The Cosmos of Duty Roger Crisp, 2015-06-04 Roger Crisp presents a comprehensive study of Henry Sidgwick's *The Methods of Ethics* a landmark work first published in 1874 Crisp argues that Sidgwick is largely right about many central issues in moral philosophy the metaphysics and epistemology of ethics consequentialism hedonism about well being and the weight to be given to self interest He holds that Sidgwick's long discussion of common sense morality is probably the best discussion of deontology we have And yet *The Methods of Ethics* can be hard to understand and this is perhaps one reason why though it is a philosophical goldmine few have ventured deeply into it What does Sidgwick mean by a method Why does he discuss only three methods What are his arguments for hedonism and for utilitarianism How can we make sense of the idea of moral intuition What is the role of virtue in Sidgwick's ethics Crisp addresses these and many other questions offering a fresh view of Sidgwick's text which will assist any moral philosopher to gain more from it

[A.V. Dicey and the Common Law Constitutional Tradition](#) Mark D. Walters, 2020-11-12 In the common law world Albert Venn Dicey 1835-1922 is known as the high priest of orthodox constitutional theory as an ideological and nationalistic positivist In his analytical coldness his celebration of sovereign power and his incessant drive to organize and codify legal rules separate from moral values or political realities Dicey is an uncanny figure This book challenges this received view of Dicey Through a re-examination of his life and his 1885 book *Law of the Constitution* the high priest Dicey is defrocked and a more human Dicey steps forward to offer alternative ways of reading his canonical text who struggled to appreciate law as a form of reasoned discourse that integrates values of legality and authority through methods of ordinary legal interpretation The result is a unique common law constitutional discourse through which assertions of sovereign power are conditioned by moral aspirations associated with the rule of law

[Morality and Universality](#) N.T. Potter, Mark Timmons, 2012-12-06 In the past 25 years or so the issue of ethical universalizability has figured prominently in theoretical as well as practical ethics The term universalizability used in connection with ethical considerations was apparently first introduced in the mid 1950s by R M Hare to refer to what he characterized as a logical thesis about certain sorts of evaluative sentences Hare 1955 The term has since been used to cover

a broad variety of ethical considerations including those associated with the ideas of impartiality consistency justice equality and reversibility as well as those raised in the familiar questions What if everyone did that and How would you like it if someone did that to you But this recent efflorescence of the use of the term universalizability is something that has deep historical roots and has been central in various forms to the thinking about morality of some of the greatest and most influential philosophers in the western tradition While the term is relatively new the ideas it is now used to express have a long history Most of these ideas and questions have been or can be formulated into a principle to be discussed criticized or defended As we discuss these ideas below this principle will be stated on a separate numbered line The concepts of justice and equality were closely linked in Greek thought These connections between these two concepts are apparent even in two authors who were hostile to the connection Plato and Aristotle

**The Development of Ethics** Terence Irwin, 2007 This book is a selective historical and critical study of moral philosophy in the Socratic tradition with special attention to Aristotelian naturalism It discusses the main topics of moral philosophy as they have developed historically including the human good human nature justice friendship and morality the methods of moral inquiry the virtues and their connexions will freedom and responsibility reason and emotion relativism subjectivism and realism the theological aspect of morality The first volume discusses ancient and mediaeval moral philosophy The second volume examines early modern moral philosophy from the 16th to the 18th century This third volume continues the story up to Rawls's Theory of Justice A comparison between the Kantian and the Aristotelian outlook is one central theme of the third volume The chapters on Kant compare Kant both with his rationalist and empiricist predecessors and with the Aristotelian naturalist tradition Reactions to Kant are traced through Hegel Schopenhauer Nietzsche and Kierkegaard Utilitarian and idealist approaches to Kantian and Aristotelian views are traced through Sidgwick Bradley and Green Mill and Sidgwick provide a link between 18th century rationalism and sentimentalism and the 20th century debates in the metaphysics and epistemology of morality These debates are explored in Moore Ross Stevenson Hare C I Lewis Heidegger and in some more recent meta ethical discussion This volume concludes with a discussion of Rawls with special emphasis on a comparison of his position with utilitarianism intuitionism Kantianism naturalism and idealism Since this book seeks to be not only descriptive and exegetical but also philosophical it discusses the comparative merits of different views the difficulties that they raise and how some of the difficulties might be resolved It presents the leading moral philosophers of the past as participants in a rational discussion in which the contemporary reader can participate EBL

**The Development of Ethics: Volume 2** Terence Irwin, 2008-07-31 The Development of Ethics is a selective historical and critical study of moral philosophy in the Socratic tradition with special attention to Aristotelian naturalism It discusses the main topics of moral philosophy as they have developed historically including the human good human nature justice friendship and morality the methods of moral inquiry the virtues and their connexions will freedom and responsibility reason and emotion relativism subjectivism and realism the theological aspect of morality This volume

examines early modern moral philosophy from the sixteenth to the eighteenth century Volume 3 will continue the story up to Rawls s Theory of Justice The present volume begins with Suarez s interpretation of Scholastic moral philosophy and examines seventeenth and eighteenth century responses to the Scholastic outlook to see how far they constitute a distinctively different conception of moral philosophy The treatments of natural law by Grotius Hobbes Cumberland and Pufendorf are treated in some detail Disputes about moral facts moral judgments and moral motivation are traced through Cudworth Clarke Balguy Hutcheson Hume Price and Reid Butler s defence of a naturalist account of morality is examined and compared with the Aristotelian and Scholastic views discussed in Volume 1 The volume ends with a survey of the persistence of voluntarism in English moral philosophy and a brief discussion of the contrasts and connexions between Rousseau and earlier views on natural law The emphasis of the book is not purely descriptive narrative or exegetical but also philosophical Irwin discusses the comparative merits of different views the difficulties that they raise and how some of the difficulties might be resolved The book tries to present the leading moral philosophers of the past as participants in a rational discussion that is still being carried on and tries to help the reader to participate in this discussion

**Beyond the Bifurcation of Nature** Dan Dombrowski, Brianne Donaldson, 2014-10-21 Environmental destruction animal abuse and widespread indifference toward plants and elemental systems demand that a human centric view of the world be permanently dismantled But once it is what functional hierarchies take its place if any This volume brings Alfred North Whitehead s process relational worldview into conversation with deeper empirical perspectives on science and religion with activist and de constructive philosophies with South Asian and indigenous traditions and with *The Ideal of a Rational Morality* Marcus George Singer, 2002 This is a collection of essays by moral philosopher Marcus George Singer in which the guiding theme is the concept of a morality based in reason which is presupposed in ordinary moral contexts and provides an ideal for improving ordinary morality and correcting moral judgements

**The Oxford Companion to Philosophy** Ted Honderich, 2005-03-10 Oxford University Press presents a major new edition of the definitive philosophical reference work for readers at all levels For ten years the original volume has served as a stimulating introduction for general readers and as an indispensable guide for students its breadth and depth of coverage have ensured that it is also read with pleasure and interest by those working at a higher level in philosophy and related disciplines A distinguished international assembly of 249 philosophers contributed almost 2 000 entries and many of these have now been considerably revised and updated to these are added over 300 brand new pieces on a fascinating range of current topics This new edition offers enlightening and enjoyable discussions of all aspects of philosophy and of the lives and work of the great philosophers from antiquity to the present day
