Rush, 2003-01-01 Pat Rush has spent literally years compiling originating and writing this much needed work which quite justly makes a wonderful sequel to the original first book on Merrythought Limited The Magic of Merrythought ISBN 0875882749 written by John Axe in 1976 1970s The 1980s A New Direction Cheeky Little Bear The 1990s Onwards The Toy Catalogues Bears for Collectors Specials UK Specials International The Merrythought International Collectors Club Labels Index **The British Toy Business** Kenneth D. Brown, 1996-01-01 At its height British toymaking was a significant industry with famous names such as Britains and Meccano known throughout the world While in essence a specialised form of small scale engineering its products and market have always been unique reflecting the current priorities of both parents and children Yet while individual toys and marques have been catalogued extensively no previous history of toymaking as a whole exists The British Toy Business provides a fascinating example of the development of a specific industry Many early

early toys were home made From the eighteenth century with its growing recognition of children as something other than small adults date the beginnings of specialised toys usually produced by small workshops and sold by street sellers The nineteenth century with its industrial growth and middle class prosperity saw an expansion of toymaking The 1960s and 1970s were the most successful years of British toymaking with companies like Lesney making record profits Yet British toy makers failed to solve a number of fundamental problems Following an unexpected sudden downturn in sales at a time of high interest rates the major names in British toy making Lesney Airfix Mettoy and Dunbee Combex Marx all collapsed between 1979 and 1985 leaving the business to be dominated largely by importers **Eyton's Herd Book of Hereford**
