The Shire Horse in Peace and War J. Albert Frost, 2022-06-03 In *The Shire Horse in Peace and War* J Albert Frost brings to life the magnificent Shire horse integrating detailed expertise with a warmly accessible narrative tone Frost s oeuvre stands as a comprehensive tome on the Old English War Horse s enduring legacy focusing on its transition from medieval battlefields to pastoral labor With a historically rich lens and a poignant scribe this 1915 publication delves into the breed s utilitarian prowess both in peacetime agriculture and wartime logistics Imbued with the literary context of an era embroiled in the throes of the Great War it reflects a paradoxical moment in time when these mighty equines were tasked with warfare yet longed for in pastoral settings in a blend of equestrian study and social commentary rendered in a style tailored for the agriculturist reader Authored by a sage of the soil and scholar in the saddle J Albert Frost pens *The Shire Horse in Peace and War* from an intimate vantage point His own experience as an agrarian and an observer of equine virtue shaped the contours of his narrative resulting in a work that is as much a love letter to the Shire horse as it is a historical document At a time when the future of these noble beasts was as uncertain as that of the world Frost s insights and aspirations imbued the text with a sense of hope that transcended the despair of conflict A profoundly engaging read Frost s volume is recommended for aficionados of military agricultural and equestrian history alike In an era when technology has long since eclipsed the role of draught animals in both agriculture and warfare *The Shire Horse in Peace and War* offers a poignant reminder of a bygone era It emerges as a critical testament to the bond between human and horse serving as both a valuable piece of agricultural heritage and a beacon of hope during humanity s darkest hours This book invites readers to saddle up on a journey through time reflection and the enduring spirit of these gentle giants

watched as the sky cleared All his mares were in foal they had been turned out out on the mountain and had strayed on to MOD land The stallion had been disorientated by loud explosions and had taken his mares in the wrong direction away from home One of his mares wandered away Her foal was black as a crow lovely strong and full of promise for the future Cilla's life started in the mountains of Wales and after being sold to three new owners in England found her self back near the Brecon Beacons

Farming with Horses Steven Bowers Marlen Steward, In the early twentieth century the proliferation of farm tractors dramatically eased the burden on America's farmers It seemed the day of the horse drawn plough was well over And yet today with a new generation working smaller spreads for reasons of necessity economics or personal conviction draft horses are going back to work in a big way and proving their worth once more This book by a widely respected trainer of working horses aims to show those new to farming with horses or those simply in need of a brush up everything they need to make the old ways work like new With a wealth of color illustrations and clear to the point prose *Farming with Horses* reviews the different types of harness and collar explains how to select a work horse and how to hitch a horse to an implement and fully describes lateral and longitudinal alignment rein grips and every other aspect of farming with horses

New Zealand Farmer Weekly, 1926 *The Mother of All Arts* Gene Logsdon, 2007-07-20 When Gene Logsdon realized that he experienced the same creative joy from farming as he did from writing he suspected that agriculture itself was a form of art Thus began his search for the origins of the artistic impulse in the agrarian lifestyle *The Mother of All Arts* is the culmination of Logsdon's journey his account of friendships with farmers and artists driven by the urge to create He chronicles his long relationship with Wendell Berry and discovers the playful humor of several new agrarian writers He reveals insights gleaned from conversations with Andrew Wyeth and his family of artists Through his association with musicians such as Willie Nelson and his involvement with Farm Aid Logsdon learns how music blues jazz country and even rock n roll is also rooted in agriculture Logsdon sheds new light on the work of rural painters writers and musicians and suggests that their art could be created only by those who work intimately with the land Unlike the gritty realism or abstract expressionism often favored by contemporary critics agrarian art evokes familiar feelings of community and comfort Most important Logsdon convincingly demonstrates that diminishing the connection between art and nature lessens the social and aesthetic value of both *The Mother of All Arts* explores these cultural connections and traces the development of a new agrarian culture that Logsdon believes will eventually replace the model brought about by the industrial revolution Humorous and introspective the book is neither conventional cultural criticism nor traditional art criticism It is a unique lively meditation on the nature and purpose of art and on the life well lived by one of the truly original voices of rural America

Horse Power and Magic George Ewart Evans, 2012-03-15 The pioneering oral historian George Ewart Evans began to record the farming ways of East Anglia in the 1950s by listening to old men and women whose memories went back more than fifty or sixty years Many were agricultural labourers born before the turn of the century who had worked on farms

before the arrival of mechanisation It was assumed at that time that horses would soon disappear from the farms and that this was the last chance of recording the part they had played for centuries It later became clear that this forecast was too pessimistic and in *Horse Power and Magic* Faber 1979 Ewart Evans describes in fascinating detail some important farms where horses continued to be beneficially used more than thirty years later He discovered that the traditions of the older horsemen had not died out but had been passed on in only slightly attenuated form to a younger generation keen to farm with horses proving that the day of the heavy horse was by no means over He also describes vividly the ways of horse tamers whose skills had a touch of magic about them Taking his works as a whole there is no doubt that George Ewart Evans will survive as a fascinating pioneer of the extra academic recording of human history he has found a dimension all his own This is indeed the very stuff of history *Sunday Times* **The British Veterinary Journal** ,1917 Peter Leone's Show Jumping Clinic Kimberly S.
