Magic Lantern D. Jones, 2014-02-19 This fascinating study explores the multifarious erotic themes associated with the magic lantern shows which proved the dominant visual medium of the West for 350 years and analyses how the shows influenced the portrayals of sexuality in major works of Gothic fiction The magic lantern, how to buy and how to use it, by 'a mere phantom'. Also, How to raise a ghost Magic lantern, 1866 **The Magic Lantern at Work** Martyn Jolly, Elisa deCourcy, 2020-01-20 For centuries various new media technologies have provided individuals with a set of powerful tools to affect their audiences Among these the magic lantern show was perhaps the most pervasive and persuasive Around the world audiences gathered together in darkened rooms to see a sequence of projected images transition one into another as they listened to personal stories or scripted narrations Through the power of the magic lantern audiences for the first time became the direct witnesses to distant often traumatic political events they visually learned new scientific and medical knowledge virtually experienced distant places and collectively experienced strange often uncanny phenomena Although relatively neglected until recently the apparatus of the magic lantern is now receiving the attention it deserves from historians curators and artists Through a set of case studies focusing on the use of the magic lantern by very different but equally fascinating individuals a team of international scholars analyses the emerging power of the lantern show in the nineteenth and twentieth centuries within politics religion travel science health marketing and entertainment The magic lantern's connections to today's multimedia environments are explored through the intertwined themes of connecting experiencing witnessing and persuading **Catalogue [of Philosophical Apparatus and Mathematical Instruments]**. Mc Allister & Brother, 1855 *Developments in the Japanese Documentary Mode* Marcos Centeno, Michael Raine, 2021-06-10 Writing on Japanese cinema has prioritized aesthetic and cultural difference and obscured Japan's contribution to the representation of real life in cinema and related forms Donald Richie who was instrumental in introducing Japanese cinema to the West even claimed that Japan did not have a true documentary tradition due to the apparent preference of Japanese audiences for stylisation over realism a preference that originated from its theatrical tradition However a closer look at the history of Japanese documentary and feature film production reveals an emphasis on actuality and everyday life as a major part of Japanese film culture That documentary mode crossing genre and medium like Peter Brooks melodramatic mode rather than limited to styles of documentary filmmaking alone identifies rhetoric of authenticity in cinema and related media even as that rhetoric was sometimes put in service to political and economic ends The articles in this Special Issue *Developments in the Japanese Documentary Mode* trace important changes in documentary film schools

and movements from the 1930s onwards sometimes in relation to other media and the efforts of some post war filmmakers to adapt the styles and ethical commitments that underpin documentary's impression of authenticity to their representation of fictional worlds
