that all transit systems share In *Human Transit Revised Edition* he provides the basic tools and critical questions needed to make smarter decisions about designing and implementing services refreshed with updated information and examples The first edition of *Human Transit* published in 2011 has become a classic for professionals advocates and interested citizens No other book explains the basic principles of public transit in such lively and accessible prose all based on a respect for your right to form your own opinion Walker's goal is not to make you share his values but to give you the tools to clarify and advocate for yours Walker has updated and expanded the book to deepen its explanations His ongoing work as a network planning consultant has provided a wealth of new examples images and tools New topics include the problem with specialization the role of flexible or demand response services how to know when to redesign your network and responding to tech industry claims that transit will soon be obsolete Finally he has also added a major new section exploring the idea of access to opportunity as a core measure of transit's success Whether you are a professional or a concerned citizen the revised edition of this accessible guide can help you to achieve successful public

transit that will enrich any community      **King Solomon's Seal** Jascha Kessler, 2013-07-16 KING SOLOMON S SEAL consists of 63 pieces some short some long each a story several containing stories within stories There is a short introduction TO THE READER which informs us by whom it originated and is narrated if neither the why nor how There is also an AFTERWORDS which in some ways puts Finis to these tale tellings The time of its narrations is about 1750 1820 the place a small house of study perched on a mountain in the eastern part of the Fatra Range in Carpathia part of the Austro Hungarian Empire during that century The materials are diverse in nature suggestion and purpose although the reader may and should suppose them meant for us today even if the language by which the tales are told is a pasticcio of assumed translation into English from some other language one that relates perhaps to whatever may have been the Yiddish vernacular of those lost times in that faraway place Some two or three of its fables have appeared in print KING SOLOMON S SEAL playful and mock serious at once is meant to entertain It is a literary work consisting of pseudo fairy tales pseudo folk materials legends and the like
