Magic Escapes:

The Magic Escapes (The Secrets of Droon: Special Edition #1) Tony Abbott, 2015-12-29 A hidden door A magical staircase Discover the world of Droon Magic is on the move into the real world As Eric and his friends venture beyond the jeweled door and down the dark stairway they enter a whole new chapter in their Droon adventures They enter the Upper World our world In this exciting special edition for the first time ever the magical world of Droon is expanding into the real world Wizards goblins and all kinds of magical mischief are in store and this time it s not just a wonder of Droon It s a reality **Rhetorics** John S. Nelson, George Robert Boynton, 1997 The aim of this book is to teach us how to better understand political ads telespots by attuning ourselves to their video rhetoric their themes and stories atmosphere and characterization feelings and images and their use of popular genres from film to fiction from MTV to game shows Video Rhetorics is both a call for and an example of a new kind of political analysis Supplemented with Hot Spots Multimedia Analyses of Political Ads a sixty minute video of multimedia advertising studies the book presents lucid analyses of particular campaign ads to illustrate how music text metaphor genre image color delivery tempo and location all combine to orchestrate political meaning The authors also show readers how to comprehend dynamics of contemporary political life that remain mysterious within traditional accounts of how citizens learn about politics In the authors view electronic politics is here to stay like it or not and we cannot afford simply to dismiss or condemn political ads The Boy Magician ,1909 **Dominus Mundi** Pier Giuseppe Monateri, 2018-09-06 This monograph makes a seminal contribution to existing literature on the importance of Roman law in the development of political thought in Europe In particular it examines the expression dominus mundi following it through the texts of the medieval jurists the Glossators and Post Glossators up to the political thought of Hobbes Understanding the concept of dominus mundi sheds light on how medieval jurists understood ownership of individual things it is more complex than it might seem and this book investigates these complexities The book also offers important new insights into Thomas Hobbes especially with regard to the end of dominus mundi and the replacement by Leviathan Finally the book has important relevance for contemporary political theory With fading of political diversity Monateri argues that the actual setting of globalisation represents the reappearance of the Ghost of the Dominus Mundi a political refoul repressed a reappearance of its sublime nature and a struggle to restore its universal legitimacy and take its place In making this argument the book adds an important original vision to current debates in legal and political philosophy Signs and Cities Madhu Dubey, 2007-11-01 Signs and Cities is the first book to consider what it means to speak of a postmodern moment in African American literature Dubey argues that for African American studies postmodernity best names a period beginning in the early 1970s marked by acute disenchantment with the promises of urban modernity and of print literacy Dubey shows how black novelists from the last three decades have reconsidered the modern urban legacy and thus articulated a distinctly African American strain of postmodernism She argues that novelists such as Octavia Butler Samuel Delany Toni Morrison

Gloria Naylor Ishmael Reed Sapphire and John Edgar Wideman probe the disillusionment of urban modernity through repeated recourse to tropes of the book and scenes of reading and writing Ultimately she demonstrates that these writers view the book with profound ambivalence construing it as an urban medium that cannot recapture the face to face communities assumed by oral and folk forms of expression The Storm Within Brandon Eger, 2021-07-22 If you had the power to do practically anything would it be enough to outrun your destiny Shar is just a regular twenty five year old guy still trying to figure out life With an unreturned crush on a childhood friend a simple banking job and a set in stone daily routine his life is simple and predictable that is until a car crash and a lightning strike lead him to discover that our world is not the only one out there that there are other races besides just humans and that magic is very real sometimes with horrifying consequences With the discovery that the lightning has awakened something equally beautiful and deadly within him he finds himself at Brenerra an academy built to teach mages of all ages how to control their magic without destroying themselves What the mages choose to do after their training though whether they decide to use it impartially or for good or evil is entirely up to them As dark plots unfold and hidden enemies make their move Shar quickly discovers that nothing is as it seems that even his own powers and memories cannot be trusted Hugard's Magic Monthly, 1957 Voyagers of the Silver Sand (The Secrets of Droon: Special Edition #3) Tony Abbott, 2015-12-29 A hidden door A magical staircase Discover the world of Droon Trapped The Rainbow Stairs have disappeared and Eric Neal and Julie are stranded in Droon with no way home Even worse Young Sparr and Gethwing have escaped to the Upper World Eric and his friends have just 24 hours to restore the stairs but how The answers are at the end of a long enchanted caravan that leads the kids all through Droon s past and present On the way they learn that only the magical Five Wizards of Eshku can bring the Rainbow Stairs back But can the kids find all five wizards in time Or will they be trapped in Droon forever In the Ice Caves of Krog (The Secrets of Droon #20) Tony Abbott, 2015-11-24 A hidden door A magical staircase Discover the world of Droon Forget Frosty there's a new snowman tromping through Droon An ancient snow beast named Murn has woken up from a deep sleep and he is NOT a morning person In fact Murn is destroying villages all over Droon Eric and his friends must journey up north to the mysterious ice caves to stop the beast Finding the cave entrance is tricky but that s nothing compared to what they find deep inside Surprise The ice beast is not at all what they expected *In the Shadow of Goll (The Secrets of Droon #28)* Tony Abbott, 2016-03-29 A hidden door A magical staircase Discover the world of Droon It s a dangerous time in Droon A mysterious ancient sorcerer has arrived waking the infamous Warriors of the Skorth and wreaking havoc He seems to be an expert in the most evil long ago magic and leads Eric and his friends on a treacherous journey to the Dark Lands But what awaits them there And what is the mysterious sorcerer really after Eric hopes that it s not too late to find out and stop him Treasure of the Orkins (The Secrets of Droon #32) Tony Abbott, 2016-03-29 A hidden door A magical staircase Discover the world of Droon The home of Khan king of the Lumpies has been ransacked A treacherous band of thieves the Rat faced
