Modernist Waterscapes Marlene Dirschauer,2023-01-04 This book identifies water as the key element of Virginia Woolf s modernist poetics The various forms movements and properties of water inspired Woolf s writing of reality time and bodies and offered her an apt medium to reflect on the possibilities as well as on the exhaustion of her art As a deeply intertextual writer Woolf recognised how profoundly water has shaped human imagination and the landscape of the literary past In line with recent ecocritical and ecofeminist assessments of her works this book also shows Woolf s attraction to water as part of an indifferent nature that exists prior to and beyond the symbolic Through close analyses that span the whole of Woolf s oeuvre and that centre on the metaphorical and the material voices of water in her works *Modernist Waterscapes* offers a fresh perspective on a writing that is as versatile as the element from which it draws The monograph addresses postgraduate students and scholars working in modernist studies and Woolf studies in particular *House of Falling Rain* C.A.
