**Sick-Note Britain** Adrian Massey,2019-03-01 Dr Adrian Massey has worked at the intersection of medicine and society for decades He argues compellingly that our hyper medicalized society has falsely equated sickness with illness and sickness with unfitness to work whereas sickness is primarily a social problem requiring social not medical solutions *Sick Note Britain* lays bare Britain s gross error when doctors cannot fix anxiety or chronic pain workplace attendance is still treated as a matter for arbitration by our strained primary care service What is needed is a tailored employer employee contractual solution but obstacles block this approach excessively complex employment law constraining both sides an outdated benefits system that overburdens doctors and traumatizes the vulnerable and a workplace culture that is too inflexible to keep sick employees in work This is a blistering condemnation of a sham system that works for nobody and an urgent call to rethink how we manage sickness for the sake of our economy our wellbeing and our health service
