Improperly Obtained Evidence in Anglo-American and Continental Law Dimitrios Giannouloupoulos, 2019-02-21 This is the first book to offer an extensive cosmopolitan cross cultural insight into the perennial controversy over the use of improperly obtained evidence in criminal trials It challenges the conventional view that exclusionary rules are idiosyncratic of Anglo American law and highlights the constitutionalisation and internationalisation of criminal evidence and procedure as a cause of rapprochement or divergence beyond the Anglo American and Continental law divide Analysis focuses on confessional evidence and evidence obtained by search and seizure telephone interceptions and other means of electronic surveillance The laws of England and Wales France Greece and the United States are systematically compared and contrasted throughout this study but where appropriate analysis extends to other Anglo American and Continental legal systems The book reviews exclusionary rules vis vis the operation of judicial discretion and explores the normative justifications that underpin them It attempts to reinvigorate the idea of excluding evidence to protect constitutional or human rights the rights thesis arguing that there is significant scope for Anglo American and Continental legal systems to place a renewed emphasis on it particularly in relation to confessional evidence obtained in violation of custodial interrogation rights we can locate an emerging rapprochement and unique potential for European Court of Human Rights jurisprudence to build consensus in this respect In marked contrast remaining divergence with regard to evidence obtained by privacy violations means there is little momentum to adopt a reinvigorated rights thesis more widely Longlisted

The Legal Construction of Personal Work Relations Mark Robert

Freedland, Nicola Kountouris, 2011-12-15 This book explores the conceptual framework of European employment law focusing on understanding the law's construction of employment relationships. The book draws on extensive comparative research of the legal architecture of employment relations in national legal systems and EU law to analyse the traditional model of the contract of employment and the difficulties of using the traditional model to frame modern working relationships. The authors then present a new model of the foundations of employment relationships based on the concept of a personal work nexus and explore the potential of their model to shape the future development of employment law. Throughout the book the authors analyse the interaction of domestic and EU employment law and discuss the possibility of future legal harmonisation in the area. They conclude by exploring the potential for a common framework for European employment law in the context of broader debates surrounding the harmonisation of European private law.

Médias et liberté d'expression : Guide juridique

Paul Salaün, 2023-10-03 Tout ce qu'il faut savoir sur la liberté d'expression ses limites et les infractions qui y sont liées. En

France la liberté d'expression est notamment encadrée par la loi du 29 juillet 1881 sur la liberté de la presse qui pose les fondements de cette liberté mais aussi ses limites. L'heure où les réseaux sociaux ont placé la parole publique autrefois réservée aux professionnels des médias dans les mains d'un grand public souvent mal formé ses implications juridiques il paraît important de rappeler le cadre légal au sein duquel s'exerce la liberté d'expression en France. Cet ouvrage a vocation servir de guide tant aux étudiants en droit qu'aux professionnels de la communication ainsi qu'à toute personne souhaitant se familiariser avec l'encadrement juridique de la liberté d'expression en France.

The Many Concepts of Social Justice in European Private Law H. W.

Micklitz, 2011-11-01 Does European regulatory private law offer a genuine model of justice for society? Beyond its initial libertarian focus on economic integration through the market, citizen might it now serve the social inclusion of the vulnerable? In the wake of Hans Micklitz's inspired and relentless pursuit of meaning within the ongoing constitutionalization of private law relationships, this rich collection explores the implications of new, specifically European forms of access rights which ensure horizontally and vertically enforceable and non-discriminatory opportunity for market participation. Horatia Muir Watt, Columbia Law School, US. This insightful book with contributions from leading international scholars examines the European model of social justice in private law that has developed over the 20th century. The first set of articles is devoted to the relationship between corrective, commutative, procedural and social justice, more particularly the role and function of commutative justice in contrast to social justice. The second section brings together scholars who discuss the relationship between constitutional order, the values enshrined in the constitutional order and the impact of constitutional values on

private law relations The third section focuses on the impact of socio economic developments within the EU and within selected Member States on the proprietary order of the EU on the role and function of the emerging welfare state and the judiciary as well as on nation state specific patterns of social justice The final section tests the hypothesis to what extent patterns of social justice are context related and differ in between labour consumer and competition law The Many Concepts of Social Justice in European Private Law will prove to be of great interest to academics of law as well as to private lawyers and European policymakers

La responsabilité civile du fait du médicament en droit suisse Madeleine Hirsig-Vouilloz, 2022-08-12

Sujet d'actualité par excellence cette contribution présente de manière critique et synthétique en s'appuyant sur la doctrine et la jurisprudence suisse et internationale la plus récente les responsabilités au niveau civil que peuvent engager les divers acteurs du secteur pharmaceutique et médical que ce soient l'entreprise pharmaceutique le médecin le pharmacien ou l'Etat lorsqu'un patient subit un dommage du fait d'un médicament Elle commente galement la thorie de l'intermédiaire qualifié mise en exergue par le Tribunal fédéral dans l'affaire Yasmin et y apporte un regard critique Les conditions d'application de la responsabilité du fait des produits de la LRFP étudiées notamment la lumière de la jurisprudence de la Cour de justice de l'Union européenne sont examinées en détail tout comme les responsabilités contractuelle et délictuelle qui pourraient entrer en ligne de compte Ces régimes de responsabilité permettant rarement la victime d'un accident médicamenteux d'obtenir réparation cet ouvrage envisage alors d'autres voies pour y parvenir tels les fonds d'indemnisation l'action collective ou l'abandon pur et simple du système de responsabilité civile Enfin le médicament y est particulièrement étudié et les différentes procédures d'autorisation de mise sur le marché y compris celles ayant trait au COVID 19 ainsi que la surveillance de celui-ci par Swissmedic y sont exhaustivement présentées

Droit d'auteur et droits voisins. 4e éd. Michel Vivant, Jean-Michel Bruguière, 2019-01-09

L'ouvrage a pour objet l'étude du droit d'auteur contemporain et des droits voisins qui gravitent autour de lui En s'appuyant sur une forte analyse théorique il a pour but de présenter la réalité de la matière dans sa pratique analyse des contrats du secteur y compris dans leurs formes les plus novatrices et sa gestion collective pivot trop souvent négligé de la propriété littéraire et artistique réelle Ce Précis Droit d'auteur et droits voisins offre un triple éclairage qui le caractérise contemporain théorisation et proximité de la pratique Il s'adresse donc aussi bien aux étudiants de sursis de découvrir la matière hors les schémas convenus qu'aux professionnels soucieux de disposer d'une présentation raisonnée de celle-ci pour venir

enrichir leur pratique *L'adulte âgé dans le droit des personnes et de la famille* Florence Reusens, Alexandra Tasiaux, 2016-03-30 La question qui est au centre des préoccupations des auteures membres de centres de recherches qui s'intéressent aux problématiques liées à la vulnérabilité est de savoir si la mise en œuvre des règles de droit positif permet la prise en compte des spécificités liées au grand âge. Il s'agit pour les auteures de vérifier la pertinence d'une analyse de la jurisprudence belge de l'effectivité de la mise en œuvre des potentialités que recèle cet âge dans le droit des personnes et de la famille. Les auteures se sont en conséquence penchées sur les ordonnances, jugements et arrêts dont la motivation révèle que le grand âge d'une des parties ou d'une personne concernée de près ou de loin par l'espace a ou n'a pas malgré qu'il ait été invoqué au cours des débats joué un rôle dans la décision finale ainsi que sur ceux qui nourrissent la représentation sociale de l'adulte âgé. L'objet de l'étude consiste à analyser l'appui de ces décisions la manière dont les magistrats sont amenés à prendre en compte les particularités liées au grand âge dans l'application des règles juridiques que celles-ci visent spécifiquement les personnes dites âgées ou qu'elles soient de portée générale. *Droit de la concurrence - Libertés de circulation - 6e ed.* Cyril Nourissat, Blandine De Clavière-Bonnamour, 2020-09-02 Cette cinquième édition s'inscrit dans la lignée de la précédente qui avait eu l'occasion d'une refonte en profondeur. Elle confirme le choix d'un intitulé plus descriptif permettant au lecteur de mieux saisir les matières couvertes et souvent enseignées de manière séparée. L'ouvrage combine des développements tirés du droit interne et du droit de l'Union européenne. En effet, et même si ce dernier droit est caractérisé par ses supérieurs principes de primauté et d'effet direct, il n'en demeure pas moins que le droit de l'Union reste lacunaire en ce qu'il laisse encore des pans de la matière à la seule juridiction du droit interne. Une tâche complexe que tente de mettre en lumière ce manuel consacré aux libertés de circulation et au droit de la concurrence, piliers fondamentaux de l'économie de marché dans laquelle opère l'entreprise jour après jour. Des dernières évolutions jurisprudentielles et textuelles, ce manuel contient aussi de substantiels développements relatifs aux procédures qui en une quinzaine d'années ont eu pour objet une intervention remarquée de l'Union européenne témoignant en particulier des liens désormais indissociables entre Marché intérieur et Espace de liberté, sécurité et justice. [Droit des libertés fondamentales 2022-2023](#) Charlotte Denizeau, 2022-08-08 Tout le cours des conseils méthodologiques. Le droit administratif est au cœur de la conception française de l'état de droit. Spécifiquement, il régit la partie de l'activité administrative que la République ne peut ou ne veut pas soumettre au droit commun et il s'efforce de répondre aux défis de notre époque : construction européenne et mondialisation, crise de l'état providence et privatisation de l'administration. Cet ouvrage permet d'appréhender de manière synthétique et didactique l'organisation de l'administration française, ses missions et ses obligations. Constamment actualisé, il présente et approfondit les notions et les principes essentiels du droit administratif et propose une évaluation des connaissances QCM ainsi qu'un entraînement aux techniques de la dissertation et du commentaire d'arrêt assorti de conseils méthodologiques. Cet ouvrage s'adresse aux étudiants en licence et master, aux candidats aux concours administratifs (ENM, ENSP, IRA, etc.) et aux examens professionnels (CRFPA, etc.). **Droit des libertés fondamentales**
