**Sigiriya** ,2022      **The Sigiriya Royal Gardens** Nilan Cooray,2012-10-19 Besides the efforts that are of a descriptive and celebrative nature studies related to Sri Lanka's historical built heritage largely view material remains in historical sociological socio historical and semiological perspectives There is hardly any serious attempt to view such material remains from a technical analytical approach to understand the compositional aspects of their design The 5th century AC royal complex at Sigiriya is no exception in this regard The enormous wealth of information and the material remains unearthed during more than 100 years of field based research by several generations of archaeologists provide an ideal opportunity for such analysis The Sigiriya Royal Gardens fills the gap in research related to Sri Lanka's historical built heritage in general and to Sigiriya in particular Therefore the present research attempts to read Sigiriya as a landscape architectonic design to expose its architectonic composition and design instruments      *The Pleasure Gardens of Sigiriya* Osmund Bopearachchi,2006      Art, Architecture, and the Moving Viewer, c. 300-1500 CE ,2022-04-19 Premodern architecture and built environments were fluid spaces whose configurations and meanings were constantly adapting and changing The production of transitory meaning transpired whenever a body or object moved through these dynamic spaces Whether spanning the short duration of a procession or the centuries of a building's longue dur e a body or object in motion created in the moment narratives that unfolded through time and space The authors in this volume forge new approaches to architectural studies by focusing on the interaction between monuments artworks and their viewers at different points in space and time Contributors are Christopher A Born Elizabeth Carson Pastan Nicole Corrigan Gillian B Elliott Barbara Franz Anne Heath Philip Jacks Divya Kumar Dumas Brigitte Kurmann Schwarz Ashley J Laverock Susan Leibacher Ward Elodie Leschot Meghan Mattsson McGinnis Michael Sizer Kelly Thor and Laura J Whatley      *Architectural Conservation in Asia* John H. Stubbs,Robert G. Thomson,2016-11-10 The first comprehensive overview of architectural conservation in Asia Internationally renowned author John Stubbs follows up on the success of his previous volumes Time Honored A Global View of Architectural Conservation and Architectural Conservation in Europe and the Americas Architectural conservation is a rapidly expanding and under researched field in Asia and is international experts are often brought in making the subject of considerable interest to international academics Boxes and case studies by local experts add depth and interest to the authors meticulous research A website with extra information and resources accompanies the series <http://conservebuiltworld.com>      **Asian Heritage Management** Kapila Silva,Neel Kamal Chapagain,2013-03-05 The prevalent global heritage discourse has been primarily Euro centric in its origin premise and praxis Diverse cultural historical and geographical contexts such as that of Asia call for more context specific approaches to heritage management This book explores this complexity of managing the cultural heritage in Asia Case studies include sites of Angkor Himeji Castle Kathmandu Valley Luang Prabang Lumbini and Malacca and the book uses these to explore the religious worldviews heritage policies intangible

heritage dimensions traditional preservation practices cultural tourism and the notion of cultural landscape that are crucial in understanding the cultural heritage in Asia It critiques the contemporary regulatory frameworks in operation and focuses on the issues of global impact on the local cultures in the region The book goes on to emphasize the need for integrated heritage management approaches that encompass the plurality of heritage conservation concerns in Asian countries Themes are discussed from the vantage point of heritage scholars and practitioners in the South Southeast and East Asia This book thus presents a distinctive Asian perspective which is a valuable source for students and practitioners of heritage within and beyond the Asian context     *Encyclopedia of Sri Lanka* Charles A. that Keyt went through because of his tumultuous relationships with women his close involvement with social events in India and Sri Lanka on the threshold of Independence and his somewhat angular engagement with artists of the 43 Group A collector's delight including colour plates and black and white photographs reminiscences and intimate correspondences this book reveals the portrait of an artist among the most charismatic figures of our time This book will be of interest to scholars and researchers of art and art history modern South Asian studies sociology cultural studies as well as art aficionados
