Detente Joseph I Coffey,2022-06-30 This study will attempt to define precisely the nature of the differences between the United States and the FRG with respect to a particular set of issues arising out of the policy of Defense and Detente which is intended to insure peace and security in Europe More importantly it will also try to uncover the reasons for those differences in order to see whether to what extent and by what means the policies of the two countries can be brought closer together In short this study is an attempt at policy prescription based on an analysis of factors influencing previous policies and programs *Soviet Military Doctrine and Western Policy* Gregory Flynn,2021-01-26 This book first published in 1989 analyses Western and Soviet perceptions of each other s military thoughts and doctrines a key part of the Cold War where both sides planned to both win a possible conflict and to avoid one The work demonstrates that both East and West made judgments about each other s military profile on the basis of political preconceptions **International Peacekeeping: The Yearbook of International Peace Operations** Harvey Langholtz,Boris Kondoch,Alan Wells,2021-11-22 International

Peacekeeping is devoted to reporting upon and analyzing international peacekeeping with an emphasis upon legal and policy issues but is not limited to these issues It is recognized that in today s world there is a wealth of information available from the internet and through other sources It is therefore the goal of this Yearbook to make this information available in one publication which both organizes and records events over the course of a year through analytical articles a chronicle primary documents and a bibliography Topics include inter alia peacekeeping peace war conflict resolution diplomacy international law international security humanitarian relief humanitarian law and terrorism The Yearbook is of scholarly quality but is not narrowly theoretical It provides the interested public diplomats civil servants politicians the military academics journalists NGO employees and serious citizens with a document of record comment and a starting point for further research on peacekeeping and related topics This is achieved not only by the provision of basic documents on CD ROM such as Security Council Resolutions and Reports of the UN Secretary General but also by expert commentaries on world events

Peacekeeping is treated in a pragmatic light seen as a form of international military cooperation for the preservation or restoration of international peace and security Attention is focused not only on UN peacekeeping operations but other missions as well This Yearbook is the continuation of the journal International Peacekeeping *Directory of European political scientists* European Consortium for Political Research, University of Essex. Compiled and ed. by the Central Services of the ECPR,2016-11-07 No detailed description available for Directory of European political scientists **Why Movements Matter** Steve Breyman,2001-07-12 Why Movements Matter is a provocative account of how the Reagan administration relented to pressures created by international peace movements during one of the most dangerous episodes of the Cold War Breyman provides the first systematic account of the West German anti missile movement among the most important citizen mobilizations of postwar Western history Contrary to conventional wisdom Breyman offers compelling evidence that peace movements rather than any escalation of Cold War spending or rhetorical belligerence hastened the demise of the Cold War

The product of extensive research Why Movements Matter advances social movement theory and the political sociology of peace movements expands our understanding of the interaction of political parties and political movements explores the links between public opinion and organized dissent and provides an assessment of a movement whose immediate impact shook the halls of power in Washington and Moscow yet also had a deep and lasting influence on politics culture and society

Armament and Disarmament Dieter S. Lutz, 1989 **Einsatz ohne Krieg?** Jochen Maurer, Martin Rink, 2021-01-18 Diese Einsatzgeschichte der Bundeswehr erzählt von einer Armee im Einsatz von Einsatzerfahrungen einzelner Soldatinnen und Soldaten und beleuchtet das Verhältnis des wiedervereinigten Deutschlands zum Krieg. Befinden sich deutsche Soldaten im Krieg? Die Auslandseinsätze der Bundeswehr haben nicht nur die Streitkräfte sondern auch den politischen Diskurs über diese Frage verändert. Schon in den 1990er Jahren begleitete das Ringen um eine deutsche Kriegsbeteiligung die Bundeswehr auf ihrem Weg von der Armee der Einheit zur Armee im Einsatz. Seitdem haben über 380 000 Soldatinnen und Soldaten einen Auslandseinsatz absolviert. Zu dieser komplexen Einsatzgeschichte der Bundeswehr erffnet der vorliegende Band Zugänge aus der Perspektive der Militärgeschichte der Sozialwissenschaften sowie aus der Sicht von ausgewählten Zeitzeugen.
