Magic Monastery:

Magic Monastery Idries Shah, 2017-04-09 Many of Idries Shah's books are comprised of tales and teaching stories taken from both written and oral sources which illustrate the instructional methods employed by Eastern wise men for thousands of years. The Magic Monastery differs from its predecessors in that it contains not only traditional tales mostly unpublished but also stories specially written by Shah to complete the book as a course in non-linear thinking. As with all of his works, The Magic Monastery is rich in thought-provoking material and can be read and enjoyed at many levels. The Magic Monastery Idries Shah, 1974 The Magic Monastery: Analogical and Action Philosophy of the Middle East and Central Asia Idries Shah, 1972 *Tales of a Magic Monastery* Theopane (the Monk.), Theopane the Monk, 1981 Here the charming mature stories from the internationally beloved monk are accompanied by original art. Like the parables of Jesus, these tales repeatedly unfold new levels of meaning if we are willing to sit with them. *The Magic monastery* Idris Shah, 1984

Brenner, Wayne E. Purinton, 2019-08-29 In *Stirring Waters*, Brenner and Purinton tackle a host of questions surrounding the traditional understandings of Christian beliefs and present a variety of perspectives on the key topics of Bible, God, Yeshua, spirit, and more. They go beyond the why to asking so what. Through questions and discussion starters, *Stirring Waters* offers a fresh way of making sense of faith and church. It wrestles with the ambiguities, uncertainties, and risks of this age and discusses the possibilities the authors have discovered for making sense of life and death. It delves into a conversation about faith and understanding of those mysteries Christians often associate with God and the religious life. I can't tell you what kind of book this is: theology, spiritual autobiography, memoir, practical guide. It is all of these and none of these. Probably it is a category that has not been invented until this moment. I can tell you that this book did for me today what Marcus Borg and Dom Crosson did for me at the end of the last century. The Transformation of Suffering Thomas Keating, 2002 In this book Father Thomas Keating explores the tragedy of September 11 from the perspective of Christ consciousness and its continuing emergence in the world Even as he describes the attacks of that day as the culmination of all of the last century's growing violence and disregard for life he shows us how to recognize the resultant suffering as an expression of the agony of Christ on the cross that is extended to all humanity In the second half of the book Father Keating tells the story of the Marriage Feast at Cana in the gospel of John Here the ordinary is juxtaposed with the extraordinary for it is at this feast that Jesus performs his first miracle turning water into wine and thus revealing his divinity to the people How does the joyful story of Christ's first miracle address our suffering in the wake of September 11 Both situations demonstrate the potentialities and possibilities of Christ revealing himself within the world As Jesus divinity became apparent even in the humble setting of the marriage feast so ordinary people's lives can be transformed by the global experience of Christ's incarnation suffering and resurrection bringing us to new consciousness understanding and love
