Looking At Velociraptor:

Velociraptor Cory Lee, 2014-12-15 Velociraptor fossils were first discovered in 1923 and quickly became known as one of the fiercest and feathered predators of the prehistoric age. Only about 6 feet long as an adult, these amazing animals hunted in groups and used their brains to steal eggs and find other food. Readers will love learning what these creatures looked like with the help of colorful illustrations and detailed text explains just how these dangerous dinosaurs lived millions of years ago.

Dinosaurs You Should Know KidCaps, 2013-11-01 Movies have capitalized on dinosaurs for years; they've often put the wrong idea in people's heads about what they looked like or even acted like. Dinosaurs that have been tower in height on screen are often smaller and sometimes larger than what we have been led to believe. This book paints a picture of six of the most famous dinosaurs who have roamed the Earth. In this book, you'll learn all about what made this massive giant great from what they looked like and ate to where they lived and what they did all day. The book covers the following dinosaurs: Tyrannosaurus Rex, Triceratops, Stegosaurus, Apatosaurus, Diplodocus, Velociraptor. This is an anthology of six books; each book may also be purchased individually. Just search the dinosaur's name and KidsCap. KidCaps is an imprint of BookCaps; each month we are adding more history books just for kids to our library. Stop by our website to learn more.

"Raptors on a Plane" Wayne Kyle Spitzer,2018-04-26 There were three of them their clawed hands and snouts covered in blood only one of which had the strange comb of feathers that resembled a mohawk and it was at precisely that instant that this one raised its head and apprehended her its oil slick colored crest rising and falling its white eyes blinking before it barked at the others as though issuing orders and rushed toward her at which instant she climbed to her feet and swatted open the curtain to business class and was about to sprint forward into first class when she realized there was a door directly next to her a restroom and grabbed hold of its latch which was locked She pounded upon the door with her left fist even as she brought the revolver up with her right and was about to squeeze off a shot at Mohawk s snout which had just appeared around the edge of the curtain when the door suddenly opened and someone pulled her in someone who quickly shut the hatch and locked it And then she was breathing heavily trying to slow her heartrate which had raced out of control as the raptors clawed at the door and gnashed their teeth and a man in a pilot s uniform placed his palm over her trembling gun hand and lowered the pistol slowly Then everything just broke inside her and the tears started flowing as she threw her arms around him and sobbed almost violently all the while thinking how good it was how very very good to no longer be alone
