Ludwig Van Beethoven Life And Works

Alexander Wheelock Thayer

Ludwig Van Beethoven Life And Works:

Ludwig van Beethoven (Biography in 3 Volumes) Alexander Wheelock Thayer,2023-11-16 In his monumental biography Ludwig van Beethoven Alexander Wheelock Thayer meticulously chronicles the life and work of one of classical music's most renowned composers. Spanning three comprehensive volumes, Thayer employs a rigorous scholarly approach, intertwining detailed historical context with an analytical examination of Beethoven's compositions, influence, and the societal changes of his time. The biography is characterized by Thayer's eloquent prose and incorporation of extensive primary sources, including letters, contemporaneous accounts, and musical critiques, which unfold the complexities of Beethoven's character and creative process. Alexander Wheelock Thayer, an American musicologist and one of the earliest biographers of Beethoven, was profoundly influenced by the Romantic ideals that surrounded him. His academic background and pioneering spirit culminated in a work that not only reflects thorough research but also a deep appreciation for Beethoven's music. Thayer's dedication to capturing the essence of Beethoven's life stemmed from his own passion for the arts and music, coupled with an ambition to provide a definitive account of the composer who shaped Western music. This biography is a must-read for anyone interested in the intersection of music and biography. Thayer's incisive analysis and rich narrative will appeal to musicologists, historians, and general readers alike, offering an unparalleled glimpse into the life of a genius whose powerful legacy continues to resonate through the ages.

The Life of Ludwig van Beethoven (Vol. 1-3) Alexander Wheelock Thayer,2020-04-22 The Life of Ludwig van Beethoven is the first scholarly biography of Ludwig van Beethoven covering Beethoven's life to 1816. Thayer became aware of many discrepancies in the already existing biographies of Beethoven, so in 1849 he sailed for Europe to undertake his own researches, learning German and collecting information. Still, after many updates, Thayer's biography of Beethoven is regarded as a standard work of reference on the composer.

Beethoven, The Man And The Artist, As Revealed In His Own Words Ludwig Van Beethoven,2023-04 Ludwig van Beethoven's letters, diaries, and other writings are collected in a book called Beethoven: The Man and the Artist as Revealed in His Own Words. The book briefly looks at this famous composer's thoughts and experiences. He talks about everything from the music that inspires him to his health problems and personal relationships. The book is set up in the order of Beethoven's life, with each section focusing on a different time. It starts with his time as a student in Bonn and goes on through his career in Vienna, where he wrote some of his most famous pieces, even though he was getting harder and harder to understand. In the book, Beethoven talks about making music, how he deals with money and personal problems, and how he gets along with his family, friends, and other artists. Overall, Beethoven: The Man and the Artist as Revealed in His Own Words is a fascinating and informative book for anyone interested in the life and work of this famous composer.

Ludwig van Beethoven (Biography in 3 Volumes) Alexander Wheelock Thayer,2023-12-17 In his monumental biography Ludwig van Beethoven, Alexander Wheelock Thayer offers an intricate portrait of the composer, meticulously assembling over a thousand pages

spread across three volumes Combining extensive archival research with a narrative style that balances scholarly rigor and engaging storytelling Thayer contextualizes Beethoven s life against the backdrop of the late 18th and early 19th centuries an era ripe with revolutionary ideas in music and society The biography delves deeply into Beethoven s artistic development personal struggles and enduring legacy while showcasing Thayer s profound appreciation for both the composer s genius and the cultural shifts occurring around him Alexander Wheelock Thayer an American musicologist born in 1817 was notably influenced by both the Romantic ideals of his time and the burgeoning field of music scholarship His dedication to uncovering the truth behind Beethoven s life was fueled by a fascination with how the composer s works reflected the tumult and triumph of human experience Thayer s meticulous attention to detail and insistence on accuracy stem from his belief that such a significant figure in music history deserved nothing less than a comprehensive and honest portrayal This biography is essential reading for anyone interested in the intersection of music history and biography Thayer s insights and the wealth of information presented provide not only a thorough understanding of Beethoven as an artist but also a glimpse into the personal challenges he faced For students musicians and general readers alike Ludwig van Beethoven is a definitive work that shines a light on the complexities of one of the world s greatest composers

Beethoven,2017-11-23 This little book came into existence as if it were by chance The author had devoted himself for a long time to the study of Beethoven and carefully scrutinized all manner of books publications manuscripts etc in order to derive the greatest possible information about the hero He can say confidently that he conned every existing publication of value His notes made during his readings grew voluminous and also his amazement at the wealth of Beethoven s observations comparatively unknown to his admirers because hidden away like concealed violets in books which have been long out of print and for whose reproduction there is no urgent call These observations are of the utmost importance for the understanding of Beethoven in whom man and artist are inseparably united Within the pages of this little book are included all of them which seemed to possess value either as expressions of universal truths or as evidence of the character of Beethoven or his compositions Beethoven is brought more directly before our knowledge by these his own words than by the diffuse books which have been written about him For this reason the compiler has added only the necessary explanatory notes and on the advice of professional friends the remarks introductory to the various subdivisions of the book He dispensed with a biographical introduction there are plenty of succinct biographies which set forth the circumstances of the master s life easily to be had Those who wish to penetrate farther into the subject would do well to read the great work by Thayer the foundation of all Beethoven biography in the new revision now making by Deiters or the critical biography by Marx as revised by Behncke In sifting the material it was found that it fell naturally into thirteen subdivisions In arranging the succession of utterances care was had to group related subjects By this means unnecessary interruptions in the train of thought were avoided and interesting comparisons made possible To this end it was important that time place and circumstances of every word should be conscientiously set down Ludwig Van Beethoven Charles River Charles River Editors,2018-01-11

Analyzes the themes and progression of Beethoven s most famous works comparing and contrasting them to each other and other composers great works Includes pictures of important people and places in Beethoven s life Includes a bibliography for further reading Includes a list of Beethoven s works Don t only practise your art but force your way into its secrets art deserves that for it and knowledge can raise man to the Divine Beethoven Among all of history s greatest musicians few have been as admired or influential as Ludwig van Beethoven whose name remains synonymous with composing Works like his Fifth and Ninth symphonies remain instantly recognizable over 200 years after they were composed and their sweeping and

grandiose nature are made all the more amazing by the fact that their author was gradually going deaf and couldn't hear music very well by the time he was composing them. Similarly the Moonlight Sonata and Für Elise are renowned across the world and are some of the most famous piano pieces of all time. At the same time Beethoven's work ushered in a new era in art helping the transition from the Classical era to the Romantic era. In the 180 years since his death Beethoven has been enshrined by modern society as one of the most esteemed classical composers in the history of civilization but he had a profound and immediate influence on the German musical lineage that would pass through Robert Schumann, Richard Wagner, Gustav Mahler and Richard Strauss all the way to composers of the 20th and early 21st centuries. At a time when music was very much viewed as science Beethoven was a giant in the field and as such he was viewed as a genius. As Beethoven himself once put it: Music is the one incorporeal entrance into the higher world of knowledge which comprehends mankind but which mankind cannot comprehend. In terms of assessing the essence of Beethoven's era, character or musical output, no unqualified categorization is possible for he straddled a titanic shifting of social ideologies, performance and compositional practices, intra-continental upheavals and an emergence of the championed self in all forms of civic and artistic expressions. The ideals of the Enlightenment, an intellectual tide that swept throughout the late 18th century and opened the door to a new individualism, did not remain static through his lifetime. Beethoven was shaped by the internal and societal bent for revolutionary thought and he was eager to play his part as a public figure in reflecting and furthering its development. Indeed, by the late Classical age which largely deemed music a science, it came to be admitted in even academic circles that music is the inarticulate outpouring of emotion. Such a changing state of music's relationship to society allowed what some have called Beethoven's Promethean personality to prosper in his creative work.

Ludwig van Beethoven: The Life and Music of the Great Composer comprehensively analyzes the themes and revolutionary advancements of Beethoven's music, looking at his most famous works and comparing and contrasting them. Along with pictures of important people, places and events, you will learn about Beethoven and his music like never before in no time at all.

The Life of Ludwig van Beethoven, 1921. This authoritative biography of Ludwig van Beethoven (1770-1827) was a landmark in its meticulous research and use of source material. For the American author Alexander Wheelock Thayer (1817-1897) it represented a lifelong labour of love, yet it remained unfinished at his death. His friend Hermann Deiters (1833-1907) edited and translated Thayer's work into German, publishing three volumes which covered Beethoven's life to 1816. Since Deiters also died before the biography could be completed, musicologist Hugo Riemann (1849-1919) was called upon to conclude the work. The final German volumes appeared in 1907 and 1908. It was the American critic Henry Edward Krehbiel (1854-1923) who prepared the present work, the first and considerably revised English version published in three volumes in 1921. Volume 1 covers Beethoven's career through to 1802, the year of the Heiligenstadt Testament.

Ludwig van Beethoven Susan Zannos, 2019-12-05 During Beethoven's darkest times when he stumbled about the streets of Vienna like a ragged madman people thought his career was over Many of his friends and patrons had died He no longer seemed to be producing music except for a few trivial pieces But appearances were wrong He was creating what is generally regarded as his greatest single work Known as the Ninth Symphony it is much more difficult and massive than any of the preceding eight But Beethoven was aware that the people of Vienna thought he was crazy He was afraid his symphony would be rejected Making things even worse there had only been time for two rehearsals By this time he was totally deaf and could not hear how well the musicians performed On May 7 1824 Beethoven conducted the Ninth Symphony for its premiere performance in Vienna When the last notes of the magnificent final movement came to an end Beethoven stood on the stage with his back to the audience One of the singers gently turned him around so that he could see the audience The applause was thunderous Everyone was standing and cheering Nearly 180 years later Beethoven's works are still enjoyed by music lovers all over the world On January 12 2003 the Ninth Symphony was added to the Memory of the World register so that the compositions of Vienna's mad genius will live on forever **Ludwig Van Beethoven** Franz Hoffmann, George P.
