Ruderman, 1988 In describing the career of Abraham Yagel a Jewish physician kabbalist and naturalist who lived in northern Italy from 1553 to about 1623 David Ruderman observes the remarkable interplay between early modern scientific thought and religious and occult traditions from a wholly new perspective that of Jewish intellectual life Whether he was writing about astronomical discoveries demons marvelous creatures and prodigies of nature the uses of magic or reincarnation Yagel made a consistent effort to integrate empirical study of nature with kabbalistic and rabbinic learning Yagel s several interests were united in his belief in the interconnectedness of all thing a belief shared by many Renaissance thinkers that turns natural phenomena into signatures of the divine unity of all things Ruderman argues that Yagel and his coreligionists were predisposed to this prevalent view because of occult strains in traditional Jewish thought He also suggests that underlying Yagel s passion for integrating and correlating all knowledge was a powerful psychological need to gain cultural respect and acceptance for himself and for his entire community especially in a period of increased anti Semitic agitation in Italy Yagel proposed a bold new agenda for Jewish culture that underscored the religious value of the study of nature reformulated kabbalist traditions in the language of scientific discourse so as to promote them as the highest form of human knowledge and advocated the legitimate role of the magical arts as the ultimate expression of human creativity in Judaism This portrait of Yagel and his intellectual world will well serve all students of late Renaissance and early modern Europe *Magical Qabalah for Beginners* Frater Barrabbas, 2013-01-08 Discover the history and theory of Qabalah as well as its practical ritual uses Explore the five basic but essential parts of Qabalah the ten Sephiroth the twenty two paths the Four Worlds the Three Negative Veils and the Tree of Life The Qabalah is the symbolic key to the Western Mystery tradition Gain invaluable insights into all occult systems including high magic Tarot astrology alchemy hermetics and more In *Magical Qabalah for Beginners* Frater Barrabbas shows ritual magicians Pagans and occult students how to incorporate the Qabalah into practice using tables of

The Sacred Magic of the Qabalah Manly P. Hall,2013-10 This is a new release of the original 1923 edition *Kabbalah and Sex Magic* Marla Segol,2021-09-08 In this provocative book Marla Segol explores the development of the kabbalistic cosmology underlying Western sex magic Drawing extensively on Jewish myth and ritual Segol tells the powerful story of the relationship between the divine and the human body in late antique Jewish esotericism in medieval kabbalah and in New Age ritual practice Kabbalah and Sex Magic traces the evolution of a Hebrew microcosm that models the powerful interaction of human and divine bodies at the heart of both kabbalah and some forms of Western sex magic Focusing on Jewish esoteric and medical sources from the fifth to the twelfth century from Byzantium Persia Iberia and southern France Segol argues that in its fully developed medieval form kabbalah operated by ritualizing a mythos of

divine creation by means of sexual reproduction She situates in cultural and historical context the emergence of Jewish cosmological models for conceptualizing both human and divine bodies and the interactions between them arguing that all these sources position the body and its senses as the locus of culture and the means of reproducing it Segol explores the rituals acting on these models attending especially to their inherent erotic power and ties these to contemporary Western sex magic showing that such rituals have a continuing life Asking questions about its cosmology myths and rituals Segol poses even larger questions about the history of kabbalah the changing conceptions of the human relation to the divine and even the nature of religious innovation itself This groundbreaking book will appeal to students and scholars of Jewish studies religion sexuality and magic
