Alfred's Piano 101 the Short Course Lesson, Bk 1 E. L. Lancaster, Kenon D. Renfrow, 1999-11 This series isn't intended for a self-instructional setting; the exercises include accompaniments for a teacher to play along with the students but its content is comprehensive enough that it could be used for self-instruction as well. The writing is basic and straightforward without the pally or occasionally hackneyed presentation of some of the other series profiled here. Of all these series this along with Carl Fischer's ABC's of Strings book and DVD series by Janice Tucker Rhoda which is an ongoing series but has no new or forthcoming 2009 titles is probably the most traditional in instructional style. For adults New for 2009 Bass 101 ISBN 978 0 7390 5695 0 Guitar 101 ISBN 978 0 7390 5694 3 and Keyboard 101 ISBN 978 0 7390 5693 6 Copyright Reed Business Information a division of Reed Elsevier Inc All rights reserved

Encyclopedia of American Short Films, 1926-1959 Graham Webb,2020-07-27 Short subject films have a long history in American cinemas These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon a newsreel possibly a serial and a short before launching into the feature film Shorts could tackle any topic of interest an unusual travelogue a comedy musical revues sports nature or popular vaudeville acts With the advent of sound on film in the mid to late 1920s makers of earlier silent short subjects began experimenting with the short films using them as a testing ground for the use of sound in feature movies After the Second World War and the rising popularity of television short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s

Markov Chains and Mixing Times David Asher Levin,Yuval Peres,Elizabeth Lee Wilmer, This book is an introduction to the modern approach to the theory of Markov chains The main goal of this approach is to determine the rate of convergence of a Markov chain to the stationary distribution as a function of the size and geometry of the state space The authors develop the key tools for estimating convergence times including coupling strong stationary times and spectral methods Whenever possible probabilistic methods are emphasized The book includes many examples and provides brief introductions to some central models of statistical mechanics Also provided are accounts of random walks on networks including hitting and cover times and analyses of several methods of shuffling cards As a prerequisite the authors assume a modest understanding of probability theory and linear algebra at an undergraduate level Markov Chains and Mixing Times is meant to bring the excitement of this active area of research to a wide audience

Composing a World Leta E. Miller,Fredric Lieberman,2004 Since its original publication Composing a World by Leta E Miller and Fredric Lieberman has become the definitive work on the prolific California composer Lou Harrison often cited as one of America s most original and influential figures Composing a World presents a compelling and deeply human portrait of an exceptionally beloved pioneer in American music This paperback edition is an updated version of the highly acclaimed Lou Harrison Composing a World The product of extensive research as well as seventy five interviews with the composer and those associated with him over half a century this new edition features an updated works catalog reflecting compositions completed after 1997 adds a brief description of the circumstances of Harrison s death and corrects a few minor errors It also includes an annotated works list detailing more

than 300 compositions and a CD featuring over 74 minutes of illustrative Harrison compositions including several unique and previously unrecorded works Extending beyond simple biography Composing a World includes chapters on music and dance intonation and tuning instrument building music criticism political activism homosexuality and Harrison s Asian influences among other topics This indispensable study of Harrison s life and works currently out of print will be welcomed back by performing artists students and scholars of American music

New York Magazine ,1988-05-16 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
