Shovelling Trouble:

House of Words Norman Ravvin, 1997-10-15 Arguing that Jewish North American writing is too commonly discussed as part of the mainstream neglecting the Jewish aspects of the works Ravvin places the writing of Bellow Richler Cohen West Mandel Roth and Rosenfarb within the Jewish context that the works demand Ravvin depicts a Jewish cultural landscape within which postwar writers contend with community and identity continuity and loss and highlights the way this particular landscape is entangled with broader literary and cultural traditions He considers Bellow and West alongside apocalyptic narratives discusses Cohen in relation to the counterculture examines Mandel's postmodern view of history and looks at autobiography and ethics in Roth and Rosenfarb At once scholarly and poetic *A House of Words* will appeal to the general reader of Canadian American and Jewish literature and history as well as to specialists in these fields

In Churchill's Shadow David Cannadine, 2003-01-15 With *In Churchill's Shadow* David Cannadine offers an intriguing look at ways in which perceptions of a glorious past have continued to haunt the British present often crushing efforts to shake them off The book centers on Churchill a titanic figure whose influence spanned the century Though he was the savior of modern Britain Churchill was a creature of the Victorian age Though he proclaimed he had not become Prime Minister to preside over the liquidation of the British Empire in effect he was doomed to do just that And though he has gone down in history for his defiant orations during the crisis of World War II Cannadine shows that for most of his career Churchill's love of rhetoric was his own worst enemy Cannadine turns an equally insightful gaze on the institutions and individuals that embodied the image of Britain in this period Gilbert Sullivan Ian Fleming Noel Coward the National Trust and the Palace of Westminster itself the home and symbol of Britain's parliamentary government This superb volume offers a wry sympathetic yet penetrating look at how national identity evolved in the era of the waning of an empire
