Looking Backward Edward Bellamy, 1882-12-16 Edward Bellamy's prophetic novel about a young Boston man who is mysteriously transported from the 19th to the 21st century from a world of war and want to a world of peace and plenty The year is 2000 The place Utopian America The hero anyone who has ever longed for escape to a better life Translated into more than twenty languages and the most widely read novel of its time *Looking Backward* is more than a brilliant visionary's view of the future It is a blueprint of the perfect society a guidebook that stimulated some of the greatest thinkers of our age Today in the very era it attempted to visualize it is even more compelling than ever With an Introduction by Walter James Miller And an Afterword by Eliot Fintushel

Reverse Engineering the Universe Dr. Jerome Heath, 2016-01-01 Ground Zero Earth It appears that the standard solutions to our basic problems has deteriorated into yelling and screaming I think there is a better way I have always felt that there must be some important conflict some large out of equilibrium process that drives philosophical development In the past that important conflict was often major wars that were quite traumatic like the Civil War or World War I The driving conflict could also be glaring inconsistencies in the social cultural assumptions This driving conflict leads the social cultural realm to be out of equilibrium enough over a long enough period so it can cause major thought change For the new age I could not at first find such a traumatic conflict at least directly visible such as in a war What I have finally concluded is that the conflict of the new age is not any particular war but the fear of the war to end all wars The new age has been driven by the out of equilibrium fear of the nuclear apocalypse Thus the need for a new meta physic So they needed to go elsewhere to seek out sources of knowledge The standard sources seem to only know the old physical world at least the learned sources appeared to only want to know the old physical world which is definitely passing away in a horrible nuclear way The physical apocalypse that the new agers saw was far worse than anything in the Apocalypse of John Remember although we all knew about this problem we were not able to talk about it generally It was too horrible So it remains the subconscious assumption behind our thoughts and our own philosophical development It is obvious that this driving force would engender more interest in another reality a reality that could not be affected by the final nuclear event The social cultural realm was far from equilibrium in a hidden way and thus we were driven to seek new approaches to resolving our inner conflict The new age had

to happen and it had to question the meta physics Dr Jerome Heath Ph D *Backward Glass* David Lomax,2013-10-08 In 1977 Kenny Maxwell finds the mummified body of a baby in his family s old Victorian home Then a mysterious girl introduces Kenny to a mirror that allows him to travel in time Kenny and his new friends the mirror kids discover that Prince Harming a dangerous figure is hunting them **Dancing Backward in Paradise** Vera Jane Cook,2007-06-12 Life for Grace Place is all about sucking on meat jerkys and Lenny Bean her handsome lover However Grace s mother has loftier plans for her daughter She insists that Grace save her money and move to New York City so she can find fame and fortune as an actress Grace works as a cleaning lady for wealthy Betty Ann Houseman so she can pool her pennies for the trip north Betty Ann has a passion for men more pronounced than her overbite and it isn t long before she s parting the sheets for Lenny Bean But just before Grace leaves Hixson Tennessee for New York City she uncovers an insidious plot the Bean family is trying to steal Betty Ann s estate Without being able to help Betty Ann Grace flees to New York where she faces her darkest hours In a world of surprises Grace truly discovers paradise poetic mystery southern fiction womens fiction humorous southern writers southern books 1960s books lesbian character 1960s stories civil rights themes love stories **Managing Screen Time** Edmond Schoorel,2016-02-18 Screens and digital devices are everywhere in our modern world and it s becoming increasingly common for even very young children to regularly use tablets and smart phones Many parents struggle to know what s best for their children This book offers a comprehensive overview of the pros and cons to help parents make their own choices It explores the health effects of screen time as well as the benefits of new technology and the implications for education Much writing on this subject is one sided and dogmatic This thought provoking book is not designed to make parents feel guilty but to empower them to find their own balance *The Psychology of Left and Right* Michael C. Disenchantment □□ □□ Vol. II: *Mirror Image* (1983-1986) By Zhang Kangkang,2025-09-18 This is a book about memory and forgetting The 1980s grow increasingly distant occasionally returning with wind and snow but transformed to dust or drizzle or wavering suspended in the tainted air like a deathless specter That decade marking the end of our youth has the desolate beauty of an elegy ushering in our middle age it has the solemn and stirring quality of a processional Gravity has smashed the past into fragments that only words can laboriously piece together While knowing that it is merely a pointless addendum a futile reboot a belated tribute I have stubbornly attempted to look back and write this book Luo Yi once said History is essentially a court that is constantly in retrial One person's biased and narrow memories are trivial against the grand and stirring historical narrative written by the victors But I've always forgotten what should be remembered and remembered what should be forgotten The opus magnum of a writer who has experienced the whole period of the communist regime in China *Disenchantment* is filled with scenes and stories oozing authenticity Michel Bonnin The author deconstructs the enchantment of ideology and reveals the brutal political violence of this period through the backgrounds and stories of her characters Su Xiaokang A stellar contribution to Chinese literature and the understanding of contemporary Chinese history Michael Duke A courageous and important work which deserves to be published in the Chinese speaking world and beyond Richard King An epic of an extraordinary age of great transformations and convulsions Bernadette Y Li A Chinese version of Doctor Zhivago David Rong *Looking Backward* Edward Ballamy,2015-09-04 The First Utopian Society in Modern Literature Human history like all great movements was cyclical and returned to the point of beginning The idea of indefinite progress in a right line was a chimera of the imagination with no analogue in nature The parabola of a comet was perhaps a yet better illustration of the career of humanity Tending upward and sunward from the aphelion of barbarism the race attained the perihelion of civilization only to plunge downward once more to its nether goal in the regions of chaos Edward Bellamy *Looking Backward* Published in 1888 *Looking Backward* is the story of a young 19th century American who wakes up in the eve of the 21st century in the year 2000 Guided by Dr Leete Julian finds out all there is to know about this new utopian society marveling at the invention of credit cards and cable telephone Xist Publishing is a digital first publisher Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading no matter what form it takes
