What's Behind the Looking Glass? Eric Shepherd, 2014-12-26 Most people wish they could get a second chance in life A do over and correct those mistakes that now lay hidden or buried in their closet They wish they could hide all those painful memories and lock them all away into a box Buried them so deep hoping they never resurface rather than too face them at all EJ Stuart is just such a person yet his memories are not the same nor are the hardships of abuse caused by a broken home the same as another man's down the street His nightmares are worlds apart than any man has ever faced He dreams of darkness everlasting darkness so evil that it can tear a man's mind apart Death to some is only a beginning to something else but what if it was designed to change the outcome entirely yes a redo But what of the cost and are you willing to pay for it even if it is your very soul is at

stake EJ Stuart as man now a statuses quo in this world is given the opportunity But first he must choose to as he sits one last time on porch alone waging war with his darkest thoughts That brought him to this stage of life which hunts his dreams and has now entered his waking state Which will he chose Death or a chance to change his destiny forever knowing his very soul is at stake Knowing he could never come back Knowing his life could be changed forever and others around him For this choice is a gift which can only be obtained Behind the Looking Glass Where worlds such as Nightmares Monsters and Fairytale are real and some or seeking his very soul others are asking for help his help to save his and their world from the grasp of evil Choose well **Victorian Literature in the Looking Glass of Psychology** Melinda Gorgan,24-11-08

Looking Glass is the sequel to Alice's Adventures in Wonderland It is based on his meeting with another Alice Alice Raikes

Set some six months later than the earlier book Alice again enters a fantastical world this time by climbing through a mirror into the world that she can see beyond it The book takes a look at the world of the mirror and the world beyond it Reflections distortions and fantasy are major ingredients in this wonderful book which brings together the worlds of the child and the adult Sparkling characters are found in the narrative ranging from Humpty Dumpty to the Red Queen to the Unicorn The story opens on a snowy wintry night uses frequent changes in time and spatial directions as a plot device and draws on the imagery of chess In it there are many mirror themes including opposites time running backwards and so on

Through the Looking-Glass, and What Alice Found There Lewis Carroll, 2014-08-01 Alice is bored at home but not for long suddenly she finds she can step through her mirror into a fantastical world where everything is backwards From insulting flowers to giant insects to the nonsensical Tweedledee and Tweedledum Alice's confusing journey through the world of Looking Glass House is anything but easy Is it all really just a dream or could it be something more than that Featuring the infamous poem Jabberwocky this is the unabridged version of Lewis Carroll's sequel to Alice's Adventures in Wonderland It was first published in the UK in 1871

The Female Body in the Looking-Glass Basia Sliwinska, 2016-06-29 In his theory of the mirror stage the psychoanalyst and psychiatrist Jacques Lacan argued that the female body is defined by its lack of male attributes Within this framework he described female sexuality primarily as an absence and assumed female subordination to the male gaze However what happens if one follows Jean Baudrillard's advice to swallow the mirror and go through the looking glass to explore the reflections and realities that we encounter in the cultural mirror which reflects the culture in question its norms ideals and values What if the beautiful is inverted and becomes ugly and the ugly is considered beautiful or shape shifts into something conventionally thought of as beautiful These are the fundamental questions that Basia Sliwinska poses in this important new enquiry into gender identity and the politics of vision in contemporary women's art Through an innovative discussion of the mirror as a metaphor Sliwinska reveals how the post 1989 practices of woman artists from both sides of the former Iron Curtain such as Joanna Rajkowska Marina Abramovic Boryana Rossa Natalia LL and Anetta Mona Chisa and Lucia Tkacova go beyond gender binaries and instead embrace otherness and difference by playing with visual tropes of femininity Their provocative works offer alternative representations of the female body to those seen in the cultural mirror Their art challenges and deconstructs patriarchal representations of the social and cultural other associated with visual tropes of femininity such as Alice in Wonderland Venus and Medusa The Female Body in the Looking Glass makes a refreshing radical intervention into art theory and cultural studies by offering new theoretical concepts such as the mirror and genderland inspired by Alice's adventures in Wonderland as critical tools with which we can analyse and explain recent developments in women's art
