Thomas Leiper Kane,1990 Phony! Andrea Stanfield,2010-04-06 I loved Phony How I Faked My Way Through Life because it is her true story of telling a lie in 1998 that got her hired by a Florida engineering firm s accounting department She claimed to have a bachelors degree when in truth she only had a high school diploma What followed was a very successful professional life because despite her lack of college she had smarts native intelligence As she made her way to another firm and up the corporate ladder she eventually became the manager of the two largest financial districts in a firm Still in her thirties she oversaw twenty offices and forty employees In the end she just didn t want to live with the succession of lies required to justify her otherwise outstanding job performance Today she s a certified dog trainer and I suspect a lot happier
