Christianity Colleen McDannell,1995-01-01 What can the religious objects used by nineteenth and twentieth century
 Americans tell us about American Christianity What is the relationship between the beliefs of the faithful and the landscapes
 they build This lavishly illustrated book investigates the history and meaning of Christian material culture in America over
 the last 150 years Drawing on a rich array of historical sources and on in depth interviews with Protestants Catholics and
 Mormons Colleen McDannell examines the relationship between religion and mass consumption She describes examples of
 nineteenth century religious practice Victorians burying their dead in cultivated cemetery parks Protestants producing and
 displaying elaborate family Bibles Catholics writing for special water from Lourdes reputed to have miraculous powers And
 she looks at today s Christians Mormons wearing sacred underclothing as a reminder of their religious promises Catholics
 debating the design of tasteful churches and Protestants manufacturing marketing and using a vast array of prints clothing
 figurines jewelry and toys that some label Jesus junk but that others see as a witness to their faith McDannell claims that
 previous studies of American Christianity have overemphasized the written cognitive and ethical dimensions of religion
 presenting faith as a disembodied system of beliefs She shifts attention from the church and the theological seminary to the
 workplace home cemetery and Sunday school highlighting a different Christianity one in which average Christians
 experience the divine the nature of death the power of healing and the meaning of community through interacting with a
