Ludwig Mies Van Der Rohe An Annotated Bibliography And Chronology

John R. Shook

Ludwig Mies Van Der Rohe An Annotated Bibliography And Chronology:

Ludwig Mies Van Der Rohe David A. Spaeth, George Edson, 1979 *Mies van der Rohe* Franz Schulze, Edward Windhorst, 2020-03-04 An excellent new edition of the definitive biography of the architectural genius with more than a hundred photos Booklist starred review Upon publication this book was praised by the Chicago Tribune and the most comprehensive book ever written about the master designer and by any measure the best while the Christian Science Monitor noted that Schulze has both the gift of an architectural historian able to render Mies's building innovations and that of a biographer able to paint the humanity and shortcomings of the man Newsweek called it a revelation Now this biography of the iconic modernist architect and designer has been extensively updated providing an even more enlightening and intimate portrait of a man who helped to create the twentieth century world This excellent revised edition has 138 illustrations incisive descriptions of Mies innovative creations and a fascinating account of his Pyrrhic victory in a lawsuit against his disaffected client Edith Farnsworth Booklist starred review This authoritative biography of Mies van der Rohe has been updated through building records the recollections of students and a court transcript It's a gripping read Christopher Woodward Building Design **Ludwig Mies van der Rohe** Jean-Louis Cohen, 2018-07-23 Ludwig Mies van der Rohe was one of the leading figures of twentieth century architecture For architects and many others who are committed to the modernist tradition he is a pivotal figure With in depth scholarly essays and opulent photographs and plans this book traces the multifaceted development of his work including his first Berlin buildings his villa projects his work at the Bauhaus in the 1930s and his American projects of the postwar years Jean Louis Cohen was the director of the Institut français d'architecture until 2003 and is currently a professor at New York University He has an established reputation as a leading international historian of architecture His broad and encompassing perspective makes this book a reliable and comprehensive introduction to the work of Mies van der Rohe Ludwig Mies van der Rohe geht zu den f hrenden Pers nlichkeiten in der Architektur des 20 Jahrhunderts und ist f r Architekten und viele andere die sich der Tradition der Moderne verpflichtet haben eine Schl sselfigur Mit wissenschaftlich fundierten Texten und opulentem Plan und Fotomaterial zeichnet das Buch die facettenreiche Entwicklung seines Werkes nach Die ersten Berliner Bauten seine Villenprojekte und T tigkeit am Bauhaus in den dreier Jahren sowie die amerikanischen Projekte der Nachkriegszeit Jean Louis Cohen bis 2003 Direktor des Institut fran ais d'architecture und zur Zeit Professor an der New York University hat einen etablierten Ruf als international f hrender Architekturhistoriker Seine umfassende Perspektive macht das Buch zu einer verl sslichen Einf hrung in das Werk Mies van der Rohes **Ludwig Karl Hilberseimer, an Annotated Bibliography and Chronology** David A. Spaeth, 1981 **The Barcelona Pavilion by Mies van der Rohe** Dietrich Neumann, 2020-12-07 While Mies van der Rohe's pavilion at the International Exposition in Barcelona in 1929 went unnoticed by most of the visitors to the fairgrounds contemporary critics enthusiastically hailed it as the most convincing statement of the Modern Age This book presents 100 selected texts about

this much discussed building written then and now from the opening speech by the Spanish king to newspaper articles and private letters voices of contemporary architects architecture critics and historians and even a text by artist Ai Weiwei who created an installation in the outdoor area of the pavilion in 2010 Thus the history of this building s reception depicts a dazzling picture and inconceivable breadth including statements by such eminent authors as Frank Lloyd Wright Leonardo Benevolo Rem Koolhaas Peter Eisenman Art Books Wolfgang M. Freitag,1997 Expanded to twice as many entries as the 1985 edition and updated with new publications new editions of previous entries titles missed the first time around more of the artists own writings and monographs that deal with significant aspects or portions of an artist s work though not all of it The listing is alphabetical by artist and the index by author The works cited include analytical and critical biographical and enumerative their formats range from books and catalogues raisonnées to exhibition and auction sale catalogues A selection of biographical dictionaries containing information on artists is arranged by country Annotation copyrighted by Book News Inc Portland OR

Annotated Bibliography of Chicago History Frank Jewell,1979 *Building Desire* George Dodds,2005-08-08 An in depth look at the unique Barcelona Pavilion its many and complex identities through history and its enduring appeal

American Architects and the Mechanics of Fame Roxanne Kuter Williamson,2014-03-07 Why does one talented individual win lasting recognition in a particular field while another equally talented person does not While there are many possible reasons one obvious answer is that something more than talent is requisite to produce fame The something more in the field of architecture asserts Roxanne Williamson is the association with a famous architect at the moment he or she first receives major publicity or designs the building for which he or she will eventually be celebrated In this study of more than six hundred American architects who have achieved a place in architectural histories Williamson finds that only a small minority do not fit the right person right time pattern She traces the apprenticeship connection in case studies of Louis Sullivan Frank Lloyd Wright Henry Hobson Richardson the firm of McKim Mead White Latrobe and his descendants the Bulfinch and Renwick Lines the European immigrant masters and Louis Kahn Although she acknowledges and discusses the importance of family connections the right schools self promotion scholarships design competition awards and promotion by important journals Williamson maintains that the apprenticeship connection is the single most important predictor of architectural fame She offers the intriguing hypothesis that what is transferred in the relationship is not a particular style or approach but rather the courage and self confidence to be true to one s own vision Perhaps she says this is the case in all the arts *American Architects and the Mechanics of Fame* is sure to provoke thought and comment in architecture and other creative fields

Mies van der Rohe - The Built Work Carsten Krohn,2014-06-17 This essential and comprehensive Mies monograph focuses in its analysis on Mies design intentions it reconstructs the buildings in their original state examines them from the present day perspective and rediscovers the inspiring architecture of a great modern master The book presents eighty of Mies works in chronological order Approximately thirty of these works are analyzed in

detail in three parts In the first part the construction is documented in its built state for this all the ground plans were redrawn by the author The second part outlines the changes to the buildings and the third part develops the results of this investigation with regard to their relevance to the contemporary view of Mies work **Mies Van Der Rohe** Wolf

Tegethoff,1985 This detailed and carefully reasoned study of the domestic architecture of Mies van der Rohe is a landmark contribution to contemporary understanding of the great architect s work It is devoted to a close analysis of Mies residential architecture built and unbuilt from 1923 to 1951 Many of its conclusions are pertinent to the whole of Mies output The book presents penetrating discussions of both the Concrete and the Brick Country House projects two of the famous Five Projects of the 1920s which made Mies early reputation and among others the Lange and Esters Houses of 1927 1930 the Barcelona Pavilion and Tugendhat House of 1928 1930 and in America plans for a house in Wyoming for the Stanley Resors and the Farnsworth House of 1946 1951 The analysis and the illustrations demonstrate a continuous development toward realization of the goal Mies himself described To bring Nature houses and people into a higher unity The original German language edition accompanied an exhibition organized by the Kaiser Wilhelm Museum Krefeld in conjunction with the Mies van der Rohe Archive of the Museum of Modern Art New York on the occasion of the public opening of the restored Lange and Esters Houses now owned by the Kaiser Wilhelm Museum All of the works exhibited are reproduced in this volume Dr Tegethoff s text based on extensive research in the Mies Archive and other sources brings to light much new information on the origins of Mies s ideas his working methods and relationships with clients as well as the actual planning and structure of the houses Wolf Tegethoff is a member of the faculty of the Kunsthistorische Institut of the University of Kiel Germany The Rise of

the Joyful Economy Michael Hutter,2015-03-24 This book argues for the increasing importance of the arts as a major resource in fuelling growth through the experiential dimension of today s economy As we move from the knowledge economy to a new stage called the joyful economy consumers shift their spending from physical objects and technical know how to experiences of joy and disappointment This book investigates how artistic ideas are translated into successful commercial production and how economic growth impacts artistic invention It examines cases of successful innovation in the creative industries ranging from the Italian Renaissance to the present The book suggests a framework where social players move in diverse worlds of value which leads to a stream of controversies and manias that result in the establishment of new joy products Studies include the effect of linear perspective as pioneered by Filippo Brunelleschi the discovery of taste as an argument for consumption the serial production of Pop Art and the self commercialization of contemporary works by artists like Takashi Murakami This theoretical and empirical study brings together the fields of cultural economics economic sociology management studies and cultural history In doing so it offers a fascinating study of how creativity has shaped and fuelled commerce *Mies Van Der Rohe* David A. Spaeth,1985 Mies Van Der Rohe Jean-Louis Cohen,2011 Ludwig Mies van der Rohe was one of the leading figures of twentieth century architecture For architects and many others who are

committed to the modernist tradition he is a pivotal figure With in depth scholarly essays and opulent photographs and plans this book traces the multifaceted development of his work including his first Berlin buildings his villa projects his work at the Bauhaus in the 1930s and his American projects of the postwar years Jean Louis Cohen was the director of the Institut fran ais d architecture until 2003 and is currently a professor at New York University He has an established reputation as a leading international historian of architecture His broad and encompassing perspective makes this book a reliable and comprehensive introduction to the work of Mies van der Rohe Ludwig Mies van der Rohe geh rte zu den f hrenden Pers nlichkeiten in der Architektur des 20 Jahrhunderts und ist f r Architekten und viele andere die sich der Tradition der Moderne verpflichtet haben eine Schl sselfigur Mit wissenschaftlich fundierten Texten und opulentem Plan und Fotomaterial zeichnet das Buch die facettenreiche Entwicklung seines Werkes nach Die ersten Berliner Bauten seine Villenprojekte und T tigkeit am Bauhaus in den drei iger Jahren sowie die amerikanischen Projekte der Nachkriegszeit Jean Louis Cohen bis 2003 Direktor des Institut fran ais d architecture und zur Zeit Professor an der New York University hat einen etablierten Ruf als international f hrender Architekturhistoriker Seine umfassende Perspektive macht das Buch zu einer verl sslichen Einf hrung in das Werk Mies van der Rohes Dictionary Of Modern American Philosophers John R. Shook,2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought The Grove Encyclopedia of American Art Joan M. Marter,2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries **History of Architectural Theory** Hanno-Walter Kruft,1994 As the first comprehensive encyclopedic survey of Western architectural theory from Vitruvius to the present this book is an essential resource for architects students teachers historians and theorists Using only original sources Kruft has undertaken the monumental task of researching organizing and analyzing the significant statements put forth by architectural theorists over the last two thousand years The result is a text that is authoritative and complete easy to read without being reductive **National Union Catalog** ,1980 *Monographic Series* Library of Congress,1981 **Library of Congress Catalogs** Library of Congress,1981
