Loves Claimant:

The Logic of Love Andrew J. B. Cameron, 2022-12-29 Overviewing what makes the intersection between emotion and ethics so confusing this book surveys an older wisdom in how to manage it using a range of Christian theologians and sources More important even than managing we begin to see a vision for a better set of affections to grow within and among us In this vision emerges a practical and nuanced account of what the Christian tradition sometime summarises as love How may we recover a deep affection for what matters both within ourselves and together in groups This book also dialogues with a new movement in moral psychology social intuitionism Cameron argues that researchers in this discipline have interests and conclusions that sometimes overlap with Christian sources even where their respective lenses differ In this way the book overviews recent trends in moral psychology against a recent historical and contemporary cultural backdrop whilst assaying major sources in Christian theology that offer guidance on moral psychology

Here is a study of the essential Henry James a study that delineates the development of his imagination not in a strictly chronological way but by isolating patterns that can be applied to his work as a whole Manfred Mackenzie analyzes James s social imagination examining the kind of society and social structure he tended to portray and the motivations of his characters The experience of exposure the author argues is met with everywhere in

James identity and honor sought won or lost Secrecy or the use of secrecy in conspiracy is a reaction to exposure and cabal and conspiracy are consistently an element in the protagonists quests As James matured however he seemed to realize that identity and honor are ambiguous and ultimately dehumanizing a different set of values was needed Mackenzie argues that a final plane of experience steadily emerges in James s work that of love as manifested in the capacity to sacrifice identity and honor

Love and Liberty: A Thrilling Narrative of the French Revolution of 1792 Alexandre Dumas, Of all the remarkably interesting events connected with the French Revolution perhaps the one most worthy of notice is the flight of Louis XVI and his capture at Varennes At the time when I determined to take the trip of which I will give you some details and which put me in possession of the memoirs I am about to publish that is to say about the 19th of June 1856 I had read almost all that had been written concerning the above mentioned flight I wish to start from Ch lons because from the fact of the King being recognized there came the train of events which ended at Varennes on the evening of his arrest The capture of Louis at Varennes was the culminating point of royalty For although it took seven hundred and four years to arrive at Varennes it took but nineteen months to descend from Varennes to the Place de la Revolution It is not because the heads of three persons who were in the carriage that took royalty to the precipice fell on the scaffold that we mark out the event as the greatest in the French Revolution and indeed in the whole history of France No It is because the arrest of the King in the little town of Varennes unknown on the 22nd of June and on the morrow fatally immortalized was the source of the political convulsions which have since occurred My resolution to go to Varennes once taken I started from Paris on the 19th of June 1856 and on the 20th of the same month at one o clock next morning I arrived at Ch lons I was as you know in search of details actually seen by eye witnesses I soon discovered two old men who could give me the necessary information One was a Monsieur Ricaise at Ch lons one of the postilions who drove the King the other Monsieur Mathieu notary at St Menehould who had seen the horses changed at the moment that Drouet recognized the King But it was especially necessary to discover some one at Varennes who remembered some incidents connected with the affair because at Varennes occurred the most dramatic part of the whole catastrophe I first asked a keeper of the records whether he knew any one who had seen the King and assisted to arrest him He mentioned Colonel R n Besson I asked him to give me his address I will do better said he I will take you to him At the very moment that we entered by the Rue de l Horloge that

place where Louis XVI was arrested which singularly enough has the shape of the axe of the guillotine my guide put his hand on my shoulder Eh said he here is the very man we want And he showed me at the corner of the Place Latry and the Rue de la Basse a fine old man warming himself in the rays of the sun and sitting in a large arm chair before his door It was Colonel R n Besson We drew near to him Imagining that we had some business with him he arranged himself more comfortably in his chair and waited an explanation Ah ah is it you Monsieur Leduc said he Yes Colonel it is I and in good company too as you may see my companion replied Colonel I call on you in right of being the son of one of your old companions in arms for you took a part in the Egyptian campaign under General Desaix Yes sir I did answered he The fact of being the son of an old companion in arms I continued and of bearing the name of the conqueror of Murad Bey induced me to take the liberty of calling on you and asking for information on certain points To commence Were you at the battle of Valmy I was with my regiment six days before on the 2nd of September and I just missed leaving my bones at La Force in trying to rescue a woman a princess I should say
