

The background of the book cover is a monochromatic blue photograph. On the left, a large white ship is docked at a wooden pier. The ship's hull is visible, with several portholes. In the foreground on the right, a sailor in a dark uniform and white-topped hat stands looking out towards the ship. The water is calm, and a distant shoreline with some buildings is visible in the background.

**Long Night's Journey into Day** Charles G. Roland, 2010-10-30 Sickness starvation brutality and forced labour plagued the existence of tens of thousands of Allied POWs in World War II More than a quarter of these POWs died in captivity Long Night's Journey into Day centres on the lives of Canadian British Indian and Hong Kong POWs captured at Hong Kong in December 1941 and incarcerated in camps in Hong Kong and the Japanese Home Islands Experiences of American POWs in the Philippines and British and Australians POWs in Singapore are interwoven throughout the book Starvation and diseases such as diphtheria beriberi dysentery and tuberculosis afflicted all these unfortunate men affecting their lives not only in the camps during the war but after they returned home Yet despite the dispiriting circumstances of their captivity these men found ways to improve their existence keeping up their morale with such events as musical concerts and entertainments created entirely within the various camps Based largely on hundreds of interviews with former POWs as well as material culled from archives around the world Professor Roland details the extremes the prisoners endured from having to eat fattened maggots in order to live to choosing starvation by trading away their skimpy rations for cigarettes No previous book has shown the essential relationship between almost universal ill health and POW life and death or provides such a complete and unbiased account of POW life in the Far East in the 1940s

**Long Night's Journey Into Day** Charles G. Roland, 2001

**Surviving the Sword** Brian MacArthur, 2005 During World War II there were few fates that could befall a soldier so hellish as internment in a Japanese prisoner of war camp To this day many survivors most of whom are in their eighties still cannot talk about their experiences without unearthing terrible memories Surviving the Sword gives voice to these tens of thousands of Allied POWs and offers us a powerful reminder of the terror and deprivations of war and the resilience of the human spirit In this important book Brian MacArthur draws on the diaries of American British Dutch and Australian POWs Far Eastern prisoners of war some of whose recollections are published here for the first time These soldiers wrote and kept their diaries in secret because they were determined that to record for posterity how they were starved and beaten marched almost to death or transported on hellships how their fellows were summarily executed by guards or felled by the thousands by tropical diseases and how they were used as slave labor most notoriously on the Burma Thailand railway as depicted in The Bridge on the River Kwai The diaries excerpted in this book make plain why the POWs believed that their brutal treatment by Japanese and Korean guards was literally incomprehensible to those who did not live it The prisoners whose stories appear here risked torture and execution to keep diaries and make sketches and drawings that they hid from the guards wherever they could sometimes burying them in the graves of lost comrades The survivors' narratives reveal not just a litany of horrors but are a moving testament to the nobler instincts of humanity as well detailing how the POWs prevailed over horrible conditions even finding or creating a precious few creature comforts and sustaining the rudiments of culture learning and play Forced into solidarity by inhuman conditions the soldiers showed incredible compassion for one another

improvising ingenious ways to care for the sick boost morale by subtly mocking their jailers authority or even turn meager rations into the occasional feast Countless thousands died in Japanese prison camps during World War II Those fortunate enough to emerge from their ordeal were never the same again Surviving the Sword at last fills a notable historical gap in our understanding while also commemorating and memorializing the Fepows struggle and sacrifice      **Once Forgotten** D. Randall Haley, 2012-02-28 This story is Philip R Haley s recollection of the events that transpired in and around his life in World War II to include his 39 months and 11 days as a Japanese Prisoner of War POW It is a detailed analysis of the war and an important perspective on how this great struggle affected an entire generation of Americans as well as those subsequent generations that followed his This is also a personalized oral account of the historical happenings and underpinnings that stand on its own as a part of the unwritten history of the Second World War      **Planning and Realities** Andrew Chesworth, 2017      **Echoes of Captivity** , 2020      *In Japanese Hands* John Charles Sharp, 1952
