around 1963 in Dusseldorf during a time of enormous social cultural and artistic changes in Germany and elsewhere Few of his works demonstrate more vividly his imagination sardonic wit and subversive approach than the drawings watercolors and gouaches produced during the 1960s and early 1970s Embedded in these images are incisive and parodic commentaries on consumer society the postwar political scene in Germany and classic artistic conventions

[Permission to Laugh](#) Gregory H. Williams, 2012-06-12 Permission to Laugh explores the work of three generations of German artists who beginning in the 1960s turned to jokes and wit in an effort to confront complex questions regarding German politics and history Gregory H Williams highlights six of them Martin Kippenberger Isa Genzken Rosemarie Trockel Albert Oehlen Georg Herold and Werner B ttner who came of age in the mid 1970s in the art scenes of West Berlin Cologne and Hamburg Williams argues that each employed a distinctive brand of humor that responded to the period of political apathy that followed a decade of intense political ferment in West Germany Situating these artists between the politically motivated art of 1960s West Germany and the trends that followed German unification in 1990 Williams describes how they no longer heeded calls for a brighter future turning to jokes anecdotes and linguistic play in their work instead of overt political messages He reveals that behind these practices is a profound loss of faith in the belief that art has the force to promulgate political change and humor enabled artists to register this changed perspective while still supporting isolated instances of

critical social commentary Providing a much needed examination of the development of postmodernism in Germany Permission to Laugh will appeal to scholars curators and critics invested in modern and contemporary German art as well as fans of these internationally renowned artists

Summer of Love Christoph Grunenberg,Jonathan Harris,Jonathan P. Harris,2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life The Summer of Love brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can't remember it

Art, Money, Parties Jonathan Harris,2004-01-01 From the phenomenally successful new Tate Modern to the Dia Beacon and Liverpool Biennial contemporary visual art seems more than ever enmeshed in prominent public institutions and new forms of patronage whether public commissions or corporate sponsorships InArt Money Parties renowned figures from the art world including artists dealers and gallery owners join scholars to consider these new institutional faces of contemporary art their influence on art and artists and how they affect the future of art The essays in this collection which originated at a conference organized by Tate Liverpool and the University of Liverpool offer frequently contentious positions on the role of new institutions and patronage in the world of contemporary art For example while Liverpool Biennial director Lewis Biggs delivers a fairly optimistic assessment of the state of contemporary art scholar Paul Usherwood unleashes a scathing critique of recent public art commissions From opposing perspectives gallery owner Sadie Coles reviews the history of her own involvement in the art world during the 1990s and artist Stewart Home offers a sharply contrasting view of the value of the art produced in that decade Rather than an attempt to craft a consensus though Art Money Parties is instead an effort to map out the position of and possibilities for contemporary art in a period of growing public sponsorship and attention The vibrant growing interest in contemporary art evidenced by the success of the institutions under consideration makesArt Money Partiesa timely and indispensable contribution to any debate on the present and future of art
