moments of acute crisis comic excursions formal excavations confrontations with the cultural illogics of contemporary political consciousness the poems work as an ensemble each part contributing something necessary to an unrealizable and unrepresentable whole Indeed representation and related claims to truth and moral certainty is an active concern throughout the book The poems of *Girly Man* may be oblique satiric or elusive but their sense is emphatic Indeed Bernstein's poetry performs its ideas so that they can be experienced as well as understood A passionate defense of contingency resistance and multiplicity *Girly Man* is a provocative and aesthetically challenging collection of radical verse from one of America's most controversial poets

The Last Ocean Nicci Gerrard,2020-08-11 From the award winning journalist and author a lyrical raw and humane investigation of dementia that explores both the journeys of the people who live with the condition and those of their loved ones After a diagnosis of dementia Nicci Gerrard s father John continued to live life on his own terms alongside the disease But when an isolating hospital stay precipitated a dramatic turn for the worse Gerrard an award winning journalist and author recognized that it was not just the disease but misguided protocol and harmful practices that cause such pain at the end of life Gerrard was inspired to seek a better course for all who suffer because of the disease The Last Ocean is Gerrard s investigation into what dementia does to both the person who lives with the condition and to their caregivers Dementia is now one of the leading causes of death in the West and this necessary book will offer both comfort and a map to those walking through it While she begins with her father s long slip into forgetting Gerrard expands to examine dementia writ large Gerrard gives raw but literary shape both to the unimaginable loss of one s own faculties as well as to the pain of their loved ones Her lens is unflinching but Gerrard honors her subjects and finds the beauty and the humanity in their seemingly diminished states In so doing she examines the philosophy of what it means to have a self as well as how we can offer dignity and peace to those who suffer with this terrible disease Not only will it aid those walking with dementia patients The Last Ocean will prompt all of us to think on the nature of a life well lived *In the Shadow of the Mountain* Edwin G.
